Solo W-2 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Solo W-2 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOLO W-2 401(K) PLAN
Notes to Financial Statements
December 31, 2025

Note 1: Description of plan

The following description of the Solo W-2 401(k) Plan (the “Plan”) sponsored by Solo W-2, Inc. (the “Company” or “Plan Sponsor”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established on April 1, 1999, most recently amended on January 1, 2024, covering all eligible employees of the Company as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor is the Plan administrator and retains the services of a third-party to assist in the administration of the Plan. Through December 31, 2025, the Plan’s custodian was The Standard Insurance Company and the third-party administrator was Standard Retirement Services (collectively the “Standard”).

Eligibility: Except for excluded employees, all employees who have reached eighteen years of age are eligible to participate in the Plan. Excluded employees include leased employees, nonresident aliens, and union employees. Employees may enter the Plan on the date age requirements are met.

Participant contributions: Each year, participants may elect to contribute up to 100% of their eligible compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants may also designate a portion or all of their contributions as Roth contributions. Roth contributions are post-tax contributions of compensation, maintained in separate accounts in the Plan. Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer matching contributions: The Company makes an employer safe harbor matching contribution equal to 100% of the participant’s contribution up to 6% of the participant’s eligible compensation and an employer matching contribution equal to 1000% on the first 6% of the participant’s eligible compensation up to a maximum of \$43,500 per year. The Company made safe harbor employer matching contributions and employer matching contributions of approximately \$36,000 and \$325,000, respectively for the Plan year ended December 31, 2025.

Notes to Financial Statements
December 31, 2025

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options include a variety of pooled separate accounts and a guaranteed investment contract. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting: Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon, and in safe harbor and discretionary employer matching contributions.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or up to 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at market financing rates. Note terms range from one to five years and may not exceed five years except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably directly through participant Automated Clearing House ("ACH") payment directly to the Plan's third-party administrator, the Standard.

Payment of benefits: The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. In-service distributions of participant's vested account balance are permitted providing the participant has attained the age of 59 ½. Participants may also request financial hardship distributions, as defined by the Plan, from the participant's fully vested account balances. Upon termination, the participants may elect to leave their account balance in the Plan, or receive their total benefits in either a lump sum or partial amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participant's vested account balances of \$5,000 or less upon separation will automatically be rolled over to an individual retirement account ("IRA").

SOLO W-2 401(K) PLAN
Notes to Financial Statements
December 31, 2025

Forfeited accounts: Forfeitures are retained in the Plan and will first be used to pay administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. Forfeitures remaining in the Plan as of December 31, 2025 and 2024 were immaterial. For the year ended December 31, 2025, there were no forfeitures used to pay Plan expenses.

Administrative expenses: Substantially all administrative expenses of the Plan are paid by the Plan and certain advisor fees are paid by the Company. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition: The pooled separate accounts are stated at their fair values which are based on the quoted market prices of the underlying securities within each fund. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The custodian has concluded that the guaranteed investment contract is not fully-benefit responsive and therefore should be reported at fair value. Additionally, the custodian has determined the fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

SOLO W-2 401(K) PLAN
Notes to Financial Statements

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in pooled separate accounts and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were made available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2025 (Level 1, 2, 3 inputs are defined above):

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 8,386,191	\$ -	\$ 8,386,191

Total investments measured at fair value	\$ -	\$ 7,816,026	\$ 11,685	\$ 7,827,711

Pooled separate accounts are carried at fair value of the underlying net assets of the funds. Deposits in the guaranteed investment contract are stated at cost plus accrued interest, which represents fair value. These assets principally consist of fixed maturity securities, commercial mortgage loans and equity securities. Refer to Note 5 for valuation of investment contract.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets:

Note 4: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Standard, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Pooled separate accounts and guaranteed investment contract as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Note 5: Investment contract with insurance company

The Plan has entered into a non-benefit-responsive investment contract with Minnesota Life Insurance Company ("Minnesota Life"). Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, the guaranteed investment contract is not fully benefit-responsive, and is therefore reported at fair value. Fair value is reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Transfers, at the Plan level are restricted in any 12 month period from movements out of the guaranteed investment contract of the greater of \$2,000 or 20% of the guaranteed investment contract assets.

SOLO W-2 401(K) PLAN
Notes to Financial Statements
December 31, 2025

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was approximately 2.00% for 2025.

Note 6: Party-in-interest transactions

At December 31, 2025 and 2024, the Plan held for investments approximately \$8,395,000 and \$7,828,000 respectively, in the Standard and Minnesota Life funds. The Standard is the Plan's investment broker and has custodial responsibility for investments held in the Minnesota Life investment accounts.

Note 7: Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contribution account balances.

Under ERISA, a partial plan termination may occur if a significant percentage of the plan participants are terminated because of an action taken by the Plan sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues according to the Plan provisions.

During 2025, as a result of a reduction in the Company's workforce, the Plan experienced a partial plan termination, as defined by ERISA. All terminated employees who were participants in the Plan were fully vested in their account balances as of the date of the partial plan termination.

Note 8: Income tax status

The prototype plan adopted by the Plan Sponsor obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a separate opinion letter however the Plan administrator believes that the prototype plan, as adopted by the Plan Sponsor, is operating in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
