Independent Auditor's Report

**To the Board of Trustees
Atlanta Postal Credit Union
Cash Balance Defined Benefit Plan and Trust
Atlanta, Georgia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, the statements of accumulated plan benefits as of December 31, 2025 and 2024, and the related statements of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlanta Postal Credit Union Cash Balance Defined Benefit Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cash Balance Defined Benefit Plan and Trust

Notes To Financial Statements

NOTE 1. PLAN DESCRIPTION

The following description of the Atlanta Postal Credit Union (the "Sponsor") Cash Balance Defined Benefit Plan and Trust (the "Plan") is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory cash balance defined benefit plan sponsored by the Atlanta Postal Credit Union for the benefit of its employees who have six months of service and are age twenty or older and provides for retirement, death, and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was restated effective January 1, 2012 and became a cash balance defined benefit plan. All employees that were eligible to participate in the Plan prior to January 1, 2012 were grandfathered into the restated plan under their existing benefit formula ("Grandfathered participants"). All employees hired after January 1, 2012 will accrue benefits under the cash balance provisions ("Non-Grandfathered participants").

Plan Freeze

The Plan was amended, effective December 31, 2021, to close participation to new or rehired entrants as of December 31, 2021, and benefit accruals under the Plan are frozen for employees benefiting in the cash balance portion of the Plan.

Participants' Accounts

Under the Plan provisions for Non-Grandfathered participants, amounts are credited by the Sponsor into a participant's hypothetical account. The accounts are allocated compensation credits based upon years of service and interest credits at the end of each month. The compensation credits are allocated based on a percentage of the participant's certified compensation as defined in the Plan document in combination with the participant's years of service. A participant's compensation prior to becoming a participant will be disregarded. The applicable percentage rates by years of service are as follows:

<u>Years of Service</u>	<u>Percent of Pay</u>
1 to 10	4%
11 to 20	5%
21 or more	6%

A participant must complete at least one year of service during the Plan year to be eligible to receive the hypothetical allocation. For purposes of determining a participant's eligibility, a year of service means a plan year during which the participant completed 1,000 hours of service.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Participants' Accounts (Continued)

For Grandfathered participants, benefits accrue during the Plan year in which they complete 1,000 hours of service. Normal retirement benefits equal 1.5% of the participant's average monthly compensation times years of service with the employer for the first five years of service, plus 1.75% of the participant's average monthly compensation times years of service with the employer between five and ten years of service, plus 2% of the participant's average monthly compensation times years of service with the employer at normal retirement age in excess of ten years of service with the employer. Average monthly compensation used in the benefit formula is the average monthly compensation calculated using the consecutive 36-month period that yields the highest average compensation.

Pension Benefits

Normal retirement age, as defined by the Plan, occurs when a participant has attained the age of 62 and has participated in the Plan for at least five years. For Grandfathered participants, employees who work beyond the normal retirement age of 62 receive the greater of the accrued benefit or the actuarial equivalent of the prior year's accrued benefit.

For Non-Grandfathered participants, employees who work beyond the date which benefits commence and do not elect to receive a lump-sum benefit will have their initial amount of benefit determined as of the last day of the Plan year month before the benefit commencement date, while the hypothetical account will be reduced to zero. If continuing to perform services and earning additional credit for the participant's hypothetical account, then an additional amount of benefit will be determined as of the end of each plan year based on the additional credit to the hypothetical account. The amount of additional benefit will be determined by converting the amounts of credit to the participant's hypothetical account for the year to an additional benefit.

The Plan allows for early retirement benefits to employees who retire between the ages of 55 and 62 and have completed thirty years of vesting service. Cost-of-living adjustments are paid to Grandfathered retirees annually based on the Consumer Price Index, not to exceed 5% in any one year.

During 2025 and 2024, the cost-of-living adjustment was 3.0%. While monthly benefits were adjusted, no annuities were purchased for cost-of-living adjustments by the Plan during the years ended December 31, 2025 and 2024. The cost-of-living adjustment was factored into the actuarial calculations (See Note 2).

Vesting

For Grandfathered participants, accrued benefits are fully vested after six years of service, with 20% vested after two years of service and 20% each additional year. For Non-Grandfathered participants, accrued benefits are 0% vested until after three years of service when participants become fully vested.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Death and Disability Benefits

The spouse of a participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of the participant. The surviving spouse annuity is equal to 50% of the participant's monthly benefit. The spouse may direct that payments begin within a reasonable period of time after the participant's death. Active employees who become totally disabled receive annual disability benefits that are equal to early retirement benefits without regard to age and services.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

One hundred percent of the investments in the Plan are held in a CMFG Life Insurance Company Deposit Administration Contract (See Note 5). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Funds under the investment contracts that have been allocated and applied to purchase annuities (that is, the Trustee is obligated to pay the related pensions benefits) are excluded from the Plan's assets.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Sponsor and are not included in the statements of changes in net assets available for benefits. In addition, certain investment-related expenses are netted with investment income presented in the statements of changes in net assets available for benefits.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employee or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits under the Plan are accumulated based on employees' compensation during each year of credited service. Accumulated plan benefits are computed as of the end of the Plan year. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, including retirement, death, disability, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from the Plan assets are excluded from accumulated plan benefits.

The actuarial assumptions used include the life expectancy of participants based upon the PRI-2012 Mortality Tables, normal retirement age of 62. The 2025 and 2024 valuations included an assumed rate of return of 4.00% and a cost-of-living adjustment on benefits of 3.00%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 17, 2026, which is the date the financial statements were available to be issued. Effective December 18, 2025, the Board of Directors of the Sponsor approved changing the name of the Sponsor from Atlanta Postal Credit Union to Center Parc Credit Union. Effective March 1, 2026, the Plan's name was changed from Atlanta Postal Cash Balance Defined Benefit Plan and Trust to Center Parc Credit Union Cash Balance Defined Benefit Plan and Trust. No other significant matters were identified for disclosure during the evaluation for subsequent events.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Atlanta Postal Credit Union

Cash Balance Defined Benefit Plan and Trust

Notes To Financial Statements

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no other changes in the methodologies used at December 31, 2025 and 2024.

Deposit Administration Contract: The deposit administration contract is measured at fair value in the financial statements by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Certain unobservable inputs are assessed through review of the contract terms while others are substantiated using available market data (for example, the crediting interest rate of similar investment contracts).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Deposit administration contract	\$ -	\$ -	\$ 103,133,971	\$ 103,133,971
Total investments at fair value	\$ -	\$ -	\$ 103,133,971	\$ 103,133,971

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Deposit administration contract	\$ -	\$ -	\$ 103,752,548	\$ 103,752,548
Total investments at fair value	\$ -	\$ -	\$ 103,752,548	\$ 103,752,548

For the years ended December 31, 2025 and 2024, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2025 and 2024:

	Year Ended December 31,	
	2025	2024
Balance, beginning of year	\$ 103,752,548	\$ 107,924,154
Interest income	3,041,321	2,974,281
Sales	(3,659,898)	(7,145,887)
Balance, end of year	\$ 103,133,971	\$ 103,752,548

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the value for those inputs as of December 31, 2025:

Description	Fair Value	Valuation Techniques	Unobservable Inputs	Significant Inputs	Weighted Average
Deposit administration contract	\$ 103,133,971	Discounted cash flow	Discount rate	2.25%-2.25%	2.25%

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the value for those inputs as of December 31, 2024:

Description	Fair Value	Valuation Techniques	Unobservable Inputs	Range of Significant Inputs	Weighted Average

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2025 and 2024, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan custodian and furnished to the plan administrator. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, CMFG Life Insurance Company serves as the custodian of the Plan. The plan administrator has obtained certifications from the custodian that the following information is complete and accurate with respect to investments:

	2025	2024
Statements of net assets available for benefits:		
Deposit administration contract	\$ 103,133,971	\$ 103,752,548
Statements of changes in net assets available for benefits:		
Interest on deposit administration contract	\$ 3,041,321	\$ 2,974,281

Supplemental schedule: All investment balances and information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a deposit administration contract with the custodian, who maintains the contributions in an unallocated fund to which it adds interest at a fixed rate that is reset quarterly. The weighted-average interest rate credited during the years ended December 31, 2025 and 2024 was 2.25%. At the direction of the plan administrator, a single premium to buy an annuity for a retiring employee is withdrawn by the custodian from the unallocated fund.

Purchased annuities are contracts under which CUNA Mutual Group is obligated to pay benefits to named employees or their beneficiaries. Withdrawals (for other than Plan benefit payments) are subject to a market value adjustment.

NOTE 6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investment in the deposit administration contract is managed by CUNA Mutual Group, an entity related to the Plan's custodian, and, therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor pays directly any fees related to the Plan's operations.

NOTE 7. FUNDING POLICY

Each Plan year, the Sponsor's Board of Directors determines the amount of contributions to be made to the Plan to meet the minimum funding requirements as determined by the actuary. During 2025 and 2024, the Sponsor made no contributions. No contributions were required for 2025 and 2024 under the ERISA's minimum funding requirements.

Atlanta Postal Credit Union

Cash Balance Defined Benefit Plan and Trust

Notes To Financial Statements

NOTE 8. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated April 20, 2021, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions, and the net assets of the Plan will be allocated, as prescribed by ERISA and its regulations, generally to provide the following benefits in the order indicated: (1) to former participants who have retired under the Plan prior to its termination without reference to the order of retirement, (2) equally among retired participants and their beneficiaries to whom payment commenced at least 3 years prior to the date of termination, and to participants who could have retired and received payment of their benefits at least 3 years prior to the date of termination, (3) to participants who have reached their normal retirement date but have not retired on the date of termination without reference to the order in which they will have reached their normal retirement date, (4) other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. Government agency) up to the applicable limitations, (5) to participants who have not reached their normal retirement date on the date of termination, without reference to the order that each participant will attain normal retirement date. The benefit will be based on the accrued benefit at the time of terminations, (6) vested benefits not insured by the PBGC, (7) or all nonvested benefits.

All excess funds will revert to the Sponsor.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2025, that ceiling is approximately \$7,400 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Notes To Financial Statements

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in a deposit administration contract which guarantees a minimum rate of a return. There is no underlying portfolio of investments funding or providing value for the contract. The value of the contract represents invested principal plus any credited interest. It is secured by the general assets of CUNA Mutual Group. As it is not invested in a portfolio of underlying securities, it is not subject to market fluctuation.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
