INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
Amplify HR Management Retirement Savings Plan

Opinion

We have audited the financial statements of Amplify HR Management Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Amplify HR Management Retirement Savings Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amplify HR Management Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplify HR Management Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amplify HR Management Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplify HR Management Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules: the Schedule H, line 4a – Schedule of Delinquent Participant Contributions and the Schedule H, line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMPLIFY HR MANAGEMENT RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan

The following description of the Amplify HR Management Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Amplify HR Management (hereafter referred to as the “Company”) and the employer organizations who have adopted the Plan (see “Participating Employer” as described below), who have met the eligibility requirements established by their respective Participating Employer. The Plan was established on November 1, 2003, and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan is a “multiple employer” plan as described in Section 413(c) of the Internal Revenue Code (the “Code”). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resource services to its clients. Each client of the Company has the option of adopting this plan for the benefit of its employees. A client that adopts this plan is known as a “Participating Employer”. Each Participating Employer establishes its eligibility requirements relating to age and length of service for its employees in accordance with the provisions of the Plan and the Code.

A client that does not adopt this plan may adopt its own retirement plan. Any client adopting its own retirement plan is subject to its plan’s regulations and not those of this Plan. Therefore, their plan information is not included in these financial statements.

Contributions

Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals up to the dollar limit set by law and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan allows the Company and each participating employer to determine if its employees will be automatically enrolled upon eligibility or if eligible employees must enroll if they wish to participate in the Plan.

The Company and each participating employer may elect to make matching, safe harbor, profit sharing, or other discretionary contributions to the Plan.

Participant and Company contributions are invested as directed by the participant in investment options offered by the Plan.

AMPLIFY HR MANAGEMENT RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan (continued...)

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the plan may be allocated to participant accounts or distributed in such a manner as the Company or participating employer may determine.

Participant accounts

Participant accounts are credited with the participant's contributions, the Participating Employer's contributions, if any, and investment earnings and/or losses and charged with the participant's benefit payments and applicable transactions charges, which are considered administrative expenses. Allocations are based on participant compensation, deferrals, or the earnings and losses of the participant's account balances, as defined. Income is allocated daily based on the number of shares or units in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's or participating employer's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's or participating employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after meeting the service requirement established by the participating employer not to exceed the ERISA maximum of 6 years or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants

Participants may borrow from the vested portion of their account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balance. Loan terms are fixed up to five years, except in the case of a loan used to acquire a principal residence, in which case the loan term may exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant, or their beneficiary, may elect to receive distributions up to the value of the participant's vested interest in his or her account. In-service withdrawals may be taken after attaining age 59-1/2. Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

Forfeited accounts

In the event that funds are forfeited, those forfeitures may be used to pay plan administrative expenses and/or used to reduce the Company's or the participating employers' matching or discretionary contributions. Forfeited and suspense account balances were \$91,903 and \$74,742 as of December 31, 2025, and 2024, respectively.

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025, or 2024. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees charged directly to the participant's account are included in administrative expenses. Fund investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated events and transactions that occurred between December 31, 2025, and July 30, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. Investments

The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a participant's risk tolerance. The fair and contract value of investments as of December 31, 2025, and 2024, and all investment transactions for the year ended December 31, 2025, including interest and dividends and net appreciation in fair values are reported to the Plan by the Plan's custodian, Fidelity Investments.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued...)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner as discussed below.

Self-Directed Brokerage Accounts: The securities held within the Self-Directed Brokerage Accounts (“SDBAs”) consist of mutual funds, common/preferred stocks, and exchange-traded funds. The mutual funds are valued as described above. The shares of common stock and exchange-traded funds are valued at the closing price reported on the active market on which the individual securities are traded.

Vanguard Federal Money Market Fund. The Fund seeks to preserve the value of the investment at \$1.00 per share (or “NAV” – Net Asset Value). The Fund invests primarily in high-quality, short-term money market instruments. Under normal circumstances, at least 80% of the Fund’s assets are invested in securities issued by the U.S. government and its agencies and instrumentalities. Although these securities are high-quality, most of the securities held by the Fund are neither guaranteed by the U.S. Treasury nor supported by the full faith and credit of the U.S. government. To be considered high quality, a security must be determined by Vanguard to present minimal credit risk based in part on a consideration of maturity, portfolio diversification, portfolio liquidity, and credit quality. The Fund maintains a dollar-weighted average maturity of 60 days or less and a dollar-weighted average life of 120 days or less.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of December 31, 2025, and 2024 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2025</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	257,274,729			257,274,729
Self-Directed Brokerage Accounts	-	5,634,127		5,634,127
Total assets in the fair value hierarchy	257,274,729	5,634,127	-	262,908,856
Investments measured at net asset value*				17,234,427
Investments at fair value	257,274,729	5,634,127	-	280,143,283

<u>12/31/2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	222,201,069			222,201,069
Self-Directed Brokerage Accounts	-	3,221,270		3,221,270
Total assets in the fair value hierarchy	222,201,069	3,221,270	-	225,422,339
Investments measured at net asset value*				13,795,032
Investments at fair value	222,201,069	3,221,270	-	239,217,371

The Plan uses NAV to determine the fair value of investments which (a) do not have readily determinable fair value and (b) prepare the financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025.

<u>Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Vanguard Federal Money Market	17,234,427	N/A	Daily	N/A

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Investments Recorded at Contract Value

The Plan did not hold any investments recorded at contract value as of December 31, 2025, and 2024.

AMPLIFY HR MANAGEMENT RETIREMENT SAVINGS PLAN

Notes to Financial Statements

6. Rollover Contributions

The Plan may accept a rollover, provided the rollover will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over shall be separately accounted for in a "Participant's Rollover Account." For purposes of this Section, the term Participant shall include any Eligible Employee who is not yet a Participant.

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or collective trust funds held by Fidelity Investments, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2025, fees were paid to Slavic Integrated Administration, Inc. for their advisory and administrative services and to Slavic Mutual Fund Management Corp for its portfolio management services. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Slavic Integrated Administration, Inc. received \$1,143,081 and \$950,798 and Slavic Mutual Fund Management Corp received \$300,169 and \$260,186 for the years ended December 31, 2025, and 2024 respectively.

Certain administrative functions are performed by officers or employees of the Plan's sponsor, Amplify HR Management, which received \$286,539 during 2025 for its administrative services. No officer or employee received direct compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2025, and 2024.

11. Transfers to/from other plans

New participating employers transferring from other plans and employers terminating participation in the Plan are reflected as net transfers to other plans in the statement of changes in net assets available for benefits. An entity can become a participating employer in the Plan under certain terms and conditions as permitted by the Plan. Any participating employer may at any time elect to terminate its participation in the Plan as set forth in the Plan document. For the year ended December 31, 2025, total transfers into the Plan were \$37,174,248 and total transfers out of the Plan were \$44,981,484.
