INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Roy Jorgensen Associates, Inc. Retirement Plan

SCOPE AND NATURE OF THE ERISA SECTION 103(A)(3)(C) AUDIT

We performed audits of the accompanying financial statements of the Roy Jorgensen Associates, Inc. Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDITS OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Roy Jorgensen Associates, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Roy Jorgensen Associates, Inc. and its subsidiaries (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible employees may make deferrals into the Plan beginning the first day of the month following the month in which they became eligible.

Contributions

Each year, participants may elect to defer up to the maximum amount of pretax annual compensation as defined by the Plan, not to exceed limitations set by the Internal Revenue Code (IRC). Participants who turn 50 years old before the end of the Plan year are eligible to make catch-up contributions. The Plan has an automatic enrollment feature, whereby eligible participants are automatically enrolled with a deferral rate of 3%. The Plan has automatic deferral increases for automatically enrolled participants, whereby deferral rates automatically increase 1% annually, limited to 10% of compensation. Participants have the option to opt out of the automatic enrollment by contacting the Plan Administrator. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions and any Company contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions up to 6% of compensation and discretionary profit sharing contributions to the Plan. Contributions are subject to certain limitations. The Company made discretionary profit sharing contributions to the Plan of approximately \$1,000,000 and no matching contributions for the year ended December 31, 2025.

Participant Accounts

Each participant's account is established for each participant and provides benefits that are based on (a) the Company's profit-sharing contributions, if any, (b) investment earnings or losses, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(See Independent Auditors' Report)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant vests at a rate of 20% per year beginning after the second year of service and is 100% vested after six years of credited service.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$151,370 and \$199,993, respectively. These accounts will be used to pay administrative expenses first. Any remaining amounts will be allocated to participants in the same proportion that each eligible participant's compensation bears to the compensation of all eligible participants for the Plan year. During the year ended December 31, 2025, forfeitures of \$199,993 were allocated to participants.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. In addition, the Company provides services to the Plan without charge.

Investment Options

Plan assets are invested in various mutual funds and a collective trust as designated by participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reported at fair value. See Note 4 for a discussion of fair value measurements.

(See Independent Auditors' Report)

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation paid to participants. The employer contributions are recorded the year in which the employer designated the contribution.

Risk and Uncertainties

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 3, 2026, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments were held by the Trustee, Fidelity Management Trust Company, at December 31, 2025 and 2024. Financial information related to those investments is included in the accompanying financial statements based on information certified as complete and accurate by the Trustee.

That information, which was not audited by independent auditors, is summarized below:

	<u>2025</u>	<u>2024</u>
Mutual Funds	\$ 40,129,073	\$ 33,395,132
Collective Trust	<u>1,291,928</u>	<u>1,254,638</u>
Total Investments	<u><u>\$ 41,421,001</u></u>	<u><u>\$ 34,649,770</u></u>

During the year ended December 31, 2025, certified investment income consisted of the following:

Interest and Dividends	\$ 2,404,345
Net Appreciation in Fair Value of Investments	<u>3,821,276</u>
	<u><u>\$ 6,225,621</u></u>

(See Independent Auditors' Report)

NOTE 4 – VALUATION OF INVESTMENTS

Investments are recorded at fair value in accordance with the provisions under the Fair Value Measurements and Disclosures Topic of the Codification, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Collective Trust: Valued using the NAV per unit. NAV is based on the value of the underlying investments owned by each fund, minus its liabilities, and then divided by the number of units outstanding. Participant-initiated transactions may occur daily at NAV.

(See Independent Auditors' Report)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025		
	Level 1	Level 2	Total
Mutual Funds	\$ 40,129,073	\$ -	\$ 40,129,073
Collective Trust	-	1,291,928	1,291,928
Total	\$ 40,129,073	\$ 1,291,928	\$ 41,421,001

	2024		
	Level 1	Level 2	Total
Mutual Funds	\$ 33,395,132	\$ -	\$ 33,395,132
Collective Trust	-	1,254,638	1,254,638
Total	\$ 33,395,132	\$ 1,254,638	\$ 34,649,770

NOTE 5 – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan. These transactions qualify as parties-in-interest transactions. The Plan paid administrative fees of \$2,175 to the Trustee for the year ended December 31, 2025. These parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the net appreciation in fair value of investments.

NOTE 6 – TAX STATUS

Effective September 11, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan received an opinion letter dated June 30, 2020 from the Internal Revenue Service specifying the prototype plan's qualified status. The prototype

(See Independent Auditors' Report)

plan opinion letter has been relied upon by the Plan. The Plan was amended since the prototype plan received its letter. The Plan Administrator believes the Plan is designed and operating in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator concluded there were no uncertain tax positions taken as of December 31, 2025.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their entire accounts.
