Plan Administrator and Plan Management
First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan
Carmel, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator and Plan Management
Merchants Bancorp Employee Stock Ownership Plan

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the First Amended and Restated Merchants Bancorp Employee Stock Ownership Plan (Plan) (fka Merchants Bancorp Employee Stock Ownership Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

Effective January 1, 2020, the Plan was established by Merchants Bancorp (Company), and its affiliates, to provide funds to participants to enable them to acquire stock ownership interest in the Company. The Plan operates, in relevant part, as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA).

The Plan is overseen by the Company's Board of Directors. Principal Trust Company (Principal) serves as the Plan's trustee.

Eligibility

Effective July 1, 2024, Employees of the Company and its affiliates are generally eligible to participate in the Plan after attaining age eighteen (18). Employees become eligible participants if they have completed one day of service and will typically enter the Plan the first day of the next quarter. Participants not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. Participants who terminate due to death, disability or have attained age 65 or greater are eligible.

Prior to July 1, 2024, employees of the Company and its affiliates were generally eligible to participate in the Plan after attaining age eighteen (18). Participants who do not have at least six months of service during such Plan year or were not employed on the last working day of a Plan year were generally not eligible for an allocation of Company contributions for such year. Participants who terminated due to death, disability or had attained age 65 or greater were eligible.

Contributions

The Company may make discretionary contributions to the Plan each year. This contribution is determined annually by the Company's Board of Directors (Board). The Board elected to make an annual discretionary Company contribution of approximately 2% of the first \$200,000 of eligible compensation for the Plan years ended December 31, 2025 and 2024. The Company's contribution for the years ended December 31, 2025 and 2024 was deposited into the Plan during 2026 and 2025, respectively. Employee and rollover contributions are not permitted. Contributions are subject to certain limitations.

Employee Stock Ownership Plan**
(fka Merchants Bancorp Employee Stock Ownership Plan)

**Notes to Financial Statements
December 31, 2025 and 2024**

Participant Accounts

The Plan is a defined-contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's contributions and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Employer contributions are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning-of-the-year account balance to all participants' beginning-of-the-year account balances.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% after the first year of service with 100% after five years of continuous service. Any dividends paid to participants' accounts will be immediately 100% vested.

Payment of Benefits

No distribution from the Plan will be made until a participant retires, dies or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash, or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

The Plan contains a number of provisions relating to when distribution of benefits may be made and the manner in which they may be distributed. In general, the Plan provides that if service is terminated on any account, the distribution of the vested account balance will be made as soon as administratively feasible. If the value of the participant's vested benefit does not exceed \$5,000, then a distribution will be made as soon as administratively feasible following the termination of employment. In addition, if the value of the participant's vested benefit does not exceed \$1,000, the distribution will be made in a single lump-sum payment regardless of whether the participant elects to receive it.

Distributions will normally be made in the form of a single distribution.

**Notes to Financial Statements
December 31, 2025 and 2024**

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which a participant has not given instructions or instructions not timely received.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move a portion of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed. At December 31, 2025 and 2024, there were no account balances available for diversification.

Forfeitures

Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in the participant's accounts and occur on the earlier of the date benefits are paid or the occurrence of five consecutive breaks in service. The nonvested portion of participant account balances are forfeited upon termination of employment. Participants who are 0% vested at termination will be deemed to have been paid and will forfeit immediately. Any forfeitures not used by the Plan can be used to pay Plan administrative expenses or added to the discretionary Employer contribution and allocated to participants in the same manner as Employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled seven and zero shares, respectively. A total of 551 and 2,373 forfeited shares were reallocated to participants as of December 31, 2025 and 2024, respectively.

(fka Merchants Bancorp Employee Stock Ownership Plan)

**Notes to Financial Statements
December 31, 2025 and 2024**

Reinstatement

If a participant becomes a former participant due to severance from employment with the Employer and is re-employed before a one-year break in service occurs, the participant may immediately re-enter the Plan. A former participant not fully vested who is re-employed prior to a five-year break in service shall have any forfeited account balance reinstated if the participant repays the full amount previously distributed before the earlier of the date the participant incurs five consecutive breaks in service or the fifth anniversary of the date of re-employment.

Dividends

Dividends received by the Plan on Employer stock will be allocated to participants based on the number of shares allocated to their respective participant accounts at the date of declaration. The Plan Administrator will allocate Company stock having a fair market value equal to the cash dividends, which would have been allocated to the participant accounts. During 2025 and 2024, the Plan recorded \$59,886 and \$33,666 of dividends on allocated shares, respectively.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. In the event of termination of the Plan, the entire accrued benefit of a participant is fully vested and nonforfeitable.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. The common stock is valued at the closing price reported on the active market on which the individual security is traded.

Purchases and sales of securities will be recorded on a trade-date basis. Realized gains and losses from security transactions will be reported on the average cost method. Dividend income will be accrued on the ex-dividend date. Net appreciation (depreciation) will include the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company absorbed the administrative costs in 2025 and 2024. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Plan Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated October 15, 2021, stating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. With a few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2022.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income (loss) as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2025 and 2024.
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025 and the accompanying schedule of reportable transactions for the year ended December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4: Administration of Plan Assets

The Plan assets, which will consist primarily of sponsor Company common stock, will be held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

		2025		
		Fair Value Measurements Using		
		Quoted Prices		
		in Active	Significant	
		Markets for	Other	Significant
		Identical	Observable	Unobservable
		Assets	Inputs	Inputs
		(Level 1)	(Level 2)	(Level 3)
	Fair Value			
Merchants Bancorp stock	\$ 4,302,465	\$ 4,302,465	\$ -	\$ -

Notes to Financial Statements December 31, 2025 and 2024

			2024	
		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
Merchants Bancorp stock	\$ 3,601,623	\$ 3,601,623	\$ -	\$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid no administrative fees to the trustee during 2025 or 2024. The Company provides certain administrative services at no cost to the Plan.

The Plan holds stock of the Company.

Note 7: Risk and Uncertainties

The Plan invests in Company common stock which is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through August 12, 2026, which is the date the financial statements were available to be issued.
