INDEPENDENT AUDITOR'S REPORT

August 20, 2026

To the Plan Administrator of the
Upstate Caring Partners 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Upstate Caring Partners 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UPSTATE CARING PARTNERS 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following brief description of the Upstate Caring Partners 403(b) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan under section 403(b) of the Internal Revenue Code (the Code) available to all employees of Upstate Cerebral Palsy, Inc. (the Organization), who meet certain eligibility requirements. The Organization is the sponsor of the Plan.

Lincoln Financial Group Trust Company, Inc. (Lincoln) is the custodian and recordkeeper of certain of the Plan's assets. Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA and CREF) are the insurance companies and issuers of the annuity contracts of the Plan, as well as recordkeeper of certain of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees are eligible to begin salary deferrals on their first day of hire pursuant to a properly completed and valid salary reduction agreement entered into by the employee. All employees not classified as collective bargaining employees, reclassified employees or student interns, are eligible to receive employer matching contributions when they turn 21 years of age and have accrued one year of service (1,000 hours) with the Organization.

Contributions

Participants may make voluntary contributions subject to certain limitations under the terms of the Plan and the Code. Eligible participants, who attain the age of 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations of the Code. The Organization makes discretionary matching contributions equal to 100% of the participant's elective deferrals up to 7% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's contributions, an allocation of Plan earnings/losses on all contributions, and expenses. Allocations are based on participant earnings/losses or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account. Participants are allowed to have one loan outstanding. Principal and interest at prime plus 1.0% are paid ratably through bi-weekly payroll deductions. The maximum repayment term is five years, except in the case of a loan for purchase of a principal residence. Total notes receivable from participants outstanding at December 31, 2025 and 2024 were \$962,401 and \$962,571, respectively. Notes bear interest at rates from 4.25% to 9.50% and mature at various times through January 2031.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately fully vested in their voluntary contributions and actual earnings/losses thereon. Participants are vested in employer contributions as follows: 25% after 2 years, 50% after 3 years and 100% after 4 years.

Payment of Benefits

Upon termination of service due to death, retirement or other reasons, a participant or beneficiary receives an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in periodic payments if the vested balance exceeds \$5,000. Participants who have reached age 59½ may take in-service distributions.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's elective deferral account. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures

Forfeitures of non-vested account balances of \$99,087 and \$46,818 were used to pay plan expenses and reduce employer contributions for the plan years ended December 31, 2025 and 2024, respectively. The total forfeited non-vested balances at December 31, 2025 and 2024 were \$232,047 and \$90,367, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments

Investments, except for fully benefit responsive fixed annuity contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit responsive fixed annuity contracts are reported at contract value, which is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

All investments are participant directed.

The Plan has fully benefit-responsive fixed annuity contracts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by TIAA and CREF at a rate of 1% to 3%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The Plan utilizes Group Retirement Annuity (GRA) contracts, which are included in non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. Under GRA contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be spread over 10 annual installments (over five years for withdrawals after termination of employment).

The fixed annuity contracts guaranteed minimum returns are supported by the TIAA and CREF General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

The Plan is invested in a fully-benefit-responsive stable value contract with Lincoln Life & Annuity Company of New York and the fund is managed by Lincoln National Life Insurance Company (LNLIC). LNLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These contracts are considered an annuity with guarantees backed by the full faith and credit of LNLIC.

Because the stable value contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The guaranteed income fund is presented on the face of the statement of net assets available for benefits at contract value which approximates fair value as there is no market value adjustment upon a discontinuance. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1.0%. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. At December 31, 2025 and 2024, there are no unfunded commitments and investments are redeemed on a daily basis.

Allowance for Credit Losses

The Plan records a receivable for contributions that are remitted to the Plan subsequent to the Plan's year end. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. As no significant improvements or deteriorations are expected in the future economic conditions, management has determined that no allowance for credit losses is necessary for the years ended December 31, 2025 and 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Fair Value Measurement - Definition and Hierarchy

GAAP establishes a framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly, are considered level 2 measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, political, currency and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Administration Costs

Substantially all administrative expenses associated with the Plan are paid by participants. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

Estimates

The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value.

Registered investment companies (including mutual funds): Registered investment companies include mutual funds, which are valued at the net asset value of shares held at year end based on quoted market prices in active markets.

Pooled separate accounts: A pooled separate account of TIAA and CREF invested in real estate properties and real estate related investments that are valued based on external property appraisals and using values obtained from independent pricing sources. Unit values are calculated daily.

Non-benefit responsive fixed annuity contracts: Value is calculated based on discounted cash flows using risk-adjusted discount rates. The plan administrator has been advised by TIAA and CREF that the contract value of the non-benefit responsive fixed annuity contracts approximates fair value.

There were no changes to the valuation techniques used during 2025 or 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments classified as Level 3 had purchases, sales and transfers as follows for the year December 31:

	<u>2025</u>	<u>2024</u>
Purchases	\$ <u>182,151</u>	\$ <u>197,206</u>
Sales	\$ <u>(107,777)</u>	\$ <u>(251,414)</u>
Transfers into Level 3 *	\$ <u>210,313</u>	\$ <u>329,984</u>
Transfers out of Level 3 *	\$ <u>(210,925)</u>	\$ <u>(336,052)</u>

* Transfers into and out of Level 3 are due to participants redirecting their investments.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31:

<u>Type</u>	<u>Fair value</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Range</u>
TIAA Traditional non-benefit responsive fixed annuity contracts	2025: \$ 4,369,051	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied **	3.55% - 6.50%
TIAA Traditional non-benefit responsive fixed annuity contracts	2024: \$ 4,295,271	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied **	3.65%- 6.50%

** Unobservable inputs include discount rate applied.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, partial termination, or complete discontinuance of contributions to the Plan, all amounts credited to the accounts of the participants would become fully vested and non-forfeitable. All distributions would be made in accordance with any applicable requirements of the ERISA and the Code.

6. TAX STATUS

The Plan is exempt from federal income tax under Section 403(b) of the Internal Revenue Code. The volume submitter plan has obtained its latest opinion letter on March 31, 2017, in which the Internal Revenue Service stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Lincoln is a custodian and recordkeeper of the Plan; TIAA and CREF is the insurance companies and issuer of certain annuity contracts of the Plan; and the Organization is the sponsor. As such, transactions between Lincoln, TIAA and CREF, the Organization, and the Plan qualify as party-in-interest transactions. In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participant's accounts. Therefore, these related transactions qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through August 20, 2026, the date the financial statements were available to be issued.
