Independent Auditor's Report

The Plan Administrator and Retirement Committee
Sealed Air Corporation 401(k) and Profit-Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sealed Air Corporation 401(k) and Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sealed Air Corporation 401(k) and Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sealed Air Corporation 401(k) and Profit-Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sealed Air Corporation 401(k) and Profit-Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of Sealed Air Corporation 401(k) and Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sealed Air Corporation 401(k) and Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements

December 31, 2025

1. Description of the Plan

The following brief description of the Sealed Air Corporation 401(k) and Profit-Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined-contribution plan covering certain employees of Sealed Air Corporation (the Company) and certain participating subsidiaries. Eligible employees include all full-time and part-time employees, except those who are covered by certain collective bargaining agreements, certain nonresident aliens, leased employees or independent contractors, and employees working at specific divisions, departments, or other business units of the Company that are not covered by the Plan. An employee becomes eligible to participate in the Plan on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performances and is appointed by and reports to the People and Compensation Committee, which is a subset of the Company’s Board of Directors.

Until December 31, 2018, the Company sponsored the Profit-Sharing Plan of Sealed Air Corporation (the “Profit-Sharing Plan”). The Profit-Sharing Plan merged with and into the Sealed Air Corporation 401(k) Thrift Plan (the “Thrift Plan”) as of the close of business on December 31, 2018. As of the merger date, the assets of the Profit-Sharing Plan became assets of the Thrift Plan. The combined plan was renamed the Sealed Air Corporation 401(k) and Profit-Sharing Plan. The Plan was most recently restated on June 15, 2022.

Contributions

Each year, participants may contribute from 1% to 75% of their annual compensation, as defined in the Plan, subject to applicable limitations. Participant contributions may be made on a before-tax or Roth basis by salary deduction and, in addition, for certain collectively bargained employees, on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Automatically enrolled participants have their deferral rate set at 5% on a pre-tax basis of eligible compensation. Their contributions are invested in the Vanguard Target Retirement Trust which most closely corresponds with the participant's retirement date until changed by the participant.

The Plan provides for both a matching contribution and a profit-sharing contribution.

For the Profit-Sharing portion of the Plan, the Company contributes annually an amount determined by the Board of Directors, if any. During 2025, the contribution was 6% of eligible compensation. The contribution is allocated to participants if they are an employee of the Company on the last day of the calendar year or if the participant retires, dies or becomes disabled during the calendar year. The Board of Directors also determines whether the contribution will be made in cash, in shares of Sealed Air Corporation's common stock, or in a combination of cash and such shares. Contributions made by the Company in the form of common stock initially invested in the Sealed Air Corporation Common Stock Fund or in the form of cash may be directed by the participant to one or more of the Plan's other investment options following the Company's contribution. The 2025 contribution was made in shares of Company stock.

The Company will make matching contributions equal to 100% of each participant's contributions up to a maximum of 3% of each participant's compensation, and an amount equal to 50% of each participant's contributions up to the next 2% of each participant's compensation, as defined. Certain participants are covered by collective bargaining agreements that do not provide for the Company's matching contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company profit-sharing and matching contributions, and Plan earnings. Each participant's account is reduced by Plan losses, administrative expenses, withdrawals and loans. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer matching 401(k) contributions made from and after January 1, 2013, are 100% vested. Employer matching 401(k) contributions made before 2013 became vested primarily based on years of service. A participant is 100% vested in those pre-2013 401(k) employer matching contributions upon the earliest of the employee's attainment of the age 60, disability, death or completion of 24 months of credited service.

Vesting in the Company's Profit-Sharing contribution is based on years of continuous service. A participant is 10% vested after one year of service, 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, and 100% vested after 5 years of service, as defined. A participant is immediately 100% vested in the Profit-Sharing contribution upon retirement, disability, or death.

Certain groups of participants are subject to other vesting schedules depending upon location of service.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$2,141,646 and \$1,889,539, respectively. During the year ended December 31, 2025, forfeitures of \$1,792,042 were used to reduce Company contributions, in accordance with Plan provisions. During the year ended December 31, 2025, forfeitures of \$302,842 were used to reduce Plan expenses, in accordance with Plan provisions.

1. Description of the Plan (continued)

Revenue Credits

The Plan's trust agreement with Fidelity provides for a revenue credit arrangement, whereby the trustee allocates quarterly deposits into an unallocated Plan account. Unallocated revenue credits at December 31, 2025 and 2024 were \$21,250 and \$320,000, respectively. During 2025, the Plan used revenue credits of \$314,720 to pay administrative expenses. Administrative expenses are presented net of any revenue credits utilized in the statement of changes in net assets available for benefits.

Investment in Sealed Air Corporation Common Stock Fund

The Plan holds an investment fund held that primarily holds Sealed Air Corporation ("Sealed Air") common stock, as well as a cash account to settle transactions. This fund is the required investment fund for all shares of Sealed Air common stock that the Company contributed to the Plan. A participant may transfer this part of their account balance out of the Sealed Air Corporation Common Stock Fund into the other funds.

Benefits

Upon termination of employment, as defined, or at certain later times provided for in the Plan, a participant may elect to receive either a lump sum cash payment equal to the value of the participant's vested interest in his or her account, or in the form of monthly, semi-annual or annual cash installment payments. When being paid a lump sum, participants with an account balance that has an investment in the Sealed Air Common Stock Fund may elect to receive the investment distributed in whole shares of Sealed Air Corporation common stock rather than cash.

Administrative Expenses

Substantially all the costs of administering the Plan are paid by the participants and are recorded in the financial statements of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

ERISA. In the event of termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investments held by the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions Receivable and Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances. The carrying amount reflects management's best estimates of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts. The standard applies to the Plan's contributions receivable.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2025 and 2024.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Investment Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments and participant notes receivable held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest from investments, dividends, investment expenses and interest from participant notes receivable for the year ended December 31 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the Trustee.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common stock: The Plan holds shares of the common stock of the plan sponsor. Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Interest-bearing cash: In connection with the Sealed Air Common Stock Fund, the plan holds interest-bearing cash to execute transactions within the Sealed Air Common Stock Fund. Cash is valued at its face value, which is the fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a common/collective trust or selected lifecycle funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchase and sales) may occur daily. There are no trading restrictions or unfunded commitments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes by level, within the fair value hierarchy, the financial assets of the Plan at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 312,427,153	\$ -	\$ -	\$ 312,427,153

4. Fair Value Measurements (continued)

The following table summarizes by level, within the fair value hierarchy, the financial assets of the Plan at fair value, as of December 31, 2024:

Mutual funds	\$ 289,162,320	\$ -	\$ -	\$ 289,162,320

*The assets shown at net asset value are presented here to permit reconciliation to the investments presented in the financial statements.

5. Fully Benefit-Responsive Investment Contract

The Plan holds an interest in the Empower Guaranteed Income Fund and the Lincoln Stable Value Fund. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance companies, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Empower and Lincoln maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Income Tax Status

On June 30, 2020, the Internal Revenue Service (the "IRS") determined that the prototype plan document adopted by the Plan, as then designed, qualifies under applicable sections of the Internal Revenue Code (the "Code"). The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

7. Administration of Plan Assets

The Plan's assets are held and managed by Fidelity, the trustee and recordkeeper of the Plan. The trustee also invests cash received, interest, and dividend income and makes distributions to participants. The recordkeeper of the Plan administers the payment of interest and principal on the participant notes receivable. Certain of the Plan's assets include investment contracts issued by Empower (formerly Prudential) and Lincoln Life. The Plan holds shares of mutual funds and common collective trusts managed by Fidelity. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee and recordkeeping fees are paid from Plan assets.

8. Related Party Transactions and Prohibited Transactions

Certain Plan investments are shares of funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. The Plan directly pays fees related to recordkeeping services to Fidelity and certain other service providers. The Plan Sponsor pays directly any other fees related to the Plan operations. The Plan invests in shares of Sealed Air Common Stock. These transactions qualify as exempt party-in-interest transactions.

During the plan year ended December 31, 2021, the Plan administrator identified that certain remittances were not remitted timely. Delinquent remittances related to participant contribution and loan repayments in the amount of \$6,851 were remitted in 2024. The Company also remitted a total of \$1,333 of lost earnings to the Plan in 2024. These corrections were completed through the Department of Labor's ("DOL") Voluntary Fiduciary Correction Program ("VFCP"). The Plan received a closing letter from the DOL related to these corrections on January 29, 2025.

Sealed Air Corporation 401(k) and Profit-Sharing Plan

Notes to Financial Statements (continued)

8. Related Party Transactions and Prohibited Transactions (continued)

During the Plan year ended December 31, 2025, the Plan administrator identified one remittance that was not remitted timely. Delinquent remittances related to participant contributions in the amount of \$18,250 were remitted in 2025. The Plan administrator self-corrected these late remittances outside of the DOL VFCP. The lost earnings were deposited in 2025.

9. Concentration of Market Risk

At December 31, 2025 and 2024, approximately 9% and 8%, respectively, of the Plan's total investment assets were invested in Sealed Air Common Stock. The value of the Sealed Air Common Stock is dependent on the performance of the Company and the market's evaluation of such performance.

10. Subsequent Events

Management evaluated subsequent events for the Plan through August 12, 2026, the date the financial statements were available to be issued.

On April 9, 2026, the Company was acquired by affiliates of Clayton, Dubilier & Rice, LLC ("CD&R") and became a privately-held company. Pursuant to the transaction, CD&R acquired 100% of the Company's outstanding common stock at a price of \$42.15 per share, including shares held within the Sealed Air Corporation 401(k) and Profit-Sharing Plan's Company Stock Fund (the "Fund").

On April 10, 2026, the Fund was closed and liquidated. Proceeds from the sale of Company stock, together with any existing cash in the Fund, were used to determine the final unit value of the Fund. Participant holdings in the Fund were then converted to cash and reinvested in accordance with each participant's investment elections then on file for future contributions.

For participants without an active investment election on file, proceeds were invested in the applicable Vanguard Target Retirement Trust I Age-Based Fund based on the participant's date of birth and assuming a retirement age of 65.
