**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants  
of the SBA Cash Balance Pension Plan  
for Citizens & Farmers Bank

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of the SBA Cash Balance Pension Plan for Citizens & Farmers Bank (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits and of accumulated plan benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for plan benefits and in accumulated plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **SBA CASH BALANCE PENSION PLAN FOR CITIZENS & FARMERS BANK**

### **Notes to Financial Statements**

#### **Note 1. Description of Plan**

The following brief description of the SBA Cash Balance Pension Plan for Citizens & Farmers Bank (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

##### **General**

The Plan is a cash balance pension plan covering many of its full-time employees over 21 years of age of Citizens & Farmers Bank (the “Bank”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2021, the Bank amended the Plan and closed the Plan to new entrants hired after December 31, 2021. Benefits earned by participants in the Plan hired before January 1, 2022 were not affected by the amendment and will continue to accrue for active participants.

##### **Pension Benefits**

Under the Plan, each participant’s account receives two forms of credits: compensation credits and interest credits. Compensation credits equal a percentage of each participant’s compensation. Compensation for this purpose includes both salary and bonus, subject to the compensation limit applicable to tax-qualified plans. The applicable compensation credit percentage ranges from one percent to 12 percent depending on the participant’s combined age and years of credited service at the end of each Plan year. Compensation credits are applied to each participant’s account balance on the earlier of a participant’s retirement or death during a Plan year or otherwise the last day of the Plan year.

The interest crediting rate is designated by the Compensation Committee of C&F Financial Corporation, the Bank’s parent. Each participant’s account balance as of the end of the preceding year will be increased by that year’s interest rate, which is determined as the greater of the average yield on 30-Year Treasury Bonds for the month preceding the first day of the Plan year plus 150 basis points or 3% and is compounded monthly; however, it will not exceed the third segment rate used for funding calculations. Interest credits are credited to each participant’s account balance as long as a participant has an account balance in the Plan, even if the participant is no longer employed.

## **Notes to Financial Statements**

Benefit payments may be paid in the form of an annuity, monthly installments, or a lump sum. The types of annuities available at retirement are: life only; joint and survivor; life annuity with 120-month guaranteed payments, and an 80/20 option, which provides for a 20% lump sum payment of the account balance and a monthly annuity payment for the remaining 80% of the account balance. Participants will automatically be paid out in a lump sum if benefits are \$7,000 or less.

### **Vesting**

Each participant becomes 100% vested (1) after three years of vested service, (2) if the participant reaches age 65 while employed by the Bank, or (3) if the Plan is terminated. If a participant terminates employment before at least one of these events, the participant's account balance will be forfeited. A year of vested service is earned for each Plan year in which a participant completes at least 1,000 hours of service. If the Plan becomes top heavy, participants with two years of vested service will become 100% vested in Plan benefits.

### **Death and Disability Benefits**

If an active vested participant dies during employment prior to commencement of retirement benefits and the beneficiary is the participant's spouse, the spouse may elect to have the survivor benefit paid as of the first day of the calendar month following the participant's death, or any month thereafter. The survivor benefit payable to a spouse will be paid as a life only annuity for the remainder of the spouse's life. If the spouse does not make this election, the benefit will be paid as of the participant's normal retirement date. If the participant has already reached the earliest date on which he or she could have retired, the payment date is the first of the month following the month in which death occurred. The annuity payments end at the spouse's date of death. In lieu of a survivor annuity, beginning on the dates mentioned above, a spouse may elect to receive a lump sum payment. If the beneficiary is not a spouse, the beneficiary will receive a lump sum payment as of the first of the calendar month following the participant's death. A non-spouse beneficiary may rollover the lump sum to an "inherited IRA."

Active employees that become disabled after completing ten or more years of continuous service and who are determined to be disabled by the Federal Social Security Administration will continue to earn pay credits and interest credits under the Plan during the disability. Pay credits will be based on the rate of compensation a disabled employee received for the last day of work prior to disability. Pay credits will continue to accrue until the earliest of (1) normal retirement date, (2) the date of recovery from disability, or (3) the date a disabled employee elects to start receiving payments from the Plan. Interest credits will continue to apply until benefit payments begin.

## **Notes to Financial Statements**

### **Note 2. Summary of Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's investment valuations utilizing information provided by the investment advisors and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

#### **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances including retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Creative Planning Institutional Consulting and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2026 were: (a) life expectancy of participants (the Pri-2012 Mortality Amount-Weighted, IRS Adjusted Scale MP-2021 Table Fully Generational was used), (b) retirement age assumptions (the normal retirement age of 65 was used, or

immediately if older), (c) a salary increase rate of 3.00%, (d) inflation rate of 2.50% and (e) a discount rate of 5.20%.

The significant actuarial assumptions used in the valuation as of January 1, 2026 were the same as those used in the January 1, 2025 valuation with the exception of the discount rate which changed to reflect bond yields as of the determination date. Had the valuations been performed as of December 31, 2025, there would have been no material difference.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

### **Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Bank, the Plan Sponsor, and are excluded from these financial statements. Investment related expenses not paid by the Plan Sponsor are included in net appreciation of fair value of investments.

## **Note 3. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact purchases and sales at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Trust Funds:* Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value and is excluded from the fair value hierarchy. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Investments in collective trust funds valued at NAV as a practical expedient can generally be redeemed daily. The collective trust funds are primarily passive funds that provide daily liquidity with no prior notice for participant transactions, and 2-day prior notice for plan sponsor transactions for the various plan investment options. There are no unfunded commitments for any of the collective trust funds that the trust invests in.

The method described above may produce a fair value calculation that is not indicative of net realizable value or future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

| <b>Assets at Fair Value as of December 31, 2025</b> |                       |                       |                       |                      |

\* In accordance with ASC 820, certain investments that were measured at NAV per share have not been included in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no significant transfers of assets between Level 1 or 2 and Level 3 of the fair value hierarchy for the years ended December 31, 2025 and 2024.

**Note 4. Funding Policy**

Based on the Bank's funding policy, as well as professional and legal advice, the Bank makes contributions to the Plan in the amounts needed to meet or exceed the actuarially-determined minimum funding standards required by ERISA. The Bank made a \$1,000,000 contribution to the Plan during each of the years ended December 31, 2025 and 2024. Participants are not required nor permitted to make contributions to the Plan.

**Note 5. Plan Termination**

Although it has not expressed any intention to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits are insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions subject to certain statutory limits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive

their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

**Note 6. Information Certified and Provided by the Plan Trustee**

Voya Retirement Insurance and Annuity Company (Voya) served as trustee and custodian for the Plan. The following is a summary of the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Plan custodian and furnished to the Bank and the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears in the financial statements and supplemental schedules related to the following investments:

|                                                      | <b>December 31,</b> |               |
|------------------------------------------------------|---------------------|---------------|
|                                                      | <b>2025</b>         | <b>2024</b>   |
| Statement of net assets available for plan benefits: |                     |               |
| Investments                                          | \$23,537,577        | \$ 21,130,317 |
| Cash                                                 | 26,164              | 27,523        |

The custodians also certified to the completeness and accuracy of \$2,769,218 of net appreciation in fair value of investments and \$70,258 of interest and dividends related to the aforementioned investments for the year ended December 31, 2025.

**Note 7. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 28, 2023, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 8. Interest in Trust Fund of State Bankers Association Master Defined Benefit Pension Plan and Trust**

The Plan's investments are in the Trust Fund of State Bankers Association Master Defined Benefit Pension Plan and Trust ("the Trust"). The Trust consists of 9 pension plans for member

banks of the Virginia Bankers Association who have adopted the plan. The Trust was established to receive the contributions of the member banks. Each participating retirement plan has an undivided interest in the Trust. The assets of the Trust were held by Voya during 2025, the custodian of the Trust. Investment income and administrative expenses related to the Trust are allocated to the individual plans based upon average monthly balances invested by each plan. The financial statements of the Trust are prepared with a fiscal year ended September 30<sup>th</sup>. All investments held by the Trust are valued using Level 2 inputs.

The following table presents the fair values of investments of the Trust:

|                            | <b>September 30,</b> |                      |

#### **Note 9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits. Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

#### **Note 10. Subsequent Events**

The Plan has evaluated subsequent events through August 21, 2026, the date the financial statements were available to be issued.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SBA Cash Balance Pension Plan for Citizens and Farmers Bank

EIN: 54-0169510 Plan: 001

Schedule SB, Part V - Summary of Plan Provisions

**APPENDIX II. SUMMARY OF PLAN PROVISIONS**

---

**A. Effective Date**

The original effective date of the Plan was December 1, 1967. The latest adoption agreement was effective January 1, 2024. The latest amendment was effective January 1, 2024.

**B. Eligibility**

Employees eligible to participate in the Plan are those employees who have attained age 21 and completed one year of eligibility service. Eligible Central Virginia Bank employees entered the plan January 1, 2015. Eligible Peoples Community Bank employees entered the plan January 1, 2020. Eligible Hourly paid employees entered the plan January 1, 2021. Persons hired or rehired on or after January 1, 2022 will not be eligible to participate in the plan.

**C. Normal Retirement Date**

A participant's normal retirement date is the first day of the month following or coinciding with the attainment of age 65.

**D. Retirement Benefit**

Upon retirement, a participant will receive their "Cash Balance Account" which is equal to the accumulated value of their opening account balance, annual allocations and interest credits.

The opening account balance for service prior to January 1, 2009 was determined as the actuarially equivalent present value of the accrued benefit as of December 31, 2008. For service after December 31, 2008, a participant will receive an annual allocation for each year that they earn a Year of Benefit Service (at least 1,000 hours) in accordance with the following tables:

| Age at 12/31 of<br>Plan Year | Allocation as a Percentage<br>of Compensation |
|------------------------------|-----------------------------------------------|
| 21 - 29                      | 1%                                            |
| 30 - 39                      | 2%                                            |

| 10 - 14                          | 3%                                            |
| 15 or more                       | 5%                                            |

Benefit service is credited from October 1, 2013 for eligible Central Virginia Bank employees, January 1, 2020 for eligible Peoples Community Bank employees and January 1, 2021 for eligible Hourly paid employees.

The Cash Balance Account as of the end of the preceding year will be increased by that year's interest rate which is determined as the greater of 3% or the average yield on 30-Year Treasury Bills for the month preceding the first day of the plan year plus 150 basis points compounded monthly, however it may not exceed the third segment rate used for funding calculations (see item A.1.c of Appendix III).

***APPENDIX II. SUMMARY OF PLAN PROVISIONS (continued)***

---

**E. Early Retirement Date**

A participant's early retirement date is the first day of the month following or coinciding with attainment of age 55 and completion of ten years of service.

**F. Normal Form of Benefit**

Unless an alternate election is made, benefits paid to single participants will be in the form of a life annuity. Benefits paid to married participants will be in the form of a 50% joint & survivor annuity.

**G. Vesting**

Participants will be 100% vested in their Cash Balance Account after three years of service. For Central Virginia Bank employees and Peoples Community Bank employees, vesting service is credited from their original date of hire.

**H. Disability**

Participants totally and permanently disabled may receive their Cash Balance Account upon termination of employment.

**I. Pre-Retirement Death Benefits**

A death benefit equal to the participant's Cash Account Balance is payable to the participant's beneficiary. If the participant's spouse is the beneficiary, the amount payable shall not be less than the actuarial value of the surviving spouse's benefit required by the Retirement Equity Act.
