Wittenbach Business Systems, LLC 401(k) Retirement Plan
Sparks, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wittenbach Business Systems, LLC 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wittenbach Business Systems, LLC 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wittenbach Business Systems, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wittenbach Business Systems, LLC 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wittenbach Business Systems, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wittenbach Business Systems, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description of Plan

The following description of the Wittenbach Business Systems, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Wittenbach Business Systems, LLC (the “Company”) who have 30 days of service and are age 18 or older. The Administrative Committee of the Company controls and manages the operation and administration of the Plan. Principal Life Insurance Company and Principal Trust Company serve as the trustees of the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Contributions

Each year, participants may contribute compensation, as defined in the Plan Document, subject to certain Internal Revenue Code (“IRC”) limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 20% of the first 6% of compensation that a participant contributes to the Plan. Additional discretionary amounts may be contributed at the discretion of the Company’s Board of Directors. During the year ended December 31, 2025, the Company did not make a discretionary contribution to the Plan. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, a stable value collective trust fund, and pooled separate accounts.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments and transaction fees related to distributions and notes receivable from participants. Forfeited balances of terminated participants’ nonvested accounts are used first to pay plan expenses and then to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

Wittenbach Business Systems, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. At December 31, 2025, outstanding loans bore interest rates of between 4.25% and 9.50%. A participant may be granted two loans during a one-year period. Principal and interest are paid ratably through payroll deductions. Loans must be repaid in five years, unless the proceeds are used to acquire a primary residence, in which case the maximum loan term is thirty years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. While employed, amounts contributed on a before-tax basis that are fully vested and Roth elective deferrals that are fully vested may be made if it is a qualified distribution and may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59.5 years.

Forfeitures

At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$23,237 and \$23,471, respectively. These forfeitures are used to either pay administrative expenses or reduce future Company contributions. During 2025, forfeitures of \$22,986 were used to reduce Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Wittenbach Business Systems, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan Document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through August 20, 2026, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable Value Collective Trust Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share provided by the trustees as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12-months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

Wittenbach Business Systems, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Pooled Separate Accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV per share, as determined by Principal Life Insurance Company and Principal Trust Company, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024.

December 31, 2025				
Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Fair Value				
Mutual funds	\$ 3,859,421	\$ 3,859,421	\$ -	\$ -
Investment measured at NAV ^(A)	25,391,904			
Investments at fair value	\$ 29,251,325			

December 31, 2024				
Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Fair Value				
Mutual funds	\$ 3,861,537	\$ 3,861,537	\$ -	\$ -
Investment measured at NAV ^(A)	23,551,818			
Investments at fair value	\$ 27,413,355			

(A) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024.

	Fair Value at December 31, 2025	Fair Value at December 31, 2024	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Stable value collective trust fund	\$ 1,240,532	\$ 1,500,505	None	None	12 months
Pooled separate accounts	24,151,372	22,051,313	None	None	None
	<u>\$ 25,391,904</u>	<u>\$ 23,551,818</u>			

Wittenbach Business Systems, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2025.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Certification of Plan Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5. Exempt Party-In-Interest Transactions

Certain plan investments are pooled separate accounts managed by Principal Life Insurance Company and Principal Trust Company. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Principal Life Insurance Company and Principal Trust Company are trustees as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustees by the Plan for administrative services were \$104,430 for the year ended December 31, 2025.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Wittenbach Business Systems, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 7. Tax Status

The Plan has adopted a non-standardized pre-approved Plan Document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the non-standardized pre-approved Plan Document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the non-standardized pre-approved Plan Document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to net loss per Schedule H of Form 5500 as of December 31:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per financial statements	\$ 29,937,556	\$ 28,101,408
Adjustment to notes receivable from participants	<u>(8,357)</u>	<u>(8,711)</u>
Net assets available for benefits per form 5500	<u>\$ 29,929,199</u>	<u>\$ 28,092,697</u>

The following is a reconciliation of the net change in net assets for benefits per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:
