INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Cambridge International Systems, Inc. 401(k) Plan
Arlington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cambridge International Systems, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cambridge International Systems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cambridge International Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambridge International Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cambridge International Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambridge International Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year)- Schedule H, Part IV, Line 4(i) for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CAMBRIDGE INTERNATIONAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

Note 1 – Description of the Plan

The following description of the Cambridge International Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Cambridge International Systems, Inc. (the "Company") effective January 1, 2003. For the year ended December 31, 2025, the Plan was covering all eligible employees of Cambridge International Systems, Inc., and Cambridge International Holding Company, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was most recently amended effective July 1, 2022, to provide an employer match for Service Contract Act employees. The Cambridge Investment Committee is responsible for oversight of the Plan. The fiduciary advisors determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Cambridge Investment Committee.

Plan Administrator, Recordkeeper, and Trustee

The Plan's administrator, recordkeeper, and trustee are as follows:

Plan Administrator – Cambridge International Systems, Inc.

Third Party Administrator and Recordkeeper – Automatic Data Processing, Inc. (ADP)

Custodian and Trustee – ADP Retirement Trust Services, LLC (effective January 1, 2025) and Reliance Trust Company (for the period January 1, 2024, to December 31, 2024)

Investment Advisor – The Baldwin Group Wealth Advisors, LLC, formerly known as The Capital Group Investment Advisory Services, LLC (The Capital Group).

Eligibility

Employees are eligible to participate in the Plan on their date of hire. They will become a Participant in the Plan once they reach the Entry Date, which is the date on which the employee satisfies the eligibility requirements. An eligible participant is an employee that is employed by Cambridge International Systems, Inc. or any affiliate who has adopted the Plan. There are service requirements for employer match that differ from participant elective deferrals.

Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits are the subject of good faith bargaining are allowed to make participant contributions but are not entitled to Company safe harbor matching contributions or any discretionary matching or profit-sharing contributions.

Participant Contributions

Each year, participants may contribute pre-tax annual compensation and Roth deferrals, up to 99% of their compensation, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the IRC. Participants are permitted to make rollover contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

Note 1 – Description of the Plan (continued)

Employer Contributions

The Company makes safe harbor matching contributions equal to 100% of salary deferrals not to exceed 3% of compensation plus 50% of salary deferrals over 3% and up to 5% of eligible compensation. The Company may make additional matching and profit-sharing contributions at the discretion of the Company's management, as determined on an annual basis. Safe harbor matching contributions are calculated on a per payroll period basis.

Safe harbor matching contributions totaled \$539,313 for the year ended December 31, 2025. The Company did not make any discretionary matching or profit-sharing contributions during the year ended December 31, 2025.

The Company is required to provide minimum health and welfare benefits at a set hourly rate based on hours worked or hours paid, as defined by individual contracts covered under the McNamara-O'Hara Service Contract Act. These prevailing wage contributions, determined under prevailing wage laws, are contributed by the Company in the form of discretionary qualified non-elective contributions. Participants direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The Company's qualified non-elective contributions to the Plan totaled \$13,428 during the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor and discretionary matching and qualified non-elective contributions, as well as allocations of the Company's discretionary profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, rollover contributions, qualified non-elective contributions, and safe harbor matching contributions, plus actual earnings thereon. Participants vest in discretionary non-safe harbor matching contributions and profit sharing as follows:

<u>Years of Vesting Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant is 100% vested in discretionary non-safe harbor matching and profit-sharing contributions when the participant reaches the normal retirement age while an employee, upon death while an employee, becoming disabled while an employee, and attainment of early retirement age (attaining 55 years of age and five years of vested service) while an employee.

Note 1 – Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of vested account balance. Only one loan may be outstanding at a given time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through regular payroll deductions.

Forfeited Accounts

At December 31, 2025, and 2024, forfeited nonvested accounts totaled \$32, and \$30, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. In 2025, there were no reductions in employer contributions from forfeited nonvested accounts.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Amendments

There were no amendments to the Plan during the year ending December 31, 2025. The Plan is pending amendment to incorporate the applicable provisions of the SECURE 2.0 Act. The amendment is required to be adopted by December 31, 2026.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CAMBRIDGE INTERNATIONAL SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

Note 2 - Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan Sponsor has evaluated subsequent events and transactions for potential recognition or disclosure through August 20, 2026, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 and 2024

Note 3 - Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Value at the net asset value (NAV) of units held by the Plan at year-end. NAV represents shares held by the Plan at year end adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The NAV per unit is computed by dividing the total fair value of the assets of each fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in each fund and included in the determination of unit values.

Great Gray Collective Investment Trust is a common/collective trust fund that consists of separate funds with differing investment objectives, which are available for investment by participating plans.

The Plan's investment in the Great Gray Collective Investment Trust is valued based on the Plan's share of the underlying net assets. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment. Issuances and redemptions of participant units are made daily. The funds require a plan to provide advance written notice of five business days for plan directed withdrawals which will exceed \$1 million of the assets invested in each Fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<i>Assets at Fair Value as of December 31, 2025</i>				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 21,970,183	\$ -	\$ -	\$ 21,970,183
Total assets in the fair value hierarchy	\$ 21,970,183	\$ -	\$ -	\$ 21,970,183
Investments measured at NAV (1)	\$ -	\$ -	\$ -	\$ 1,555,698
Total assets at fair value	\$ 21,970,183	\$ -	\$ -	\$ 23,525,881

(1) The common/collective trust fund accounts are measured using NAV and in accordance with guidance in ASU 2018-13, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3 - Fair Value Measurements (continued)

	<i>Assets at Fair Value as of December 31, 2024</i>			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 21,878,951	\$ -	\$ -	\$ 21,878,951
Total assets in the fair value hierarchy	\$ 21,878,951	\$ -	\$ -	\$ 21,878,951

For the years ended December 31, 2025, and 2024, there were no Level 2 or 3 investments.

Note 4 - Related Party Transactions and Party-In-Interest Transactions

Administrative fees paid directly from Plan assets to ADP, the Recordkeeper, and to investment advisors totaled \$26,246, and \$24,983, respectively, for the year ended December 31, 2025.

The Company pays directly any other fees related to the Plan's operations. The Plan also allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax Status

The IRS has determined and informed the Company by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
