Independent Auditors' Report

To the Plan Administrator of
Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EQUUS WORKFORCE SOLUTIONS RETIREMENT SAVINGS PLAN FOR PUERTO RICO EMPLOYEES

Notes to Financial Statements

December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Arbor E&T, LLC DBA Equus Workforce Solutions (the “Company” or “Employer”) employed in Puerto Rico. Employees are eligible to participate in the Plan on the first entry date following completion of three months of service and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trustee and Custodian - Banco Popular de Puerto Rico (“Trustee”), a local financial institution in Puerto Rico, serves as the Trustee for the Plan due to local requirements regarding benefit disbursements. Fidelity Management Trust Company (“Fidelity”) serves as Custodian of the Plan.

Contributions - Participants may contribute up to 75% of eligible annual compensation, subject to limitations under the Puerto Rico Internal Revenue Code of 2011, as amended (the “Puerto Rico Code”). The Employer provides a matching contribution equal to 100% of the first 3% of eligible compensation contributed by a participant and 50% of the next 2% contributed. The Employer may also make additional discretionary contributions. No discretionary Employer contributions were made for the 2025 Plan year. Participants may also make eligible rollover contributions from other qualified plans.

Participant Accounts - Each participant’s account is credited with participant contributions, Employer contributions, and allocations of Plan investment earnings. Participant accounts are charged with applicable administrative expenses and investment-related costs in accordance with the Plan document. A participant’s benefit is based on the vested balance in the participant’s individual account.

Vesting - Participants are immediately vested in their contributions, Employer contributions, and related investment earnings.

Investment Options - Participants direct the investment of their individual accounts among the investment options offered by the Plan and may change their investment elections in accordance with Plan provisions.

Notes Receivable from Participants - Participants may borrow from their vested account balances in accordance with the terms of the Plan. Participant loans are generally limited to the lesser of \$50,000 or 50% of the participant’s vested account balance, subject to applicable Plan and Puerto Rico Code provisions. Participant loans are secured by the participant’s account balance and bear interest at rates established by the Plan administrator based on prevailing market rates. Interest rates on participant loans outstanding at December 31, 2025 ranged from 4.25% to 9.50%. Principal and interest are generally repaid through payroll deductions.

Payment of Benefits - Upon termination of employment, retirement, death, or disability, participants may receive the vested balance in their account in accordance with the provisions of the Plan. Participants may generally elect a lump-sum payment or a direct rollover to another qualified plan or eligible retirement arrangement. The Plan also permits certain in-service and hardship distributions as provided by the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”).

Investment Valuation and Income Recognition - Investments are reported at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis, and dividend income is recognized on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized changes in the fair value of investments held at year-end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - Notes receivable from participants are measured at unpaid principal balance plus accrued interest, if any. Participant loans are secured by the participant's vested account balance. No allowance for credit losses was recorded at December 31, 2025 or 2024. If a participant ceases making required loan payments and the Plan administrator determines that a loan is in default in accordance with Plan provisions, the unpaid balance is treated as a deemed distribution or benefit payment, as applicable.

Payments of Benefits - Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2025 or 2024.

Administrative Expenses - Administrative expenses are paid by the Employer or by Plan participants in accordance with the Plan document.

Investment Management Fees and Operating Expenses - Investment management fees and operating expenses charged by investment funds are deducted from the income of the respective investments and are reflected as a component of net appreciation or depreciation in fair value.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Date of Management's Review - Plan management evaluated subsequent events through August 24, 2026, the date the financial statements were available to be issued.

NOTE 3 - ERISA SECTION 103(a)(3)(C) CERTIFIED INVESTMENT INFORMATION

Plan management elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C).

Certain investment information included in the accompanying financial statements and supplemental schedules was prepared and certified as complete and accurate by a qualified institution in accordance with Department of Labor regulations. Fidelity Management Trust Company issued the qualified institution certification.

The certified information consisted of the following:

	2025	2024
Investments at fair value	\$ 3,379,621	\$ 2,459,140
Notes receivable from participants	178,734	104,967
Investment income:		
Interest and dividend income	178,715	91,650
Interest on notes receivable from participants	9,071	4,822
Net appreciation in fair market value of investments	221,971	169,207

Investments consist of mutual funds and a collective trust fund. Participants direct the investment of their accounts among the investment alternatives offered by the Plan.

The Plan's independent auditors did not perform audit procedures on the certified investment information other than those procedures required in an ERISA Section 103(a)(3)(C) audit.

NOTE 4 - PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS

Certain Plan investments are held by Fidelity Management Trust Company, which serves as custodian of the Plan. Transactions involving the custodian and investments managed by affiliated entities may qualify as party-in-interest transactions under ERISA.

Notes receivable from participants also represent party-in-interest transactions; however, such loans are permitted under the terms of the Plan and are generally exempt from the prohibited transaction provisions of ERISA when administered in accordance with applicable requirements.

Notes to Financial Statements (Continued)

NOTE 4 - PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS (Continued)

During 2025, participant contributions and participant loan repayments totaling \$60,357 were remitted to the Plan later than required under applicable Department of Labor regulations. These transactions constituted nonexempt prohibited transactions and are reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

The \$60,357 of delinquent participant contributions and loan repayments was corrected outside the Department of Labor's Voluntary Fiduciary Correction Program.

ClearPoint CPAs, PC provides audit services to the Plan. Fees paid for professional services constitute party-in-interest transactions under ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan measures its investments at fair value in accordance with ASC Topic 820, Fair Value Measurement. ASC Topic 820 establishes a three-level hierarchy that prioritizes the inputs used in measuring fair value. Level 1 measurements use unadjusted quoted prices in active markets for identical assets. Level 2 measurements use other observable inputs, and Level 3 measurements use significant unobservable inputs. The Plan's mutual funds are valued using quoted net asset values in active markets and are classified as Level 1 investments. The Plan also invests in a collective trust fund that is measured using net asset value ("NAV") as a practical expedient. Investments measured using NAV as a practical expedient are not classified within the fair value hierarchy.

The collective trust fund permits participant transactions on a daily basis. There were no unfunded commitments or redemption restrictions associated with the collective trust fund at December 31, 2025 or 2024.

There were no changes in valuation methodologies during 2025 or 2024.

Investments at Fair Value - December 31, 2025

	Level 1	Measured at NAV	Total
Mutual Funds	\$ 3,011,594	\$ -	\$ 3,011,594
Collective trust fund	-	368,027	368,027
Investments, at fair value	<u>\$ 3,011,594</u>	<u>\$ 368,027</u>	<u>\$ 3,379,621</u>

Investments at Fair Value - December 31, 2024

	Level 1	Measured at NAV	Total
Mutual Funds	\$ 2,117,697	\$ -	\$ 2,117,697
Collective trust fund	-	341,443	341,443
Investments, at fair value	<u>\$ 2,117,697</u>	<u>\$ 341,443</u>	<u>\$ 2,459,140</u>

NOTE 6 - TAX STATUS

The Plan received a determination letter from the Puerto Rico Department of the Treasury dated August 25, 2015, stating that the Plan meets the requirements of Section 101.01 of the Puerto Rico Code, as amended, and that the related trust is exempt from Puerto Rico income taxes. The Plan has been amended since the determination letter was issued. The Plan administrator believes the Plan continues to be designed and operated in compliance with the applicable requirements of the Puerto Rico Code and that the Plan and related trust continue to qualify for tax-exempt status.

EQUUS WORKFORCE SOLUTIONS RETIREMENT SAVINGS PLAN FOR PUERTO RICO EMPLOYEES
Notes to Financial Statements (Continued)

NOTE 6 - TAX STATUS (Continued)

The Plan evaluates uncertain tax positions in accordance with ASC Topic 740, *Income Taxes*. A tax position is recognized when it is more likely than not, based on its technical merits, that the position will be sustained upon examination. The Plan administrator concluded that there were no material uncertain tax positions at December 31, 2025 or 2024 that required recognition or disclosure.

The Plan is subject to examination by applicable taxing authorities. No tax examinations were in progress at December 31, 2025.

NOTE 7 - PLAN TERMINATION

Although the Employer has not expressed an intent to terminate the Plan, it has the right under the Plan document to discontinue contributions or terminate the Plan subject to the provisions of ERISA and the Puerto Rico Code. Upon termination of the Plan, participant accounts would be distributed in accordance with the provisions of the Plan and applicable law.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to market, interest rate, credit, and other investment risks. Because of the risks associated with investment securities, changes in investment values could occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	\$ 3,658,931	\$ 2,653,688
Adjustment from NAV as a practical expedient to fair value for collective trust fund	(11,262)	(20,536)
Deemed distributions for participant loans	5,702	5,452
Net assets available for benefits per the Form 5500	<u>\$ 3,653,371</u>	<u>\$ 2,638,604</u>

The following is a reconciliation of net increase in net assets available for benefits per the accompanying financial statements to net income per the Form 5500 for the Plan years ended December 31, 2025 and 2024:

	2025	2024
Net increase per the financial statements	\$ 1,005,243	\$ 785,627
Change in adjustment from NAV as a practical expedient to fair value for collective trust fund	9,274	(3,780)
Interest assessed for deemed distributed loans	250	-
Deemed distributions for participant loans	-	5,452
Net income per the Form 5500	<u>\$ 1,014,767</u>	<u>\$ 787,299</u>

The differences between the financial statements and Form 5500 result principally from differences in the valuation basis applied to the collective trust fund and the treatment of certain participant loans for Form 5500 reporting purposes.

Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees

We have audited the financial statements of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025 and we will issue our report thereon dated August 21, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (financial information) by Fidelity, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 15, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Plan management's estimates of the fair values of the Plan's mutual fund investments are based on the quoted net asset values of the shares as reported by the funds. We evaluated the key factors and assumptions used to develop the fair value estimates of these investments in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered delays during the audit in receiving requested information needed to complete the audit due to the merger into the Plan.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 24, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Administrator and management of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees

In planning and performing our audit of the financial statements of Equus Workforce Solutions Retirement Savings Plan for Puerto Rico Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies.

Finding: Untimely Remittance of Contributions

Condition: Testing of 401(k) contributions identified multiple instances of untimely remittances, with delays ranging from 7 to 11 days. As of December 31, 2025, \$60,357 of late contributions had been remitted. Additionally, SCA contributions totaling \$78,924 were not remitted until April 2026 and were recorded as a receivable at year-end.

Criteria: ERISA requires participant contributions to be remitted as soon as administratively feasible following segregation from employer assets. Employer contributions must be remitted in accordance with the Plan document, and participant transactions must be processed accurately.

Cause: Insufficient controls over the timeliness of contribution remittances and review of payroll data submitted to the recordkeeper.

Effect: Late remittances may constitute prohibited transactions and require correction, including lost earnings. Payroll errors resulted in misstated participant account balances.

Recommendation: Management should ensure contributions are remitted as soon as administratively feasible, implement controls to verify all payroll periods are funded timely and completely, and strengthen review procedures over payroll transmissions. Identified errors should be promptly corrected.

This communication is intended solely for the information and use of management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
