Report of Independent Auditors

Retirement and Benefits Committee
Haynsworth Sinkler Boyd, P.A. 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Haynsworth Sinkler Boyd, P.A. 401(k) Plan (the "Plan"), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Opinion (continued)

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance auditing standards generally accepted in the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audits of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement and Benefits Committee
Haynsworth Sinkler Boyd, P.A. 401(k) Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the Haynsworth Sinkler Boyd, P.A. 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan’s documents for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Haynsworth Sinkler Boyd, P.A. (the “Company”) which covers employees of the Company who meet the age requirement of at least twenty-one years old and have at least 1,000 hours of service in a specified 12-month period beginning on the employees’ date of hire. Part-time employees are eligible once they have worked 1,000 hours of service within a 12-month period. Leased employees, independent contractors, and residents of Puerto Rico or any other United States territories are excluded from participation in the Plan.

The Plan uses Principal Trust Company (“Principal”) as its custodian and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan allows contributions of any portion of a participant’s pre-tax annual compensation, as defined in the Plan and subject to contribution limitations specified by law. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans. Participants who do not choose a specific deferral rate are automatically enrolled into the Plan at a deferral rate of 2% of pre-tax compensation, unless they opt out of participating in the Plan. The deferral rate for those participants automatically enrolled increases by 1%, each April 1st, up to a maximum of 10%, unless they elect otherwise.

The Company makes non-elective safe harbor matching contributions to each participant’s account equal to 100% of the first 2% of the participant’s eligible compensation. The Company may also make discretionary matching and/or profit-sharing contributions to each participant’s account, all subject to limitations specified by applicable laws and regulations, at the option of the Company’s management committee. The Company approved profit-sharing contributions of approximately \$2,415,000 and \$2,240,000 for the years ended December 31, 2025 and 2024, respectively.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, allocation of Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer matching contributions, and actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit-sharing contributions are based on years of continuous service. Participants are 20% vested in the Company's discretionary profit-sharing contributions after two years of service with additional vesting of 20% for each of the next four years, resulting in 100% vesting after the sixth year.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 less any outstanding loan balance, if any during the one-year period ending on the day before the new loan is made. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 4.25% to 10.50% as of December 31, 2025. Loan terms range from one to five years, except for loans made for the purchase of a primary residence. A participant may have no more than three notes due to the Plan at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of service a participant may, subject to certain conditions, elect to receive their vested portion of Plan assets under several payout options specified in the Plan's documents. Subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed. If a participant's vested account balance does not exceed \$5,000, the Plan may automatically distribute the participant's vested account balance.

1. Description of Plan (continued)

Payment of Benefits (continued)

Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions. Participants automatically begin receiving distributions on April 1st of the calendar year following the year in which they have attained 73 years of age. If the participant's account balances does not exceed \$1,000 at the time of termination, the Plan automatically distributes the participant's account balance in a lump sum.

Forfeitures

Participants withdrawing from the Plan with non-vested employer discretionary contributions in their accounts forfeit their share of non-vested contributions and earnings thereon. The Plan's provisions allow these amounts to be used to offset plan administrative expenses, to reduce any employer contributions, or to be reallocated back to active participants as discretionary contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately \$18,000, annually. Additionally, employer contributions were reduced by approximately \$18,000 and \$44,000 for the years ended December 31, 2025 and 2024, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in discretionary employer matching and profit-sharing contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with the accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Payment of Benefits

Benefit payments are recorded when paid.

3. Custodian Certifications

Amounts recorded in the accompanying financial statements as of, and for the years ended December 31, 2025 and 2024, related to investments, notes receivable from participants, net appreciation in fair value of investments, and interest and dividends, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal, the custodian of the Plan.

4. Fair Value Measurements

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair market value of certain financial instruments could result in a different fair value measurement at the reporting date.

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were used by the Plan.

Notes to Financial Statements
December 31, 2025 and 2024

4. Fair Value Measurements (continued)

Mutual funds– Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Collective trusts –Valued at the NAV, as provided by Principal, as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of the underlying investments held less the account’s liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Were the Plan to initiate a full redemption of the accounts, the account provider reserves the right to temporarily delay withdrawal from the accounts in order to ensure that security liquidations will be carried out in an orderly business manner.

Pooled separate accounts –Valued at NAV, as provided by Principal, as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount differing from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Self-directed brokerage accounts –Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Investments at fair value				<u>\$ 142,631,265</u>

(a) Certain investments that were measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for plan benefits.

5. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the letter of determination. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan was qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's policy is to prepare its financial statements in accordance with US GAAP, which requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

At December 31, 2025 and 2024, the Plan held investments sponsored by Principal. Fees paid by the Plan to Principal for custodial, recordkeeping, and investment advisory services amounts to approximately \$185,000 and \$167,000, respectively. The Company also has notes receivable from participants. These transactions qualify as allowable party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

7. Subsequent Events

Management evaluated events and transactions after December 31, 2025 through July 27, 2026, the date the financial statements were available to be issued, for subsequent events, and determined that there were no subsequent events to report.
