INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Access Intelligence LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Access Intelligence LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Access Intelligence LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Access Intelligence LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Access Intelligence LLC 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Access Intelligence LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Access Intelligence LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025, and of assets (held at end of year) as of December 31, 2025, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Access Intelligence LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Access Intelligence, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents, as amended, for a more comprehensive description of the Plan's provisions.

General

Access Intelligence, LLC (the "Company", "Employer", or "Plan Sponsor") established the Plan on December 1, 2000, and most recently amended effective September 1, 2025. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and provide benefits in the event of disability, death, termination, or financial hardship. The Plan is a defined contribution Plan covering all eligible employees of the Company upon employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC).

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued. Effective June 1, 2024, the Company adopted certain optional provisions operationally under the SECURE 2.0 Act, including the implementation of federally declared disaster loans, federally declared disaster distributions, and domestic abuse distributions. Additionally, the Plan administratively implemented Section 125 of the SECURE 2.0 Act, which reduces the service requirement for long-term, part-time employees who become eligible to make elective deferrals from three consecutive years to two consecutive years, of at least 500 hours of service. Effective January 1, 2025, Section 109 of SECURE 2.0 was administratively adopted by the Plan, which permitted additional catch up contributions for participants ages 60-63.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Company has appointed Principal Life Insurance Company (the "Custodian") and Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company (the "Trustee") to serve as the Plan's directed trustee and asset custodian. An affiliate of the Custodian and Trustee, provides record-keeping services and manages participant accounts and participant related transactions.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the Company who have attained the age of 21, except for hourly-paid employees and independent contractors are eligible to participate in the Plan through elective deferrals and receive Employer discretionary matching and profit-sharing contributions. To be eligible to receive Employer discretionary profit-sharing contributions, employees must be an active employee on the last day of the Plan year.

Participant contributions

Participants are allowed to contribute up to 75% of their eligible compensation, as defined in the plan documents, on a tax-deferred or Roth basis, up to the annual contribution limit as defined in the IRC. Eligible participants are auto enrolled in the Plan with a contribution of 6% of their eligible compensation; unless such employees affirmatively elect otherwise. Effective September 1, 2025, the automatic enrollment contribution rate for employees first auto-enrolled on or after that date increased from 6% to 7% of eligible compensation, unless such employees affirmatively elect otherwise.

Plan participants who have attained age 50 or older before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC. Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans and individual retirement accounts.

Employer contributions

The Employer may make discretionary matching contributions or discretionary profit-sharing contributions to the eligible employees. The Employer discretionary matching contribution is equal to 20% of the first 5% of eligible based compensation that a participant contributes to the Plan. If a participant elects a deferral greater than 5%, the Employer will match 1% of the eligible based compensation that a participant contributes to the Plan. Employer discretionary matching contributions for the year ended December 31, 2025 were \$162,362. There were no Employer discretionary profit-sharing contributions made for the Plan year ended December 31, 2025.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Employer contributions, Plan earnings, are charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are 100% vested in their contributions and rollover contributions.

Employer discretionary matching and profit-sharing contributions, are subjected to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination of employment, attainment of age 65, financial hardship, disability, or death. A participant reaches early retirement age at 55 and attaining 5 years of vested service. Upon termination, if a participant's vested account balance is equal to or less than \$1,000, the balance is immediately distributed as a lump-sum payment directly to the participant. Upon termination, if a participant's vested account balance is greater than \$1,000 and less than or equal to \$7,000, benefits may, at the option of the participant, be paid as a cash distribution, rolled over to another qualified retirement plan or an individual retirement account (IRA), or if no election is made transferred to an IRA. If the account balance is greater than \$7,000 upon termination, the participant can consent to either a distribution paid in the form of a lump sum cash payment, a direct rollover into another qualified plan, paid as a lifetime annuity, partial payment or postpone payment to a later date and remain in the Plan as described in the plan documents.

Upon attaining the age of 59 ½, the participant may elect an in-service withdrawal, while still employed by the Company, from their account balance. In certain circumstances as described in the plan documents and in accordance with Internal Revenue Service (IRS) regulations, participants may make a financial hardship withdrawal of all or part of their vested account. The Plan also provides for minimum required distributions per IRS regulations by April 1 of the Calendar year.

Forfeitures

Forfeitures may occur as a result forfeited non-vested Employer contributions. The Plan provides that forfeited accounts may be used to pay the Plan's administrative expenses, allocated to participants or reduce Employer contributions. During the year ended December 31, 2025, \$25,501 of forfeitures were used to reduce Employer contributions. The unallocated forfeiture balance as of December 31, 2025 and 2024, was \$4 and \$3, respectively.

Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow not less than \$1,000 and up to a maximum equal to the lesser of \$50,000 or the greater of 50% of their vested account balance, subject to certain reductions as defined in the Plan. A participant may be granted two loans during any one-year period, however only one loan may be outstanding at a time. The notes receivable from participants ("participant loans") must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment term may exceed five years until the maximum of ten years. Participant loans are secured by the respective participant's vested account balance. Participant loans bear interest at the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. As of December 31, 2025, outstanding participant loans matured at various dates through September 2030 and had rates of interest ranging from 4.25% to 9.50%.

Administrative expenses

Certain administrative expenses of the Plan, including audit fees, were paid by the Company for the year ended December 31, 2025. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses include but are not limited to investment expenses and costs to process distributions and notes receivable from participants.

Revenue sharing account

The Plan has a revenue sharing or expense budget account, which represents a suspense account under the Plan that shall be credited with all amounts received by the Plan that do not consist of earnings on Plan investments or Plan contributions and are not specifically attributable to identified participant accounts. The revenue sharing account can be used to pay plan expenses incurred in connection with the operation of the Plan. Also, at the discretion of the Plan Sponsor, all amounts remaining in the account as of the last day of the Plan year may be allocated to the accounts of participants and beneficiaries who have account balances as of the allocation date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities. Actual results could differ from these estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on sales of investments bought and sold as well as held during the year.

Contributions and contribution receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions, if any, are recorded in the year they are earned and to coincide with the year in which the Employer records the contribution in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Custodian and Trustee.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and a distributable event occurs, the plan administrator deems the participant note to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through August 24, 2026, the date the financial statements were available for issuance. Effective January 1, 2026, management has administratively implemented the provisions of the SECURE 2.0 Act requiring catch-up contributions made by certain participants who attain age 50 or older and whose prior-year wages exceed the applicable IRS threshold be designated as Roth (after-tax) contributions. The Plan has not been formally amended to adopt these provisions.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian and Trustee (Note 1), determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of the following information ("certified information"):

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net appreciation in fair value of investments, interest and dividends, and other income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025, ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value within a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or.
- *Level 3* - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the SEC. These funds are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (continued)

Collective investment trusts (CITs): Valued at the net asset value (NAV) per unit, as a practical expedient to estimate fair value, which is based on the underlying assets owned by the trust, minus its liabilities, and then divided by the number of units outstanding. CITs invest in diversified portfolios of domestic and international equity securities, fixed income securities, stable value investments, and other pooled investment vehicles. Certain funds utilize target-date strategies that automatically adjust asset allocations among equity and fixed income investments based on a participant's expected retirement date, while other funds focus on specific investment objectives, including capital appreciation, income generation, and capital preservation. Participant transactions (purchases and sales) may occur daily. The funds do not require advance redemption notice. The Plan had no unfunded commitments related to these investments as of December 31, 2025.

Pooled separate accounts (PSAs): Units held in separate accounts are valued at the NAV per unit, as a practical expedient to estimate fair value, based on the quoted market price of the respective funds' underlying investments. The PSAs invest in diversified portfolios of domestic and international equity securities, fixed income securities, and real estate-related investments and are designed to provide long-term capital appreciation, income generation, and diversification across various asset classes and investment styles. Participant transactions generally occur daily at NAV. The pooled separate accounts do not require advance redemption notice; however, certain funds are subject to a 30-day transfer restriction intended to limit frequent trading activity. The Plan had no unfunded commitments related to these investments as of December 31, 2025.

Were the Plan to initiate a full redemption of the trust, certain fund managers reserve the right to temporarily delay or suspend withdrawals to facilitate the orderly liquidation of underlying securities in unusual market conditions. Management is not aware of any circumstances that would cause the Plan to be unable to redeem its investments at NAV per unit as of year-end. These investments have not been classified in the fair value hierarchy in accordance with ASC 820.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Registered investment companies	<u>\$ 4,099,749</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 4,099,749
Investments measured at NAV practical expedient*				<u>32,966,991</u>
				<u>\$ 37,066,740</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Registered Investment Companies	<u>\$ 3,370,578</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 3,370,578
Investments measured at NAV practical expedient*				<u>31,546,690</u>
				<u>\$ 34,917,268</u>

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the full value of each participant's account would become fully vested and nonforfeitable.

6. TAX STATUS

The Plan adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the "pre-approved plan"). The IRS issued an opinion letter to the issuer of the pre-approved plan dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

ERISA defines parties-in-interest similarly to the definition of related parties under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan has included in its investment fund options certain funds managed by the Trustee or one of the trustees' affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

The Custodian and Trustee retain as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
