Independent Auditors' Report

To the Trustees of
Accel Holdings, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Accel Holdings, Inc. 401k Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Accel Holdings, Inc. 401k Plan’s 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Accel Holdings, Inc. 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Subsequent Event

As discussed in Note 9 to the financial statements, Accel Holdings, Inc., the Plan's sponsor, entered into an agreement to be acquired, with the transaction expected to be effective October 1, 2026, and the Company expects that the Plan will not continue following the transaction. As of the date of this report, the method and timing by which participant account balances will be transferred or distributed had not been determined. Our opinion is not modified with respect to this matter.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Accel Holdings, Inc. 401k Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Accel Holdings, Inc. 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Accel Holdings, Inc. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statements

Plan management is responsible for the accompanying financial statements of, Accel Holdings, Inc. 401k Plan, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statements.

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the Accel Holdings, Inc. 401k Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. *General* - The Plan was established January 1, 1976 and is a defined contribution plan. Employees are eligible to participate in the Plan after one month of service and are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions* - Participants may make pre-tax and/or Roth contributions of up to 100% of pay, subject to IRC limits. Participants are automatically enrolled at 5% unless they elect a different percentage. Participants may also make eligible rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions to the participants accounts. The match contribution was determined to be 100% of the first 3% and 50% of the next 2% of the participant’s annual contribution for the year ended December 31, 2025.
3. *Participant Accounts* - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeitures not used to pay Plan expenses or offset Company contributions are allocated to eligible participants based on annual pay. Participants are entitled to the vested portion of the participant’s account.
4. *Vesting* - Participants are immediately vested in their elective deferral contributions and related earnings. Participants are also immediately vested in employer safe harbor matching contributions and related earnings. Employer top-heavy minimum contributions are subject to a three-year cliff vesting schedule. Vesting is based on years according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
2 or less years of service	0%
3 years of service	100%

5. *Notes Receivable from Participants* - Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Only one loan may be outstanding at a time. The maximum term of a loan is five years, apart from primary residence loans which are 15 years. The loans are secured by the balance in the participant’s account and bear interest at 5.25% to 10.50%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.
6. *Forfeitures* - Forfeitures may first be used to pay administrative expenses of the Plan and then can be allocated to participants’ accounts. For the year ended December 31, 2025, the amount of forfeitures used to reduce administrative expenses and allocated to participant accounts was \$26 and \$583, respectively. The balance of unapplied forfeitures was \$0 and \$0 as of December 31, 2025 and 2024, respectively.

Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan (Continued)

7. *Payment of Benefits* - Upon termination of service or reaching retirement age of 65, participants with a vested account balance greater than \$7,000 may elect to receive either a lump-sum amount equal to the value of his or her account, partial payments, or a direct rollover to another retirement account. Under the Plan's mandatory distribution provision, accounts with vested balances greater than \$1,000 but less than \$7,000 will be automatically distributed as a rollover to an Individual Retirement Account if the participant does not elect a different form of distribution after receiving the required notification. Participants with a vested balance of \$1,000 or less will receive a lump-sum payment upon termination of service.
8. *Hardship Withdrawals* - Participants may elect to withdraw all or a portion of their vested balances if they incur a financial hardship. Permitted hardships include qualifying medical expenses; purchase of a primary residence; prevention of eviction from or foreclosure on a primary residence; qualifying post-secondary education expenses for the participant, spouse, children, or dependents; funeral or burial expenses for parents, spouse, children, or dependents; qualifying repairs to a primary residence; expenses and losses arising from a FEMA-declared disaster when the participant's primary residence or place of employment was in the designated individual-assistance area; and any other reason permitted by applicable Treasury regulations.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for guaranteed investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to guaranteed investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Valuation policies of the Plan are determined by utilizing information provided by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Note 2 - Summary of Accounting Policies (Continued)

Date of Management's Review - Management has evaluated subsequent events through August 24, 2026, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies as of December 31, 2025.

Self-directed brokerage accounts: Accounts consist of participant-directed securities that are valued using quoted market prices in active markets.

Pooled separate accounts: Pooled separate accounts invest in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the net asset value of the pooled separate account, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The net asset value is the basis for current transactions, and the pooled separate accounts can be redeemed at net asset value as of the measurement date.

Accel Holdings, Inc. 401k Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurement (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Notes to Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurement (Continued)

(a) The guaranteed investment account is measured at contract value rather than fair value because contract value represents the amount participants normally would receive upon initiating permitted transactions under the terms of the Plan. Accordingly, the guaranteed investment account has not been classified within the fair value hierarchy. The amount presented in this table is intended to permit reconciliation of total investments to the line items presented in the statements of net assets available for benefits.

The Plan recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. For the years ended December 31, 2025 and 2024, there were no significant transfers between levels.

Note 4 - Related Party Transactions

Certain plan investments are shares of mutual funds managed by Principal Life Insurance Company and The Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Principal Trust Company is also the contract administrator and qualifies as a party-in-interest. Fees paid by the Plan for commissions and fees amounted to \$15,645 and for the year ended December 31, 2025.

Note 5 - Administrative Expenses

Plan expenses may be paid from participant accounts to the extent permitted by ERISA and the Plan. The Company may also pay certain Plan expenses directly.

Note 6 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

As described in Note 9, the Company expects that the Plan will not continue following the transaction described therein. No formal action to terminate the Plan has been taken as of December 31, 2025, or as of the date these financial statements were available to be issued.

Note 7 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan sponsor believes that the Plan, as amended, continues to qualify and to operate as designed. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Information Prepared and Certified by Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and The Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians, have certified the following investments and investment income information to be complete and accurate.

Note 9 – Subsequent Event

Subsequent to December 31, 2025, Accel Holdings, Inc. (the Company), the Plan's sponsor, entered into an agreement to be acquired by Marsh & McLennan Agency. The transaction is expected to be effective October 1, 2026.

In connection with the transaction, the Company expects that the Plan will not continue and that participants' account balances will be transferred to another qualified plan or distributed to participants in accordance with the Plan document and applicable laws and regulations. As of the date these financial statements were available to be issued, the Company was in the process of evaluating the transition of employee benefits, and the method and timing by which participant account balances will be transferred or distributed had not been determined. If the Plan is terminated, participants would become 100 percent vested in their account balances.

No amounts related to the transaction are reflected in the accompanying financial statements.
