Independent Auditors' Report

To the Plan Administrator
Stauffer Manufacturing Company
401(k) Profit Sharing Plan
Red Hill, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Stauffer Manufacturing Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Stauffer Manufacturing Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator
Stauffer Manufacturing Company 401(k) Profit Sharing Plan
Red Hill, Pennsylvania

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stauffer Manufacturing Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stauffer Manufacturing Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator
Stauffer Manufacturing Company 401(k) Profit Sharing Plan
Red Hill, Pennsylvania

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stauffer Manufacturing Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stauffer Manufacturing Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
Stauffer Manufacturing Company 401(k) Profit Sharing Plan
Red Hill, Pennsylvania

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Stauffer Manufacturing Company (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for all eligible employees of the Company. Employees who have 60 days of service are eligible to participate. Employees are able to enter the Plan the first day of the calendar month coinciding with or next following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants can elect to defer a percentage of their compensation, as defined in the Plan, up to a maximum contribution of \$23,500 in 2025. Participants who are age 50 and older and contribute the maximum permitted under the Plan may make an additional pre-tax contribution (a "catch-up contribution") of up to \$7,500 in 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants may designate a percentage of after-tax compensation as Roth contributions. The Plan provides company matching contributions of 100% of the first 3% of eligible compensation, plus 50% of the next 2% of eligible compensation in accordance with safe harbor provisions of the Plan.

Additional profit-sharing amounts may be contributed at the discretion of the Company. There were no discretionary contributions for 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. The investment of each participant's account is directed by the individual participant.

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings (losses) thereon. Participants are immediately 100% vested in the company safe harbor matching contributions. Vesting in the Company's profit-sharing and employer match contribution of their accounts is based on a rate of 20% per year for each year of service after two years. A participant is 100% vested after six years of credited service.

Regardless of the vesting schedule, a participant will become fully vested upon death, disability, and at normal retirement age.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions. Any loan will by its terms require that repayment be over a period not extending beyond 5 years from the date of the loan, unless the loan is for the purchase of a participant's primary residence in which the loan repayment period may not extend beyond 30 years.

Payment of Benefits

On termination, due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than the participant's assumed life expectancy. However, if the participant's vested benefit does not exceed \$5,000, it will be distributed as a lump sum as soon as practicable.

Forfeited Accounts

The nonvested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan for several purposes. Forfeitures will be allocated in the same proportion that a participant's compensation bears to the total compensation of all participants. There were balances of \$194 and \$179 in the non-vested account at December 31, 2025 and 2024, respectively. No forfeited amounts were used in 2025.

Administrative Costs

Most of the administrative expenses of the Plan are paid by the Company.

Plan Amendments

On December 29, 2022, the "Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act" was signed into law in the United States. The Secure 2.0 Act is an expansion of the Secure Act passed during 2019. The Act includes several mandatory and optional provisions that will become effective across several years. The Secure 2.0 Act aims to expand retirement access, increase retirement savings, and simplify plan administration. Plans may choose to operationally implement the provisions of the Secure 2.0 Act; however, plan administrators have until December 31, 2026 to officially amend the plan document to reflect the provisions adopted by the plan.

Effective October 1, 2025, the plan was amended to add loan provisions to the plan to allow participant's the ability to take a loan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The VOYA Fixed Account is fully benefit-responsive and is reported at contract value. Contract value represents the value of the fund as of the last business day in the Plan year plus any accrued interest through the last day of the Plan year. The principal due under the contract and termination value is based upon the terms and conditions of the Plan's policy. The Plan's investments in pooled separate accounts (which primarily are made of registered investment companies) are stated at net asset value as a practical expedient. Net appreciation or depreciation of investments is reported on the statement of changes in net assets available for benefits and consists of realized gains and losses and the unrealized appreciation or depreciation of these investments. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals and is calculated each day the principal market is open and available to any participant in the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses, excluding transaction fees, are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Date of Management's Review

Management has evaluated subsequent events through August 19, 2026, the date which the financial statements were available to be issued.

NOTE C - RELIANCE ON TRUSTEE REPORT

The administrator of the Plan has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Under that section, no auditing procedures are required to be performed with respect to the investment information certified by VOYA Retirement Insurance and Annuity Company, the custodian of the Plan, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, other than comparing such information to that contained in the financial statements and supplemental schedule.

	<u>2025</u>	<u>2024</u>
Pooled separate accounts	\$ 33,402,051	\$ 28,000,192
General account	3,090,807	3,622,967
Investment income		
Net appreciation in fair value of pooled separate accounts	4,653,394	*
Interest from general account	90,713	*

* 2024 investment income was not presented in the financial statements.

NOTE D - FAIR VALUE MEASUREMENTS

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. *Level 2* inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. *Level 3* inputs are unobservable inputs based on the Plan's assumptions used to measure assets and liabilities at fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Assets of the Plan for which fair values are determined on a recurring basis are as follows:

	Net Asset Value (a)	
	2025	2024
Pooled separate accounts	\$ <u>33,402,051</u>	\$ <u>28,000,192</u>

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Pooled separate accounts consist primarily of registered investment companies and are priced daily. These are valued at the net asset value based on the value of the underlying assets. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Period Notice
	2025	2024			
Pooled separate accounts					
Asset Allocation (1)	\$ 5,356,482	\$ 4,044,581	None	Daily	None
Balanced (2)	6,263,528	5,341,844	None	Daily	None
Large Cap Growth (3)	10,778,306	9,463,431	None	Daily	None
Large Cap Value (4)	5,879,312	4,932,135	None	Daily	None
Small/Mid/Specialty (5)	2,085,868	1,766,038	None	Daily	None
Global/International (6)	3,038,361	2,452,151	None	Daily	None
Money Market (7)	194	12	None	Daily	None
	<u>\$ 33,402,051</u>	<u>\$ 28,000,192</u>			

The investment strategies of the pooled separate accounts are as follows:

- (1) Asset allocation funds seek returns commensurate with the amount of risk that a participant has selected.
- (2) Balanced funds seek income and equity securities for growth.
- (3) Large cap growth funds seek long-term growth of capital.
- (4) Large cap value funds seek large capitalization companies with strong potential for long-term earnings growth.
- (5) Small/mid/specialty funds seek small capitalization companies, mid-capitalization companies, commodities and real estate.
- (6) Global/international funds seek high total return utilizing U.S. and foreign equity.
- (7) Money markets are invested in highly liquid money market accounts.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Fully benefit-responsive investment contracts consist of the following as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Voya Fixed Account	\$ 1,935,882	\$ 1,981,677
Voya Fixed Account A	<u>1,154,925</u>	<u>1,641,290</u>
 TOTAL FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACTS	 <u>\$ 3,090,807</u>	 <u>\$ 3,622,967</u>

Fully benefit-responsive contracts require participant-initiated transactions to occur at contract value with no conditions, limitations, or restrictions. The value shown above reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date. The Voya Fixed Accounts guarantee minimum rates of interest and may credit interest that exceeds the guaranteed minimum rates. Daily credited interest becomes part of principal and the investment increases through compound interest. The Voya Fixed Accounts are intended to be a long-term investment for participants seeking stability of principal, therefore Voya Retirement Insurance and Annuity Company ("VRIAC") may impose restrictions on the ability to move funds into or out of this investment option or among investment options in general. These restrictions help VRIAC to provide stable credited interest rates which historically have not varied significantly from month to month despite the general market's volatility in new money interest rates. The Voya Fixed Account guarantees principal and guaranteed minimum interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will become 100% vested.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE G - TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan with CODA sponsored by CCH Incorporated. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the Plan is a qualified plan under Section 401(k) of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan, as amended, is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by the custodian, and, therefore, all transactions involving these investments qualify as party-in-interest transactions. Certain participants have outstanding loans with the Plan as of December 31, 2025. These transactions qualify as party in interest transactions and are allowable transactions under ERISA guidelines.

NOTE I - RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in participant account balances and in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENT

Effective January 1, 2026, the plan was amended to switch to a Qualified Automatic Contribution Arrangement (QACA) Plan with a two-year cliff vesting schedule, to update eligibility timing to match other benefits, and to add an auto increase provision.
