INDEPENDENT AUDITORS' REPORT

To the Plan Trustee of
Laurence School 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Laurence School 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at Year End as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan and Contributions

The following description of the Laurence School 401(K) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Laurence School (the “School”) is the Plan Sponsor. The Plan became effective January 1, 1997. Participants should refer to the most recent Plan Documents for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all eligible employees of the School. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility: Employees become eligible to participate upon attaining age 21. The following classifications are excluded: (i) nonresident aliens with no U.S.-source earned income, (ii) leased employees, and (iii) union employees covered by a collective bargaining agreement for whom retirement benefits were the subject of good-faith bargaining.

Participant Contributions: Participants may voluntarily contribute to the Plan up to 100% of their pre-tax annual compensation as defined in the Plan. Contributions may not exceed the limits and maximum amounts deductible under the regulations of the Code.

Participants who attain age 50 before the end of the year may make catch-up contributions as permitted under the Code. Contribution elections may be changed each payroll period.

Employer Contributions: The School may make discretionary matching contributions, including tiered matching, as determined annually. For the six months ended December 31, 2025, the School made employer contribution totaling \$579,581.

Investment Direction: Participants direct the investment of all amounts in their individual accounts among the Plan’s designated investment options.

Vesting: The participants are 100% vested with respect to their own contributions upon entering the Plan. The vesting percentages for the employer matching contributions based on years of service are as follows:

<u>Years of Service</u>	<u>Percentage</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants may also become fully vested when they attain the normal retirement age, die, or become permanently disabled.

See independent auditors’ report.

Note 1 – Description of Plan and Contributions (Continued)

Forfeitures: Participants' accounts are forfeited if the employer contribution portion has not fully vested at the date of termination. These amounts will be utilized to pay administrative expenses of the Plan or to reduce employer contributions. For the year ended December 31, 2025, no forfeiture was utilized to reduce employer contributions. The forfeiture balance was \$14,212 at December 31, 2025.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at a time. Loans are secured by the participant's vested account and bear interest at a fixed rate equal to the prime rate plus 2%. Loans are amortized on a level basis with payments at least quarterly, generally over no more than five years, except principal-residence loans, which may have a term of up to 20 years. Repayments are typically made via payroll deduction.

Administrative Expenses: For the year ended December 31, 2025, the School incurred administrative expenses of \$48,800. Certain administrative costs are paid from plan assets and are presented as administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment-related fees are deducted directly from the funds and therefore are netted in investment income. Substantially all other costs are paid by the School.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Basis of Accounting: The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis.

See independent auditors' report.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: Investments in pooled separate accounts are valued at estimated fair value as reported by John Hancock Life Insurance Company as determined by the quoted market prices of the underlying investments. Investments in guaranteed interest accounts are valued at cost plus accrued interest which approximate fair value. Investment income is recorded when earned. See Note 6 for a discussion of fair value measurements.

Net appreciation in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

Note 3 – Exempt Party-In-Interest and Related Party Transactions

The Plan's investment assets represent funds invested in or maintained by John Hancock. Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan also issues loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest transactions for which a statutory exemption exist. For the year ended December 31, 2025, four new loans were issued totaling \$50,759.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would receive distributions of their account balances. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

See independent auditors' report.

Note 5 – Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2025, and net investment gain and interest on notes receivable from participants for the year ended December 31, 2025 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company.

Note 6 – Fair Value Measurements

Assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure the fair value. Level inputs, as defined by ASC 820, are as follows:

- Level 1 – quoted prices in active markets for identical assets or liabilities
- Level 2 – other significant observable inputs for the assets or liabilities through corroboration with market data at the measurement date
- Level 3 – significant unobservable inputs that reflect management's best estimate of what market participants would use to price the assets or liabilities at the measurement date

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the daily closing price as reported by the underlying fund. The underlying investments are mutual funds held by the Plan that are registered with the Securities and Exchange Commission. The underlying investments of the pooled separate accounts held by the Plan are deemed to be actively traded.

Investment in general accounts: Valued at cost plus accrued interest.

See independent auditors' report.

Note 6 – Fair Value Measurements (Continued)

The following table shows the Plan's assets at fair value as of December 31, 2025:

Investments at Fair Value as of December 31, 2025				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separated accounts	\$ 14,265,662	\$ -	\$ -	\$ 14,265,662

Total investments	<u>\$ 14,419,937</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,419,937</u>

The following table shows the Plan's assets at fair value as of December 31, 2024:

Investments at Fair Value as of December 31, 2024				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separated accounts	\$ 11,783,292	\$ -	\$ -	\$ 11,783,292
Investment in general account	135,374	-	-	135,374
Total investments	<u>\$ 11,918,666</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,918,666</u>

The valuation techniques used to measure fair value of the investments are included in Note 2.

Note 7 – Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Instances of operational non-compliance with the terms of the Plan were discovered. The non-compliance consisted of improper determination of eligible compensation used to compute the contribution withholdings as well as matching contributions. Management is in the process of taking corrective actions.

Note 8 – Notes Receivable from Participants

Loans to participants bear interests at 5.25% to 10.25% and loan balances range from \$171 to \$27,797 at December 31, 2025.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

See independent auditors' report.
