Independent Auditor's Report

To the Health Care Logistics 401k Committee and
Plan Participants of the Health Care Logistics, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Health Care Logistics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Health Care Logistics, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Health Care Logistics, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have

obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Health Care Logistics, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health Care Logistics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Health Care Logistics, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Health Care Logistics, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of the Plan

The following description of the Health Care Logistics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended.

General

The Plan is a defined contribution plan covering substantially all employees of Health Care Logistics, Inc. (the “Employer”) who are at least 18 years of age and have completed six months of employment.

Administration

The Employer’s Health Care Logistics 401k Committee (the “Committee”) is the Plan administrator and is responsible for the general operation and administration of the Plan.

Empower Trust Company, LLC (“ETC”) is the trustee and holds the Plan’s investments, Empower Annuity Insurance Company of America (“EAICA”) is the insurance company and holds the annuity contract, and Empower Retirement, LLC is the third party recordkeeper.

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill”) is the Plan’s investment advisor and provides education and Plan services.

Contributions

Employer contributions:

The Employer provides a safe harbor matching contribution of 100% of the first 3% of the participant’s voluntary contribution and 50% of the next 2% on a payroll period basis. The Employer may also provide an additional discretionary employer matching contribution. There were no additional discretionary employer matching contribution for the years ending December 31, 2025 and 2024, respectively.

The Employer may also provide a discretionary employer contribution, to be allocated in the ratio of a participant’s annual compensation for the Plan period to the total annual compensation of all participants. The annual compensation of each participant taken into account under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code (the “Code”). There were no discretionary contributions for the years ending December 31, 2025 and 2024, respectively.

Participant’s voluntary contributions:

A participant may elect to make a voluntary tax-deferred contribution or Roth contribution of 1% to 100% of their compensation up to the maximum permitted under Section 402(g) of the Code adjusted annually. Section 401(k) of the Code may limit this voluntary tax-deferred contribution.

A newly eligible employee who has not made an alternative election will be automatically enrolled in the voluntary contribution portion of the Plan at a rate of 5%. The contribution rate will automatically increase by 1% each January 1 until it reaches a maximum of 10%.

Health Care Logistics, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Participant's catch-up contributions:

Participants who attain age fifty prior to the Plan year-end are eligible to make catch-up contributions, in an amount equal to the maximum allowable under the Code. Effective January 1, 2025, pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0), participants who attain ages 60–63 prior to the Plan year-end are eligible to make additional 'super catch-up' contributions, subject to the increased limits permitted under the Code.

Investment Options

Both Employer and participant contributions are participant directed into various investment options offered by the Plan. The Employer periodically reviews and may make changes to the investment choices available in order to ensure the funds offered are meeting the investment objectives and the financial goals of the participants.

The Plan's investment options offered as of December 31, 2025, include mutual funds and a general account product of EAICA. As of December 31, 2024, the Plan's investment options included mutual funds, a general account product of EAICA, and actively managed investment portfolios consisting of set percentage mixes of certain of the offered mutual funds. The actively managed investment portfolios were discontinued in November 2024.

If a participant makes no investment election, contributions made into such participant's account are invested in the Plan's qualified default investment alternative ("QDIA") as specified in the plan document. The Plan's QDIA is an age-based portfolio that invests in a set percentage mix of certain of the mutual funds offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions and allocated investment earnings and administrative expenses. Allocations are based on the participant's account balances or earnings. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Payment of Benefits

The full value of a participant's account becomes payable upon retirement, disability, or death. Upon termination of employment for any reason other than death, participants' vested account balances become payable. Terminated participants with vested balances exceeding the Plan's defined threshold may keep their accounts invested in the Plan. Participants who have reached the age specified in the Plan document are required to take minimum annual distributions in accordance with Section 401(a)(9) of the Code.

Participants with vested account balances within the thresholds defined in the Plan document, who have not elected to receive a distribution or roll it over to an eligible retirement plan, will have their balances automatically rolled over to an individual retirement account ("IRA") with a properly accredited and regulated financial institution. All benefits will be paid as a lump-sum distribution. Participants have the option of having their benefit paid directly to an eligible retirement plan specified by the participant.

A participant may request a distribution at any time of their rollover contributions. In addition, a participant, upon reaching age 59½, may withdraw up to 100% of their pre-tax deferrals and Roth

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

deferrals. Additionally, a participant upon reaching age 65 and who is 100% vested may withdraw up to 100% of their account balance. A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

Vesting

A participant is fully and immediately vested for voluntary, catch-up, rollover, and employer safe harbor matching contributions. For Employer discretionary and non-safe harbor matching contributions, a participant is credited with a year of vesting service for each Plan year that they are credited with at least 1,000 hours of service.

A summary of vesting percentages for Employer discretionary and non-safe harbor matching contributions are as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures may be used to reduce the Employer's required contributions or to pay reasonable Plan expenses. Forfeitures used for these purposes totaled \$0 and \$8,848 for the years ended December 31, 2025 and 2024, respectively. The Plan had no unutilized forfeitures as of December 31, 2025 or 2024.

Suspense Amounts

Employer contributions made in excess of allocated amounts are held in a suspense account to offset future required contributions. No amounts were utilized during the years ended December 31, 2025, and 2024. As of December 31, 2025, and 2024, the Plan held \$672 and \$663, respectively, in the suspense account. These balances represent unallocated amounts.

Amounts Allocated to Participants Withdrawn From the Plan

As of December 31, 2025 and 2024, there were \$148 and \$0, respectively, of amounts allocated but not yet paid to participants withdrawn from the Plan.

Expenses

A distribution fee is deducted from participants' accounts for termination and in-service withdrawals. In addition, an annual recordkeeping fee, equal to 25 basis points of participants' average account value, was charged quarterly and deducted from participants' accounts through April 2025. Effective May 2025, the annual recordkeeping fee was reduced to 20 basis points, charged quarterly on participants' average account value and deducted from participants' accounts. Participants who elected to have their investments professionally managed were charged a tiered quarterly fee ranging from 8.75 to 16.25 basis points based on their average account value. These expenses are reported in the financial statements as administrative expenses. The managed account program ceased in November 2024.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be.

Other administrative expenses if so elected by the Employer will be paid out of revenue share (see Note 2).

Any additional Plan expenses are paid by the Employer.

Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Net Appreciation/Depreciation in Fair Value of Investments

Net realized and unrealized appreciation/depreciation are recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Contributions

Contributions from Plan participants and the related safe harbor matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Health Care Logistics, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

Investment Valuation and Income Recognition

Plan investments are reported at either fair value or contract value. See Note 4 for further details on fair value measurements and disclosures and for additional information on the Plan's fixed annuity contract, refer to Note 5.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Share

Revenue sharing and sub-transfer fees received are credited to an administrative account and used to offset administrative fees charged directly to participants. These fees are reported in the Plan's financial statements as part of investment earnings and, when utilized, as administrative expenses.

For the year ended December 31, 2025, the Plan received \$64,067 in fee income and applied \$45,267 toward expenses. For the year ended December 31, 2024, the Plan received \$65,471 in fee income and applied \$45,291 toward expenses.

Additionally, \$22,900 and \$14,065 of revenue sharing was reallocated pro rata to participants based on their account balances during the years ended December 31, 2025, and 2024, respectively.

As of December 31, 2025, and 2024, the Plan held \$7,247 and \$11,347, respectively, in the administrative account. These balances represent unallocated amounts.

Benefit Payments

Benefits are recorded when paid.

3. Unaudited Information Certified by the Plan Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024 and net appreciation in fair value of investments and earnings on investments for the years then ended, was obtained by management and agreed to or derived from information supplied to the Plan administrator and certified as complete and accurate by ETC and EAICA, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets and liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds fair values are determined utilizing quoted market prices reported on the active market on which they are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the fair value of the Plan's assets as of December 31, 2025 and 2024:

December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,881,828	\$ -	\$ -	\$ 20,881,828

December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,655,747	\$ -	\$ -	\$ 18,655,747

5. Fully Benefit-Responsive Investments at Contract Value

Investment in the EAICA fixed-annuity contract (the "Empower Contract") is fully benefit-responsive and is recorded at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents

Health Care Logistics, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The crediting rate is based on a formula established by the Empower Contract, but may not be less than 0.00% and is reviewed quarterly for resetting.

For the years ended December 31, 2025 and 2024, the Plan earned both an average and actual yield of 1.45% and 1.41%, respectively, in relation to the Empower Contract.

The Plan's ability to receive amounts due in accordance with this fully benefit-responsive investment contract is dependent on EAICA's ability to meet its financial obligations. EAICA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with EAICA, the contract issuer. Examples of such events include 1) premature termination of the contract, 2) changes to the Plan's prohibition on competing investment options, and 3) bankruptcy of EAICA, the contract issuer.

The fully benefit-responsive investment contract is subject to early termination penalties that may be significant. There are no reserves against contract value for credit risk of EAICA or other matters.

6. Tax Status

On November 14, 2022, the Internal Revenue Service stated that the non-standardized pre-approved plan adopted by the Employer, as then designed, qualifies under Code Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-interest Transactions

The Employer provides certain administrative services to the Plan at no charge. These are exempt party-in-interest transactions. The Plan also pays the investment advisor's, trustee's, and third party record keeper's fees and these transactions are exempt party-in-interest transactions.
