INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the St. Luke's Health Network 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the St. Luke's Health Network 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the St. Luke's Health Network 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Luke's Health Network 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the St. Luke's Health Network 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the St. Luke's Health Network 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of St. Luke's Health Network 403(b) Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated October 7, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

St. Luke's Health Network 403(b) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

1. Description of Plan

The following description of the St. Luke's Health Network 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by St. Luke's University Health Network (the "Network"), a non-profit, multi-hospital system which provides tertiary care services and education to improve the health status of the greater Lehigh Valley region of Pennsylvania. The Plan's effective date is January 1, 2009. The Plan covers eligible employees of the Network as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 1, 2025, the Grand View Hospital 403(b) Plan was merged with and into the Plan (see Note 10). During 2025, assets of \$140,811,324 were transferred into the Plan as a result of the merger.

Eligibility

Employees are eligible to enter the Plan on the first day of the first payroll period following completion of a valid salary reduction agreement. No minimum age or service is required for participation in the Plan. However, leased employees, independent contractors, employees participating in another 403(b) plan or eligible to participate in a qualified 401(k) plan sponsored by the Network, nonresident aliens, and employees covered by a collective bargaining agreement (other than Miners Union Employees) are ineligible to participate in the Plan.

For purposes of employer matching contributions, the employee had to have been a Miners Union Employee as defined in the Plan document. Miners Union Employees were eligible for employer contributions under the Plan after completion of three months of service. In August 2018, the members of the Miners Union voted to decertify the union.

Contributions

Participants may make voluntary contributions to the Plan by electing to reduce compensation through salary reductions in whole or fractional percentages or fixed dollar amounts. Participants who have attained age 50 before the end of the Plan year and made the maximum amount of elective deferrals for the year are eligible to make "age 50 catch-up contributions" of \$7,500 in 2025 and 2024. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions up to \$11,250 (see Note 11). The Plan also allows for Roth and Roth catch-up contributions. The Plan allows for an automatic enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan, unless they affirmatively elect not to participate in the Plan, at 6 percent of eligible compensation. Participants may also contribute amounts representing distributions ("rollovers") from other 403(b) plans, 401(a)/401(k) plans, and traditional IRAs.

The Network previously contributed to the Plan on behalf of eligible Miners Union Employees, as defined in the Plan document, an amount equal to 50% of the voluntary contributions up to the first 4% of the participants' pre-tax contributions. In August 2018, the members of the Miners Union voted to decertify the union.

As part of the merger with the Grand View Hospital 403(b) Plan, employer contributions related to the last payroll period prior to the merger were deposited into the St. Luke's Health Network 403(b) Plan.

Qualified non-elective contributions may also be contributed by the Network.

Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

Investment Options

Upon enrollment in the Plan, and throughout the Plan year, a participant may direct the investment of their employee and employer contributions in selected mutual funds or a group annuity contract offered by the Plan. If an investment mix or investment fund is not elected, the employee and employer contribution of such participant is invested in a qualified default investment alternative.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions (for Miners Union Employees and Grand View Hospital employees only), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan except for loan origination and other participant directed fees, which are charged directly to the respective participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account. Administrative expenses paid by participants include a quarterly allocation to an unallocated plan account used to assist with the payment of Plan expenses. The balance of this account totaled \$113,484 and \$145,029 as of December 31, 2025 and 2024, respectively. During the years ended December 31, 2025 and 2024, expenses of \$46,866 and \$84,062, respectively, were paid from this unallocated account.

Vesting

Participants are fully and immediately vested in their entire account plus earnings thereon, except for amounts related to employer matching contributions for Miners Union Employees which vest over five years, or upon attainment of normal retirement age, disability or death.

Forfeitures

Forfeited amounts shall be applied to restore previously forfeited accounts, as necessary, to reduce amounts of discretionary match contributions or to pay for Plan expenses. Forfeited accounts totaled \$119,861 and \$750 as of December 31, 2025 and 2024, respectively. During the years ended December 31, 2025 and 2024, \$63,190 and \$15,420, respectively, were used to pay expenses, and amounts of \$46,866 and \$0, respectively, were used to offset employer contributions.

Payment of Benefits

Generally, a participant may request a benefit distribution upon severance from employment in the form of a lump sum distribution with the timing and form of distribution subject to the terms of the funding vehicles in which the participant is invested. Participants who remain employed may elect to receive in-service withdrawals from the Plan once they attain age 59-1/2. In addition, per Internal Revenue Service ("IRS") regulations, participants are required to take their first required minimum distributions ("RMD") by April 1 of the year following the year they reach required minimum distribution age (73 in 2025 and 2024). Provisions are also made for retirement, death, disability and termination benefits. If a participant's vested account balance is less than \$7,000 (see Note 11) upon termination, the Plan administrator may authorize the benefit payment without the participant's consent. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In circumstances when a terminated participant has a vested account balance greater than \$1,000 but less than \$7,000 (see Note 11), if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Hardship Withdrawals

Hardship withdrawals must be approved by the Plan administrator and must be in accordance with guidelines established by the IRS. Hardship withdrawals can be requested in any amount up to the full value of the participant's account and will be distributed in the form of a lump sum payment.

St. Luke's Health Network 403(b) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Loan terms shall not exceed 5 years unless the loan is used to purchase a primary residence, for which applies a maximum period of 10 years. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest (prime plus one percent as of the first day of the calendar quarter in which the loan is processed). Principal and interest were paid ratably through payroll deductions up through June 30, 2016; subsequent to June 30, 2016, principal and interest were paid directly by the participants via coupon payments. Effective for new loans issued after October 1, 2017, principal and interest were paid ratably through payroll deductions. Participants may only have one loan outstanding at any time. Loans initiated on or after March 1, 2020 were only be permitted if the loan was for a hardship reason as determined by the Plan administrator. Effective October 15, 2023, the Plan was amended to remove the restriction that participant loans may only be taken for hardship reasons.

Loans to Participants

Loans to participants were made by Metropolitan Life Insurance Company to participants of St. Luke's Miners Memorial Hospital 403(b) Retirement Plan which was subsequently merged into the Plan. The loans to participants are collateralized by the participant's individual account balance in the Met Life Insurance Fixed Account (see Note 5). The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract. Interest is paid directly to the vendor. As of December 31, 2025 and 2024, loans to participants consisted only of defaulted loans which were collateralized by \$7,996 and \$10,177 of Plan assets, respectively. Interest rates on these loans ranged from 4.25% to 6.00% with maturity dates ranging through 2019.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by custodians and investment advisors. See Note 4 for discussion of fair value measurements.

St. Luke's Health Network 403(b) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and matching contributions, if any, are recorded in the year in which the employee contributions are withheld from compensation. Qualified non-elective contributions, if any, are recorded in the year in which the related compensation is earned.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All reasonable administrative expenses and custodian fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Network. Expenses of maintaining the Plan that are paid directly by the Network are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company, and Metropolitan Life Insurance Company, qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

The information for the insurance fixed account listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Contracts with Insurance Companies

During 2025 and 2024, the Plan held group annuity contracts at New York Life Insurance Company, as well as an insurance company general account product at Met Life. These traditional investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Participants do not have contracts; instead, they have a beneficial interest in the group annuity contracts of the Plan. There are not any specific securities in the general account that back the liabilities of these annuity contracts. The Plan owns a promise to pay interest at crediting rates that are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to the Plan ceasing to meet the requirements of the Internal Revenue Code (the "Code"); misrepresentation of material information; or the Plan providing for a similar investment vehicle offered by another insurance company or similar entity) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

New York Life Insurance Company Guaranteed Interest Account ("NYL GIA")

The guaranteed minimum interest rate ranges from 1% to 3% and is reviewed semi-annually for resetting. The credited rate for the NYL GIA is based on the six-month average of the five-year constant maturity treasury rate as reported by the Federal Reserve, but will never be less than 1%. There are no reserves against the NYL GIA for credit risk of the contract issuer or otherwise. As of December 31, 2025 and 2024, the Plan held \$28,871,823 and \$18,512,602, respectively, in the NYL GIA.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the NYL GIA at contract value on a daily basis. Direct transfers to competing investment options are not permitted. Any transfers out of the NYL GIA must first go through a non-competing investment option and reside there for a

minimum of ninety days before transfer to a competing investment option. Certain events (including but not limited to the sale or closing of the Plan sponsor's operations, the complete or partial termination of the Plan, or the merger or consolidation of the Plan into another Plan) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan or New York Life Insurance Company can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract was terminated by the Plan or New York Life Insurance Company, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump-sum distribution, which may result in a distribution that is less than or in excess of contract value. If the Plan elects to terminate the contract without a market value adjustment, New York Life Insurance Company may require amounts to be paid in up to six annual installments.

Metropolitan Life Insurance Company Insurance Fixed Account ("Met Life Insurance Fixed Account")

The Met Life Insurance Fixed Account provides guaranteed interest rates, which are adjusted annually. The minimum guaranteed interest rate in the Insurance Fixed Account will never be lower than 3.00%. There are no reserves against the fixed account values for credit risk of the contract issuer, surrender charges or otherwise. As of December 31, 2025 and 2024, the Plan held \$55,005 and \$56,511, respectively, in the Met Life Insurance Fixed Account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value, within reasonable timeframes, without fees, surrender penalty or market value adjustments. However, it is possible that these redemption rights may be restricted by Met Life in the future in accordance with underlying agreements, including termination of the contract by the Plan sponsor. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

Plan investments include a money market fund managed by State Street Bank and Trust Company, the custodian of the Plan. The Plan's investments also include an insurance fixed account managed by Met Life and Metropolitan Life Insurance Company serves as custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance. Fees paid by the Plan for administrative and recordkeeping services to Transamerica Retirement Solutions LLC were \$953,889 and \$890,799 for the years ended December 31, 2025 and 2024, respectively. The Plan is interpreted, administered, and operated by an Administrative Committee comprised entirely of representatives of the Network.

St. Luke's Health Network 403(b) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2025 and 2024

During 2025, the Network worked with its ERISA counsel to perform an analysis of all off-cycle payroll runs that occurred from 2016, the year off-cycle payroll runs were implemented, through 2024. As a result of the analysis, the Network updated its policy of remitting contributions from off-cycle pays to be considered delinquent if such remittances exceed one business day and determined that the Plan failed to remit timely to the Plan's custodian certain off-cycle employee contributions during the Plan years 2016 through 2024 totaling \$454,608. During 2025, the Network made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the processing delays and implemented additional internal controls. The Network believes that these transactions do not affect the tax status of the Plan and took action prescribed by the regulations to remedy such errors.

8. Plan Termination

Although it has not expressed any intent to do so, the Network has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be non-forfeitable.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The IRS has established a program under which pre-approved plan sponsors of Section 403(b) plans may apply to the IRS for an opinion letter for prototype plans or an advisory letter for volume submitter plans. For individually designed plans under Section 403(b), in accordance with Revenue Procedure 2022-40, beginning June 1, 2023, 403(b) retirement plan sponsors may submit determination letter applications to the IRS for all initial individually designed retirement plans based on the sponsor's Employer Identification Numbers. The Plan has not yet applied for a determination letter, however, the Plan administrator believes that the Plan has been designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

10. Plan Amendments

On April 29, 2025, the Plan was amended to add Domestic Abuse Distributions, change administrative procedures for hardships and make other general administrative changes.

Effective June 24, 2025, the Plan was amended to add St. Luke's Hospital – Grand View Campus as a participating employer.

During 2025, the Network acquired Grand View Health. Effective October 1, 2025, the Grand View Hospital 403(b) Plan was merged with and into the Plan.

11. Subsequent Events

Effective June 1, 2026, the Plan was amended to make general administrative changes and to comply with statutory changes related to the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE Act 2.0"), as well as adopt the following optional provisions:

- Increase the automatic cashout threshold to \$7,000;
- Allow employees age 60 to 63 to make higher catch-up contributions up to the IRS limits.

The Plan has evaluated subsequent events through August 3, 2026, the date the financial statements were available to be issued.
