AUDIT REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Sponsor of the Team Velocity Marketing, LLC
401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Team Velocity Marketing, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Team Velocity Marketing, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Team Velocity Marketing, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Team Velocity Marketing, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Team Velocity Marketing, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Team Velocity Marketing, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting

principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Team Velocity Marketing, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description the Plan.

The following description of the Team Velocity Marketing, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company. Employees must also be actively employed on the last day of the Plan year and have one year of service during the plan year to share in the qualified non-elective contribution. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Participants may contribute a percentage of eligible compensation on a pre-tax or after-tax basis or a combination thereof, up to the Internal Revenue Code (IRC) maximum allowable limit for 2025 of \$23,500 if under age 50 and \$31,000 if age 50 or over. Under the Roth 401(k) contribution option, a participant can make after-tax contributions; distributions from a participant's Roth 401(k) contributions and earnings thereon at retirement are generally tax-free. Participant contributions may be subject to additional limitations imposed by the IRC as detailed in the Plan.

The Employer may make a discretionary matching contribution equal to a uniform percentage of an employee's salary reduction deferral. This percentage is determined annually. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Employer may make qualified non-elective contributions as determined each year by the Company. Non-elective contributions are allocated to participants' accounts based upon the nature of each eligible participant's compensation to the total compensation of all eligible participants. There were no qualified non-elective contributions made during the 2025 plan year.

The Employer may make non-elective contributions allocated to the employees account in the same proportion that compensation is in excess of the Social Security Taxable Wage Base (also called "excess compensation") plus compensation of all eligible participants bears to the total "excess compensation" plus compensation of all eligible participants. However, the maximum amount which can be allocated to each participant is the first step is 5.7% of "excess compensation" plus compensation. If after the first step there still remains a portion of the discretionary profit sharing contribution which has not yet been allocated, then the remainder will be allocated to each participant in the same proportion that compensation bears to the total compensation of all participants. This amount is determined annually. There were no non-elective contributions made during the 2025 plan year.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Participants directed accounts are segregated for purposes of determining gains, earnings or losses on their investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested in their contributions plus actual earnings thereon. Participants vest in the qualified matching contribution, qualified non-elective contributions and non-elective contributions at 20% after 2 years of service and 100% after 3 years of service.

Team Velocity Marketing, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description the Plan. – continued

Notes Receivable from Participants. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest, which is set for the life of the loan on the loan date. During 2025, loans carried interest rates between 4.25% and 9.50%. Interest income is recorded on the accrual basis. Principal and interest are collected ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or payments over a period certain. For termination of service for other reasons, distribution of funds shall be made on the occurrence of an event that would result in the distribution had the terminated participant remained in the employ of the Company, or the participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals, including hardship distributions, to employees are permitted from the participant's vested account balance if certain conditions are met. After a hardship withdrawal, participants may not make savings or other contributions to the Plan for at least six months after receipt of the hardship distribution.

Forfeitures. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$30,821 and \$44,277, respectively. These accounts will be used to pay certain Plan expenses and then to reduce future employer contributions. Also, in 2025, employer contributions were reduced by \$51,530 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies.

Basis of Accounting. The accompanying financial statements have been prepared on an accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in

Team Velocity Marketing, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 2. Summary of Significant Accounting Policies. – continued

administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses of the Plan are paid by the Sponsor. Other administrative fees and expenses of the Plan are paid by the participants.

Date of Management's Review of Subsequent Events. The Plan evaluated its December 31, 2025 financial statements for subsequent events through August 25, 2026, the date these financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Note 3. Information Prepared and Certified by the Plan Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, investment income and net appreciation(depreciation) in fair value of investments for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustees of the Plan.

Note 4. Fair Value Measurements.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 and Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds are held by the Plan are considered to be actively traded. The fair value of the money market funds are valued at their net asset value and must transact at that price.

Team Velocity Marketing, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 4. Fair Value Measurements. – continued

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

<u>Investments at Fair Value as of December 31, 2025</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$34,491,758	\$ -	\$ -	\$34,491,758

Total investments at fair value	<u>\$26,748,850</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$26,748,850</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no significant transfers into or out of levels 1, 2 or 3.

Note 5. Party-in-interest Transactions.

Certain Plan investments are Fidelity mutual funds that are managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions related to such investments qualify as party-in-interest transactions.

Note 6. Reconciliation of Financial Statements to Schedule H of Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31,</u>	
	<u>2025</u>	<u>2024</u>

Change in contributions account	(74,298)	11,417
Net assets available for benefits per Schedule H to the Form 5500	<u>\$ 7,943,968</u>	<u>\$ 3,829,060</u>

Note 7. Tax Status.

The Plan document is a prototype non-standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which state that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

Note 9. Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Participant Contributions.

During the 2022, 2023, 2024 and 2025 Plan years, an operational failure limited the ability of the Plan to withhold the full amount of elective deferrals (post-tax contributions) from some Plan participants in one or more payroll cycles.

Team Velocity Marketing, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2025 and 2024

Note 10. Participant Contributions. - continued

In order to comply with the applicable rules, it is required that the Plan Sponsor make a qualified nonelective contribution (QNEC) equal to 25% to 50% of the employee's missed deferral plus applicable employer matching contributions that may not have been made, adjusted for earnings. The Plan Sponsor made the correction for the 2022, 2023 and 2024 Plan years during the 2025 Plan year and made the correction for the 2025 Plan year during the 2026 Plan year.

Given the nature of the operational failure there are no ERISA or DOL non-compliance implications.
