CarShield 401(k) Profit Sharing Plan
St Peters, MO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of CarShield 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CarShield 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of CarShield 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CarShield 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CarShield 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CarShield 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the CarShield 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan was established January 1, 2017, and is a defined contribution plan covering all full-time employees of NRRM, LLC DBA CarShield (the "Company") who are age 21 or older, and have completed 6 months of service. Effective January 1, 2023, service with Homesafe LLC counts towards Plan eligibility. Entry dates for new plan participants are January 1 or July 1 coinciding with when the eligibility requirements are met. The Plan is a salary reduction plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has designated trustees of the Plan and those trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of 2026 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, not to exceed the dollar limitation contained in Section 402(g) of the Internal Revenue Code (the "IRC"), through a salary reduction election. As of July 1, 2022, the Plan was amended to include compensation of all taxable W-2 wages and bonuses. The Plan Administrator has defined bonuses as actual earned bonuses, commissions, and additional overtime, as well as, all additional bonuses paid. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant is eligible to receive the Company's match of 25% of the first 4% of the participant's covered compensation for the Plan year. The Company may contribute additional profit-sharing amounts at the discretion of the Company's Board of Directors. The Company made no discretionary contributions during the years ended December 31, 2024 and 2023.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's deferral contributions, rollover contributions, and allocations of (a) the Company's matching contributions, and (b) Plan earnings (losses). Allocations are based on participant earnings (losses) or account balances, as defined. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant's account is debited with any distributions or withdrawals made to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. The participant vests in the Company's matching and profit-sharing contributions, plus related earnings, based on years of continuous service. Effective January 1, 2023, vesting for employees of Homesafe LLC starts on that date.

The vesting percentage on Company contributions and related earnings is determined under the following schedule.

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeited accounts

Upon termination of employment, participants forfeit their nonvested balances as determined by the vesting schedule above. If a participant is rehired within a five-year period, the forfeited contributions are reinstated.

This account can be used to reduce future Company contributions or to pay administrative expenses. Forfeitures used to reduce the amount of employer contributions during 2024 and 2023, were \$11,707 and \$7,825, respectively. There are no unallocated forfeitures at December 31, 2024 and 2023.

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payments of benefits

The Plan provides that a participant's vested interest in the Plan will be distributed to the participant upon retirement, total disability or death. Employees terminating employment with the Company for other reasons are entitled to their vested interest in the Plan. Participants with vested account balances in excess of \$5,000 may elect to defer distribution to a future date as fully described in the Plan document. Distributions may only be made in lump-sum amounts. All fully vested balances are available for distribution after the participant reaches the age of 59 and 1/2.

Participants may also withdraw certain basic contributions thereon in the event of a financial hardship as defined by the Plan and the IRC.

Plan transfer

Effective March 14, 2024, participant account balances attributable to Forte Data Systems Inc. under the Resourcing Edge Retirement Savings Plan were transferred into the Plan. Net assets of \$2,259,455 were transferred into the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent liabilities. Actual results could differ from those estimates.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the Custodians (defined in Note 3). See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefits are recorded when paid.

Administrative expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from the financial statements.

Subsequent events

The Plan has evaluated subsequent events through August 24, 2026, the date on which these financial statements were available to be issued.

3. INVESTMENT INFORMATION CERTIFIED OR PROVIDED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively "Principal"), the "custodians" of the Plan, have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental Schedule H Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024, and the information related to investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts ("PSA") - Valued at the net asset value ("NAV") of units of an insurance company pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Collective trust funds - A collective trust fund that is composed primarily of investment contracts that are valued at the NAV of units of the underlying bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 1,809,762</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 1,809,762
Investments measured at NAV (a)				<u>7,944,078</u>
				<u>\$ 9,753,840</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 110,220</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 110,220
Investments measured at NAV (a)				<u>4,503,402</u>
				<u>\$ 4,613,622</u>

(a) In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits. See note 5 regarding investments at fair value using NAV per share.

5. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

<u>Investment Type</u>	<u>Fair Value at December 31, 2024</u>	<u>Fair Value at December 31, 2023</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Trust Funds	\$ 6,562,876	\$ 3,451,039	\$ -	Daily	None*
Pooled Separate Accounts	\$ 1,381,202	\$ 1,052,363	\$ -	Daily	None*

*Disbursements of the funds for Plan Sponsor terminations will be provided as soon as practicable following one-year written notice.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall immediately become 100% vested and, therefore, be entitled to receive a distribution of the value of all cash and investment units credited to his or her account as of that date.

7. TAX STATUS

The Plan Agreement was based on a Principal Trust Company prototype plan that was determined by the IRS, on June 30, 2020, to be in accordance with applicable sections of the IRC. Although the Plan has been amended since its adoption, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2024 and 2023

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defined party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments held were shares of collective trust funds and pooled separate accounts managed by Principal Life Insurance Company and Principal Global Investors Trust Company, the custodians as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services totaled \$67,744 and \$62,359 for the years ended December 31, 2024 and 2023, respectively. Fees paid by the plan for investment fees are reflected in net appreciation in fair value of investments.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2020, the Company failed to timely remit certain employee deferrals to the Plan totaling \$30,477. During the years ended December 31, 2024 and 2023, the Company also failed to timely remit certain employee deferrals to the Plan totaling \$1,741,525 and \$806,856, respectively. As of the report date, the Company has calculated the related lost earnings and self-corrected the delinquent contributions related to 2023 in accordance with applicable DOL and IRS correction programs, and is in-process of self-correcting the delinquent contributions related to 2020 and 2024.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
CarShield 401(k) Profit Sharing Plan
St Peters, MO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of CarShield 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CarShield 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of CarShield 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CarShield 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CarShield 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CarShield 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the CarShield 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan was established January 1, 2017, and is a defined contribution plan covering all full-time employees of NRRM, LLC DBA CarShield (the "Company") who are age 21 or older, and have completed 6 months of service. Effective January 1, 2023, service with Homesafe LLC counts towards Plan eligibility. Entry dates for new plan participants are January 1 or July 1 coinciding with when the eligibility requirements are met. The Plan is a salary reduction plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has designated trustees of the Plan and those trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of 2026 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, not to exceed the dollar limitation contained in Section 402(g) of the Internal Revenue Code (the "IRC"), through a salary reduction election. As of July 1, 2022, the Plan was amended to include compensation of all taxable W-2 wages and bonuses. The Plan Administrator has defined bonuses as actual earned bonuses, commissions, and additional overtime, as well as, all additional bonuses paid. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant is eligible to receive the Company's match of 25% of the first 4% of the participant's covered compensation for the Plan year. The Company may contribute additional profit-sharing amounts at the discretion of the Company's Board of Directors. The Company made no discretionary contributions during the years ended December 31, 2024 and 2023.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's deferral contributions, rollover contributions, and allocations of (a) the Company's matching contributions, and (b) Plan earnings (losses). Allocations are based on participant earnings (losses) or account balances, as defined. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant's account is debited with any distributions or withdrawals made to the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. The participant vests in the Company's matching and profit-sharing contributions, plus related earnings, based on years of continuous service. Effective January 1, 2023, vesting for employees of Homesafe LLC starts on that date.

The vesting percentage on Company contributions and related earnings is determined under the following schedule.

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeited accounts

Upon termination of employment, participants forfeit their nonvested balances as determined by the vesting schedule above. If a participant is rehired within a five-year period, the forfeited contributions are reinstated.

This account can be used to reduce future Company contributions or to pay administrative expenses. Forfeitures used to reduce the amount of employer contributions during 2024 and 2023, were \$11,707 and \$7,825, respectively. There are no unallocated forfeitures at December 31, 2024 and 2023.

1. DESCRIPTION OF THE PLAN (continued)

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Payments of benefits

The Plan provides that a participant's vested interest in the Plan will be distributed to the participant upon retirement, total disability or death. Employees terminating employment with the Company for other reasons are entitled to their vested interest in the Plan. Participants with vested account balances in excess of \$5,000 may elect to defer distribution to a future date as fully described in the Plan document. Distributions may only be made in lump-sum amounts. All fully vested balances are available for distribution after the participant reaches the age of 59 and 1/2.

Participants may also withdraw certain basic contributions thereon in the event of a financial hardship as defined by the Plan and the IRC.

Plan transfer

Effective March 14, 2024, participant account balances attributable to Forte Data Systems Inc. under the Resourcing Edge Retirement Savings Plan were transferred into the Plan. Net assets of \$2,259,455 were transferred into the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent liabilities. Actual results could differ from those estimates.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the Custodians (defined in Note 3). See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefits are recorded when paid.

Administrative expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from the financial statements.

Subsequent events

The Plan has evaluated subsequent events through August 24, 2026, the date on which these financial statements were available to be issued.

3. INVESTMENT INFORMATION CERTIFIED OR PROVIDED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively "Principal"), the "custodians" of the Plan, have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the supplemental Schedule H Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2024, and the information related to investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts ("PSA") - Valued at the net asset value ("NAV") of units of an insurance company pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Collective trust funds - A collective trust fund that is composed primarily of investment contracts that are valued at the NAV of units of the underlying bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 1,809,762</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 1,809,762
Investments measured at NAV (a)				<u>7,944,078</u>
				<u>\$ 9,753,840</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 110,220</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 110,220
Investments measured at NAV (a)				<u>4,503,402</u>
				<u>\$ 4,613,622</u>

(a) In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits. See note 5 regarding investments at fair value using NAV per share.

5. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

<u>Investment Type</u>	<u>Fair Value at December 31, 2024</u>	<u>Fair Value at December 31, 2023</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Trust Funds	\$ 6,562,876	\$ 3,451,039	\$ -	Daily	None*
Pooled Separate Accounts	\$ 1,381,202	\$ 1,052,363	\$ -	Daily	None*

*Disbursements of the funds for Plan Sponsor terminations will be provided as soon as practicable following one-year written notice.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall immediately become 100% vested and, therefore, be entitled to receive a distribution of the value of all cash and investment units credited to his or her account as of that date.

7. TAX STATUS

The Plan Agreement was based on a Principal Trust Company prototype plan that was determined by the IRS, on June 30, 2020, to be in accordance with applicable sections of the IRC. Although the Plan has been amended since its adoption, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CarShield 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defined party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments held were shares of collective trust funds and pooled separate accounts managed by Principal Life Insurance Company and Principal Global Investors Trust Company, the custodians as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services totaled \$67,744 and \$62,359 for the years ended December 31, 2024 and 2023, respectively. Fees paid by the plan for investment fees are reflected in net appreciation in fair value of investments.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2020, the Company failed to timely remit certain employee deferrals to the Plan totaling \$30,477. During the years ended December 31, 2024 and 2023, the Company also failed to timely remit certain employee deferrals to the Plan totaling \$1,741,525 and \$806,856, respectively. As of the report date, the Company has calculated the related lost earnings and self-corrected the delinquent contributions related to 2023 in accordance with applicable DOL and IRS correction programs, and is in-process of self-correcting the delinquent contributions related to 2020 and 2024.
