d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒

To the Administrator and Management
AMF 401(k) Profit Sharing Plan
Richmond, Virginia

We have audited the financial statements of AMF 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we have issued our report thereon dated August 17, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“Investment Information”) by Fidelity Management Trust Company, the “qualified institution”, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified Investment Information, except for obtaining and reading the certification, comparing the certified Investment Information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified Investment Information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (“U.S. GAAP”). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 3, 2026. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management’s assessment of the valuation inputs for each Plan investment under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* requires the Plan to assess and disclose in the financial statements the valuation input for each Plan investment. We evaluated the key factors and assumptions used to make your assessments for each Plan investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

Disclosure in Note 7 regarding information certified by the qualified institution which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i.

The disclosure of fair value measurements in Note 4 to the financial statements, which describes the valuation techniques used to measure each classification of the investments.

The disclosure of related party and party-in-interest transactions in Note 8 which describes the relationship between the Plan and its third party service providers.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected misstatements identified during the audit. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though in our judgement, such uncorrected misstatements are immaterial to the financial statements under audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding that is considered significant and relevant to those charged with governance but is not considered a deficiency in internal controls:

During our audit, we were unable to locate personnel files to support the date of hire and date of termination for one participant within our distributions sample. The lack of supporting records is a result of the Company's policy to destroy personnel documentation six years subsequent to termination. Improper record retention could lead to incorrect eligibility determinations or withdrawal calculations. We recommend the Plan modify its record retention policy to ensure participant records remain available until, at a bare minimum, full benefit withdrawal from the Plan.

See descriptions within *Internal Control Communications* section below.

Internal Control Communications

In planning and performing our ERISA Section 103(a)(3)(C) audit we considered the Plan's system of internal control over financial reporting ("Internal Control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's Internal Control. Accordingly, we do not express an opinion on the effectiveness of the Plan's Internal Control, nor did we include a consideration of Internal Control relating to the Investment Information.

Our consideration of Internal Control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in Internal Control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a reportable finding that we consider to be a deficiency in Internal Controls. A deficiency in Internal Control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in Internal Control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in Internal Control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in Internal Control that we consider to be material weaknesses.

We consider the following reportable finding to be a deficiency in the Plan's Internal Controls:

During our audit, we noted incorrect and/or inconsistent application of the terms of the Plan document relating to the definition of eligible compensation for the purposes of calculating all contribution types and/or employee deferral contributions. One participant in our sample made and received contributions based on compensation including vacation purchase compensation, although this form of compensation is excluded in the definition of compensation per the Plan document. Improperly defined compensation and/or incorrect deferrals could require the Plan sponsor to make necessary corrective actions for the Plan to remain in compliance with regulations and may include corrective actions on behalf of the participant. We recommend that the Plan sponsor uniformly train all personnel who work with the Plan and review the setup of the payroll system to ensure it is consistent with the Plan document.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 17, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2025, accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified Investment Information, is presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Administrator
AMF 401(k) Profit Sharing Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AMF 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("Investment Information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating the certified Investment Information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified Investment Information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified Investment Information, except for obtaining and reading the certification, comparing the certified Investment Information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified Investment Information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified Investment Information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified Investment Information, we compared such information to the related certified Investment Information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified Investment Information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified Investment Information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1—Description of the Plan

The following description of the AMF 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all employees of AMF Automation Technologies, LLC (the “Company”). Employees who are age 18 and older become eligible to participate in the Plan on their initial date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration – The Company is the Plan sponsor and Plan administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan.

Contributions – Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

The Plan includes an automatic enrollment provision. After 35 days of employment, newly eligible employees will be entered into the Plan at a pre-tax deferral contribution rate of 5%. An automatic deferral increase of 1% will occur annually, until a deferral rate of 10% is reached.

For the year ended December 31, 2025, the Company elected to contribute 50% of the first 5% of the participant’s compensation contributed to the Plan. Additional discretionary profit sharing contributions may be contributed at the option of the Company’s Board of Directors to all eligible employees under the terms of the Plan. The Company contributed 2% to all eligible employees based on their eligible compensation for the year ended December 31, 2025. Certain eligible employees (the “Special Profit Sharing Group”) received an additional 4% discretionary profit sharing contribution (the “Annual Deferred Bonus”) based on their eligible compensation for the year ended December 31, 2025. Employer matching contributions and discretionary profit sharing contributions totaled \$765,309 and \$717,346, respectively, for the year ended December 31, 2025.

Contributions are subject to annual limitations established by the Internal Revenue Service (“IRS”).

Investment Options – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers multiple investment options for participants as. A self-directed brokerage account option is also available to allow participants to select investment options not specifically offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earning thereon. Vesting in any Company contribution, excluding the Annual Deferred Bonus, to their accounts plus actual earnings thereon is based on years of service, as indicated in the schedule below. Vesting under the Plan is based upon the elapsed time method. Under this method, completed whole years of employment are used to determine service rather than hours. In addition, participants are 100% vested upon death, disability, or retirement. Normal retirement is available at age 65.

Each participant’s vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	33%
2 years	66%
3 years	100%

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 1—Description of the Plan (continued)

Any Annual Deferred Bonus paid to a participant in the Special Profit Sharing Group is vested immediately.

Payment of Benefits – Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, retirement, death, disability, attainment of age 59½, or hardship withdrawal, as defined in the Plan. A participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. At December 31, 2025 and 2024, there were no benefit payments that had been requested but not yet paid.

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of the employer matching contribution, the employer discretionary profit sharing contributions, Plan earnings or losses, and charged with participant's benefit payments and an allocation of administrative expenses. Allocations are based on participant fiscal year wages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are segregated for purposes of determining the earnings or losses on each participant's choice of investments.

Notes Receivable from Participants – A participant may borrow from the Plan an amount which, when added to the outstanding balance of any other loans from the Plan to the participant, does not exceed the lesser of: (i) 50% of his or her vested portion or (ii) \$50,000 reduced by the excess, if any, of the highest outstanding loan balance in the previous 12 months over the outstanding loan balance on the date of the loan. The period of repayment for any loan shall be for a period not to exceed five years unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, for which the repayment period is up to 30 years. New loans are charged an interest rate of the prime rate as printed in the Wall Street Journal plus 1%, which were commensurate with local prevailing rates as determined by the Plan administrator. All outstanding loans bore an interest rate from 4.25% to 9.50% as of December 31, 2025. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts – Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses under the Plan at any time, as directed by the Company. Any forfeitures not used to pay administrative expenses under the Plan shall be applied to reduce the Company's contribution obligation, as directed by the Company. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$42,626 and \$82,349, respectively. During the year ended December 31, 2025, \$62,173 was used to pay administrative expenses and \$38,748 was used to reduce employer contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Plans Committee determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company (the "qualified institution"). See Note 4 for discussion of fair value measurements.

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 2—Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable – Any contributions due and payable by the Company are reflected as Company contributions receivable in the Plan's financial statements.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes are recorded as distributions based upon terms of the Plan document.

Payment of Benefits – Benefits payments are recorded when paid.

Administrative Expenses – Substantially all noncustodial related expenses of the Plan are paid by the Company.

Risks and Uncertainties – The Plan provides for various mutual funds, common collective trusts, interest-bearing cash, a self-brokerage, and a money market investment option. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications – The Company has reclassified the 2024 presentation of the participant contribution receivable to an employer contribution receivable. Additionally, the Company has reclassified the 2024 presentation of the Plan's assets held at fair values, as disclosed in Note 4, to include interest-bearing cash as a component of self-directed brokerage securities. These reclassifications have no effect on previously reported net assets available for benefits and changes in net assets available for benefits. The reclassifications were made to improve the clarity and comparability of the financial statements.

Note 3—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and the net assets would be allocated to the participants of the Plan in amounts equal to the individual account balances.

Note 4—Fair value measurements

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 4—Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2025 or 2024:

Self-Directed Brokerage Securities – Valued at the closing price on the day of valuation on the active market on which the individual securities are traded. Accounts primarily consist of mutual funds, money markets, and common stock. The securities are classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment is valued through registered investment companies, which report a daily net asset value ("NAV") provided by the administrator of the fund. The fund is actively traded and has quoted prices in an active market. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no redemption restrictions. These investments are classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – These investments are valued based on NAV of units of the common collective trust. NAV, as provided by Fidelity Management Trust Company, is used as a practical expedient to estimating fair value. NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The funds' principal objective is to pool assets from multiple tax-qualified retirement plans or fiduciary accounts into a single portfolio, leveraging economies of scale to lower administrative and management costs, provide professional management, and achieve broad asset diversification.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 5—Investments carried at NAV or its equivalent

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31:

2025				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 31,141,854	n/a	Daily	None
2024				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 28,157,625	n/a	Daily	None

Note 6—Tax status

The Company adopted a prototype non-standardized profit sharing plan with a deferral arrangement which received a favorable opinion letter from the IRS on June 30, 2020 which stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Information certified by the qualified institution

Assets of the Plan are in the custody of the qualified institution of the Plan. The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institution of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Investments, at fair value, and notes receivable from participants as of December 31, 2025 and 2024 as shown in the statements of net assets available for benefits.
- Net appreciation in fair value of investments, including realized and unrealized gains and losses, dividends and interest, and interest income on notes receivables from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

AMF 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Note 8—Parties-in-interest

Certain investments of the Plan are managed by the qualified institution of the Plan's assets. The qualified institution provides investment management services to the Plan. The Plan also pays fees to an investment advisor. Transactions involving these investments are considered to be party-in-interest transactions for which statutory exemption exists under DOL's Rules and Regulations. Fees incurred by the Plan for investment management and advisory services are paid directly by the Plan and, therefore, do qualify as party-in-interest transactions for which a statutory exemption exists. Fees paid by the Plan to these parties-in-interest totaled \$109,074 for the year ended December 31, 2025.

Notes receivable from participants also qualify as parties-in-interest.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as filed by the Company as of December 31:
