Report of Independent Auditors

To the Plan Administrator and Participants of
the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

1. Description of Plan

The following description of the Engineered Air Balance Co., Inc. 401(k) Profit Sharing Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Engineered Air Balance Co., Inc. (the “Company” or “Plan Sponsor”). The Plan was established January 1, 1962, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

2024 Amendment

Effective January 1, 2024, the Plan was amended to modify the Plan eligibility requirements to exclude part-time, temporary, and seasonal employees, unless he or she completes at least 1,000 hours of service in a single plan year. Further, the 1,000 hours of service eligibility provision for all other eligible classes of employees was removed from the Plan. In its place, employees who have attained the age of 21 and have completed 12 months of service are eligible to participate in the Plan.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. The SECURE 2.0 Act contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of the SECURE 2.0 Act include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2025, the Plan implemented increased catch-up limits for participants who attain ages 60 through 63 during the calendar year and reduced the long-term part-time employee service requirement from 3 consecutive 12-month periods with at least 500 hours to 2 consecutive 12-month periods with at least 500 hours. The adoption of these provisions had no material effect on the Plan’s 2025 financial statements.

Eligibility

Employees who have attained age 21 and completed 12 months of service are generally eligible to participate in the Plan. Part-time, temporary, and seasonal employees who do not otherwise satisfy the Plan’s eligibility requirements may become eligible to make elective deferrals upon satisfying the applicable long-term part-time employee service requirements under the Internal Revenue Code and ERISA. Collective bargaining employees, nonresident aliens, and interns are excluded from participation, subject to the terms of the Plan and applicable law. Employees generally enter the Plan on the first day of the calendar quarter following satisfaction of the applicable eligibility requirements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

1. Description of Plan (continued)

Contributions

Participant Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Employer Safe-Harbor Nonelective Contributions

The Company makes safe-harbor nonelective contributions equal to 3% of compensation, as defined by the Plan, on behalf of eligible participants, regardless of whether a participant makes elective deferrals to the Plan. For the year ended December 31, 2025, safe-harbor nonelective contributions totaled \$623,052, of which \$1,941 was funded through available Plan forfeitures. At December 31, 2025, \$621,111 remained receivable from the Company and is included in employer contributions receivable on the statements of net assets available for benefits.

Discretionary Employer Matching Contributions

At the discretion of the Board of Directors, the Company may make matching contributions to eligible participant accounts. For the year ended December 31, 2025, the Company authorized a discretionary matching contribution equal to 50% of each participant's eligible elective deferrals, limited to elective deferrals of up to 6% of eligible compensation. Accordingly, the maximum employer matching contribution under the formula was 3% of eligible compensation. Employer matching contributions for 2025 totaled \$546,154. At December 31, 2025, \$26,497 remained receivable from the Company and is included in employer contributions receivable on the statements of net assets available for benefits. Available Plan forfeitures of \$91 were used to fund a portion of the matching contribution.

Discretionary Employer Profit-Sharing Contributions

At the discretion of the Board of Directors, the Company may contribute and credit employer profit sharing contributions to eligible participant accounts. To be eligible to receive the employer profit sharing contribution, a participant must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. For the year ended December 31, 2025, the Company authorized discretionary employer profit sharing contributions equal to \$140,244. These contributions were remitted to the Plan after year-end and are included in employer contributions receivable on the statements of net assets available for benefits.

Participant elective deferrals, related employer matching contributions, employer safe-harbor nonelective contributions, and discretionary profit-sharing contributions are recognized in the period in which the applicable participant compensation is earned.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe-harbor nonelective contributions plus actual earnings thereon. Vesting in the Company's profit-sharing and matching contribution portion of their accounts is based on years of continuous service. A participant vests in 20% increments annually after their second year of service, until 100% vested after six years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the immediately preceding 12-month period. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Participants may have a maximum of one loan outstanding at one time. Loan terms may not exceed five years, except for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Plan Expense Account

As part of the recordkeeping and administrative service arrangement with the trustee, certain investment-related revenue received by the service provider in excess of the agreed-upon service fee is credited to a Plan reimbursement account. Amounts in the account may be used to pay reasonable and necessary Plan expenses or may be allocated to participant accounts in accordance with the terms of the Plan. At December 31, 2025, the account balance was \$91,196. During 2025, \$38,914 was credited to the account and \$1,000 was used to pay Plan expenses. The expense account is invested in the Great Gray Trust Stable Value Fund (MetLife GAC 25554) common collective trust fund.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account, in the form of a lump-sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation from the Company, participants with account balances less than \$7,000 receive a single lump-sum payment automatically into an individual retirement account of the plan administrator's choosing. The Plan document further stipulates that account balances less than \$1,000 are to be automatically paid to the participant, without consent.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

1. Description of Plan (continued)

Forfeited and Unallocated Accounts

The Plan allows for nonvested amounts forfeited by participants to be used to reduce the Company's matching contributions or to pay expenses associated with the operation and administration of the Plan. As of December 31, 2025, and 2024, forfeited nonvested accounts totaled \$234 and \$387, respectively. For the year ended December 31, 2025, participants forfeited \$2,329 in previously contributed nonvested amounts. During the year ended December 31, 2025, \$2,632 of forfeited amounts were used to reduce Plan expenses and Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. The common collective trust fund is stated at net asset value ("NAV") as determined by the trustee at the end of the plan year. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its investment advisers, trustee, and insurance company. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

2. Summary of Significant Accounting Policies (continued)

Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participants' investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the matters disclosed in Note 11, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, the recordkeeper and trustee of the Plan.

4. Fair Value Measurements

The framework for measuring fair value hierarchy provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Participation units in the Great Gray Trust Stable Value Fund (MetLife GAC 25554) are valued at net asset value ("NAV") as reported by the trustee. The Fund invests in the MetLife Group Annuity Contract 25554, which holds fully benefit-responsive investment contracts. Because the Plan's investment is in the common collective trust rather than directly in the underlying investment contracts, the investment is measured at NAV using the practical expedient. NAV reflects the Plan's proportionate interest in the underlying net assets of the Fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 41,839,193	\$ -	\$ -	\$ 41,839,193
Total assets in fair value hierarchy	41,839,193	-	-	41,839,193
Investments measured at NAV ^(a)				2,099,048
Total investments, at fair value				<u>\$ 43,938,241</u>

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,265,398	\$ -	\$ -	\$ 35,265,398
Total assets in fair value hierarchy	35,265,398	-	-	35,265,398
Investments measured at NAV ^(a)				1,323,217
Total investments, at fair value				<u>\$ 36,588,615</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments. The redemption notice applies only to the Plan.

As of December 31, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Fund	\$ 2,099,048	N/A	Daily	Daily

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Fund	\$ 1,323,217	N/A	Daily	Daily

5. Great Gray Trust Stable Value Fund MetLife GAC 25554

The Fund is a stable value common collective trust whose objective is the safety and preservation of principal and accumulated interest for participant-initiated transactions. The interest credited to balances in the Fund reflects both the current market conditions and performance of underlying investments in the Fund. The Fund invests entirely in the MetLife Group Annuity Contract 25554 which consists of separate managed investment portfolios directed by Great Gray Trust. The underlying contracts are guaranteed investment contracts ("Contracts") issued by MetLife.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

5. Great Gray Trust Stable Value Fund MetLife GAC 25554 (continued)

The Contracts' issuer (MetLife) guarantees that all qualified participant withdrawals will be at contract value. The Contracts simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife. MetLife guarantees that the interest rate will never be less than zero. If a participating plan terminates participation in the Fund, the lesser of the guaranteed value or the fair value will be received.

6. Related-Party and Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2025, the Plan made direct payments totaling \$88,320 to its recordkeeper, trustee, third-party administrator, and investment adviser. These amounts are included in administrative expenses in the statement of changes in net assets available for benefits. Also see Note 1, Plan Expense Account, for further disclosure related to plan expenses. The Company pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Income Tax Status

The IRS has determined and informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. Risks and Uncertainties

The Plan invests in securities that are subject to various risks, including market, interest-rate, and credit risks. It is reasonably possible that changes in the values of these investments could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2025 and 2024, and for the Year Ended December 31, 2025

10. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits, per the financial statements, to the Form 5500:

As of December 31,	2025	2024
Net assets per the financial statements	<u>\$ 45,282,644</u>	<u>\$ 37,824,061</u>
Less: employer contributions receivable	<u>(787,852)</u>	<u>(668,148)</u>
Net assets per the Form 5500	<u><u>\$ 44,494,792</u></u>	<u><u>\$ 37,155,913</u></u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to the Form 5500:

For the Year Ended December 31,	2025
Net change per the financial statements	<u>\$ 7,458,583</u>
Less: current year employer contributions receivable	<u>(787,852)</u>
Add: prior year employer contributions receivable	<u>668,148</u>
Net change per Form 5500	<u><u>\$ 7,338,879</u></u>

11. Subsequent Events

SECURE 2.0 Act

Effective January 1, 2026, in accordance with the SECURE 2.0 Act, the Plan is required to treat catch-up contributions for participants whose wages from the Plan sponsor exceeded \$150,000 in the preceding calendar year, as Roth contributions.

Amendment No. I

Effective January 1, 2026, the Plan was amended to modify the plan entry date from the first day of each Plan quarter to immediately upon satisfaction of eligibility conditions.

SECURE 2.0 Plan Amendment

In August 2026, the Plan sponsor adopted an interim amendment to the Plan to implement required and optional provisions of SECURE 2.0, SECURE, CARES, Bipartisan American Miners Act, and related legislative and administrative updates. The amendment supersedes inconsistent provisions of the Plan document. The amendment includes article-level effective dates, many of which are based on statutory effective dates, and certain discretionary provisions are effective as soon as administratively practicable.

The amendment addresses multiple updates, which may include (as applicable based on the Plan's elections and any prior amendments) eligibility and participation provisions, distribution-related provisions (including certain disaster-related relief provisions), required minimum distribution provisions, increases to cash-out thresholds, Roth and catch-up contribution rules, and long-term part-time employee provisions.

The adoption of these provisions had no material effect on the Plan's financial statements.
