Independent Auditor's Report

To the Plan Administrator and Benefit Plan Administrative Committee of The Principia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Principia Corporation Retirement Plan for Faculty & Staff (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PRINCIPIA CORPORATION
RETIREMENT PLAN FOR FACULTY & STAFF

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of the Plan

The following description of The Principia Corporation Retirement Plan for Faculty & Staff (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan which satisfies Internal Revenue Code (“IRC”) Section 403(b) covering all employees of The Principia Corporation (the “Plan Sponsor”) who have satisfied the eligibility requirements. The effective date of the Plan was January 1, 1926. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Full-time and part-time employees of the Plan Sponsor participate in the salary deferral portion of the Plan immediately upon hire. The Plan utilizes a calendar year for financial and regulatory reporting purposes.

(b) Plan Administration

The Plan is administered by the Benefit Plan Administrative Committee, which consists of certain officers and employees of the Plan Sponsor. In 2014, the Plan Sponsor contracted Transamerica Retirement Solutions Corporation (“Transamerica”) to be the Plan’s recordkeeper. Beginning April 15, 2014, all employee and employer contributions are credited to participant accounts maintained by Transamerica. Plan participants have the option of maintaining their pre-April 2014 accounts with Teachers Insurance Annuity Association (“TIAA”) or Equitable Financial Life Insurance Company (“Equitable”), or they may liquidate all or a portion of such accounts and transfer those amounts to Transamerica. State Street Bank and Trust, TIAA, and Equitable are the custodians of the Plan’s investment assets.

(c) Contributions

Employees who meet eligibility requirements begin making salary deferral contributions and receiving Plan Sponsor contributions within 30 days of hire. The Plan provides for automatic enrollment upon satisfying eligibility requirements. Participants may elect to opt out or change their default percentage at any time. The default deferral rate upon automatic enrollment is 2%. Participants can contribute up to 75% of annual compensation, as defined in the Plan Document, as pre-tax contributions, Roth contributions, or a combination thereof. Participants may terminate salary deferral contributions at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan Sponsor discretionary match for 2025 and 2024 was established at 6% of compensation, up to a maximum of \$4,500. Total matching contributions to the Plan for 2025 and 2024 amounted to \$1,623,483 and \$1,587,152, respectively.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching contributions, and an allocation of the Plan's earnings. The allocation of earnings is determined by the participant's investment selection based on each participant's account balance, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

December 31, 2025 and 2024

(e) *Vesting*

Participants are 100 percent vested immediately with respect to both Plan Sponsor and participant contributions, plus earnings thereon. Therefore, the Plan does not generate any forfeitures.

(f) *Payment of Benefits*

Upon termination of service, death, disability, or normal retirement at age 65, participants may elect to receive a distribution not to exceed the value of their vested account balance. Participants may additionally take in-service distributions upon reaching the age of 59 ½ years. The Plan provides distributions in either lump-sum or annuity payment forms. In addition, participants may receive distributions under circumstances of financial hardship, as defined in the Plan Document.

(g) *Notes Receivable from Participants*

Participants that have an account with Transamerica may request a loan. Participants may borrow, from their vested pre-tax account or rollover account up to the lesser of (i) \$50,000, or (ii) 50% of their pre-tax and rollover account balance. Loans must be repaid within five years, with an exception if the loan is used to acquire the principal residence of the participant, in which case the specified repayment period may be up to ten years. Plan loan proceeds are removed from a participant's account balance. Interest is payable on the loan and is posted to the account of the participant.

Prior to April 15, 2014, loans were available through TIAA. Such loans were issued directly from funds owned by TIAA and loan proceeds were not removed from a participant's account balance. Since the loans were between the participants and TIAA, the balances owed are not included in the Statements of Net Assets Available for Benefits. At December 31, 2025 and 2024, participants had outstanding balances due to TIAA of \$125,418 and \$124,948, respectively. During 2025 and 2024, accumulations totaling \$5,825 and \$-0-, respectively, were used to satisfy Plan loan defaults.

(h) *Investment Options*

Participants may direct their account balance into investment options offered under the Plan in any increment. Investment options are shares in registered investment company funds, pooled separate accounts, and annuity contracts held and managed by the custodians. Participants may change their investment elections and make transfers between investment options as frequently as permitted under the individual agreements.

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

(b) *Valuation of Investments*

Each participant designates the percentage of their participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date to reflect his or her proportionate share of the total net fair market value of such investment fund. The Plan Administrator has no duty to inquire into the investment direction of a participant or into any transfer of funds.

THE PRINCIPIA CORPORATION
RETIREMENT PLAN FOR FACULTY & STAFF

Notes to Financial Statements

December 31, 2025 and 2024

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Loan balances are secured by participant accounts.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Administrative Expenses*

Administrative expenses related to investment management are allocated among various funds and are included as an offset to net appreciation in fair value of investments. Other administrative expenses of the Plan are paid by the Plan Sponsor.

(f) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Information Certified by the Plan's Custodians

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the custodians of the Plan (State Street Bank and Trust, TIAA, and Equitable) have certified as being complete and accurate the investments and notes receivable from participants on the Statements of Net Assets Available for Benefits, the net appreciation in fair value of investments, dividends, and interest income reflected in the Statements of Changes in Net Assets Available for Benefits as of and for the years ended December 31, 2025 and 2024, and the investment information included in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by the Plan's custodians.

(4) Group Annuity Contracts

The Teachers Insurance and Annuity Association Traditional Annuity (“TIAA Traditional Annuity”) is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (“RA”), Supplemental Retirement Annuities (“SRA”), and Group Supplemental Retirement Annuities (“GSRA”). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant’s principal, plus a specified minimum rate of interest, is guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years.

The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant’s accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits. The SRA and GSRA contracts are presented at contract value within the Statements of Net Assets Available for Benefits. The fully benefit responsive portions of the TIAA contracts are \$1,375,108 and \$1,402,077 at December 31, 2025 and 2024, respectively.

Additionally, the Plan entered into fully benefit responsive investment contracts with New York Life Insurance Company (“NYLIC”) and Equitable. Contributions to the investments are maintained in either NYLIC or Equitable’s general accounts. Contract value, as reported to the Plan by NYLIC and Equitable, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The balances of these contracts at December 31, 2025 and 2024 are \$12,223,694 and \$13,622,285, respectively.

(5) Fair Value Measurement

FASB Accounting Standards Codification Topic 820 (“ASC 820”), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE PRINCIPIA CORPORATION
RETIREMENT PLAN FOR FACULTY & STAFF

Notes to Financial Statements

December 31, 2025 and 2024

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). These investments are included in registered investment companies in the leveling table below.
- The fair values of Equitable investments in registered investment companies are based on each account's daily net asset value ("NAV") which represents the daily per share value of the portfolio of investments of the mutual funds, at which sufficient volumes of transactions occur. Equitable investments are not exchange traded and are excluded from the fair value hierarchy. These investments are included in investments measured at NAV in the tables below.
- The fair values of accumulation units held by the Plan in College Retirement Equities Fund ("CREF") investments (registered investment companies) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. CREF investments are not exchange traded and are excluded from the fair value hierarchy. Data for NAVs is available daily to Plan Administrators and client investors on TIAA's website. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. These investments are included in investment measured at NAV in the tables below.
- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. This investment is excluded from the fair value hierarchy. The unit value of the fund is calculated daily and available to Plan Administrators and client investors on TIAA's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. This investment is included in investment measured at NAV in the tables below.
- Investments in the non-benefit responsive portion of TIAA Traditional Annuity contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations and considering the credit-worthiness of the issuer. The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. This investment is included in guaranteed investment account in the leveling tables below.

Notes to Financial Statements

December 31, 2025 and 2024

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2025 and 2024:

- (b) Funds in this category invest in various types of debt securities to achieve a long-term rate of return while preserving capital.
- (c) Funds in this category invest in domestic and foreign equities and in fixed income securities to achieve a long-term rate of return. Some funds give special consideration to certain social criteria.
- (d) Funds in this category invest in high-quality, short-term instruments (commercial paper, bank obligations, and U.S. Government-issued securities that are classified as first-tier securities) to achieve high current income and capital preservation.

(6) Tax Status

The Plan adopted the Transamerica Volume Submitter 403(b) Plan, for which a favorable opinion letter was issued to Transamerica by the Internal Revenue Service in 2017. The Plan has been amended since the date of the determination letter. The Plan Administrator believes that the Plan is designed and operated in compliance with applicable requirements of the IRC and as such is exempt from Federal income taxes.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan provides participants various investment fund options. These investment funds invest in a combination of stocks, bonds, and other investments. Investment securities in general are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

(8) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would remain 100% vested in their account balances.

(9) Subsequent Events

Management has evaluated all subsequent events through the date of the Independent Auditors' Report, the date the financial statements were available to be issued.

Effective July 1, 2026, the Plan's matching contribution formula will change to the following:

- 2% Automatic Plan Sponsor Contribution (provided to all eligible employees)
- Up to 5% Plan Sponsor Matching Contribution (based on employee contribution %)
- No annual limit on Plan Sponsor Matching Contributions (other than regulatory-imposed limitations)
