Independent Auditors' Report

To the Plan Administrator of
CollisionRight 401(k) Plan
Dublin, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of CollisionRight 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CollisionRight 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CollisionRight 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CollisionRight 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CollisionRight 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CollisionRight 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLLISIONRIGHT 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Plan Description

The following description of COP CollisionRight Holding, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established April 15, 2021, and is intended to be a qualified plan under the Internal Revenue Code (IRC). The Plan is a defined contribution plan covering all employees of the Company who are 18 years of age and who have attained 90 days of service. The Plan does not cover bargaining employees or non-resident aliens with no U.S. income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The service requirements were waived for participants who were employed on April 15, 2021.

The Company acquired various wholly owned subsidiaries and merged the acquired companies' retirement plan assets into the Plan. During 2023, approximately \$417,000 of assets were transferred into the Plan, respectively.

Effective April 1, 2024, the Plan was amended whereby eligible participants must attain 18 years of age and complete 90 days of service.

Contributions

Each year, participants may authorize payroll deductions up to 100% of compensation as before-tax contributions and after-tax Roth contributions up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may allocate their contributions among various investment funds offered by the Plan and may change their investment options at any time. The Plan has a safe harbor provision whereby the Company commits to match 100% of a participant's elective deferrals that do not exceed 3% of eligible compensation, and 50% of a participant's elective deferrals between 3% and 5%.

The Company may elect to make profit-sharing and/or discretionary matching contributions as a percentage of eligible compensation. For 2024 and 2023, the Company did not elect to make profit-sharing or discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Company safe harbor matching, discretionary matching, and profit-sharing contributions are also vested immediately assuming that participants meet eligibility requirements.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Forfeited Accounts

If a participant terminates or is terminated from employment before becoming fully vested in their account balance, the non-vested portion of the participant's account is forfeited.

Participant Notes Receivable

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000, reduced by the highest outstanding note balance in their account during the previous 12 months. The note is secured by the balance in the participant's account and bears an interest rate of prime plus 1%. Interest rates on the outstanding notes at December 31, 2024 ranged from 4.25% to 9.50%. The notes are repaid ratably through payroll deductions over a period of five years or less. Loans for a principal residence may exceed five years. A participant may have two notes outstanding at a time.

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability, and termination from the Company. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account. Participants may also take a lump sum in-service contribution after reaching age 59½.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

COLLISIONRIGHT 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Summary of Significant Accounting Principles

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Fair Value Measurements footnote for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

COLLISIONRIGHT 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the NAV of units of the fund. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidation will be carried out in an orderly manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Investments at fair value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual Fund	\$ 31,913,688	\$ -	\$ -	\$ 31,913,688
Stable Value Fund (A)	-	-	-	187,057
Total Investments	<u>\$ 31,913,688</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 32,100,745</u>

Investments at fair value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Fund	\$ 24,100,602	\$ -	\$ -	\$ 24,100,602
Stable Value Fund (A)	-	-	-	88,980
Total Investments	<u>\$ 24,100,602</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,189,582</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share, or its equivalent, (NAV) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The value is determined using the NAV as a practical expedient.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments and dividends and interest as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedules.

COLLISIONRIGHT 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$93,562 in administrative fees to the recordkeeper and Custodian for the year ended December 31, 2024. The Company provides certain administrative services at no cost to the Plan.

Tax Status

The Company adopted a prototype non-standardized profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participant's account, including Company contributions, become fully vested.

COLLISIONRIGHT 401(K) PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Voluntary Compliance Program

The Plan experienced operational failures in 2024 and 2023. The Company did not calculate the employee contribution or employer matching contribution on certain eligible wages. Corrective contributions to participant accounts, including lost earnings, have been identified and quantified by the Company. The Company intends to make a voluntary submission to the IRS under the Employee Plans Compliance Resolution System (EPCRS) outlining the foregoing operational issues and proposed resolution and corrective actions. An estimate of approximately \$170,000 and \$112,000 as of December 31, 2024 and 2023, respectively, is recorded as a corrective contribution receivable. The estimate reflects a calculation from the DOL's Voluntary Fiduciary Correction Program (VFCP) online calculator. These amounts will be remitted by the Company and credit to participant accounts as soon as administratively possible, and upon approval of the IRS. Any differences in the estimated and final correction methods, as agreed upon with the IRS, will be reflected in future years. All corrective action, as required by the IRS, will be taken by the Company. No provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the Company believes that the Plan continues to be qualified, and the tax status of the related trust continues to be exempt.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023, to Form 5500:

	December 31, 2024	December 31, 2023

Net assets available for benefits per Form 5500	<u>\$ 32,828,208</u>	<u>\$ 24,664,387</u>

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024, to Form 5500:

	December 31, 2024
Total contributions per financial statements	\$ 8,232,461
Add: Prior year accrued income not reported on 5500	4,431
Less: Current year accrued income not reported on 5500	(14,855)
Less: Change in corrective contribution	(58,216)
Net increase per Form 5500	<u>\$ 8,163,821</u>

Notes to Financial Statements

December 31, 2024 and 2023

Subsequent Events

The Plan evaluated subsequent events through February 26, 2026, the date the financial statements were issued.

The Plan did not file a complete 5500 before the due date. The Plan will file the 5500 under the DOL's Delinquent File Voluntary Compliance Program. The Plan Sponsor will pay all fines and penalties associated with the filing. Management does not believe this will impact the Plan's qualified tax status.
