Independent Auditor's Report

Participants and Plan Trustees
Select Arc, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Select Arc, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Select Arc, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Select Arc, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Select Arc, Inc. (the Company) who are not members of a collective bargaining unit, have six months of service and are aged 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Eligible employees may contribute up to 100% of their compensation as defined by the Plan. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Employer contributions: The Company has an option to make a discretionary matching contribution according to the Plan document. Since the Plan's inception, the Company has elected to make a matching contribution equal to 50% of the first 4% of a participant's contribution to the Plan. Contributions are subject to certain limitations under the IRC. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations permitted under current regulations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately and distinctly, into which investment the participant contribution and Company contribution is to be invested.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after two years of service.

Notes receivable from participants: Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum amount for any single loan is \$1,000. Loan terms do not exceed five years, except if the funds are for certain home-related loans. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are repaid through payroll withholding. Interest on participant loans is at a rate of prime plus 1%. The interest rates on outstanding loans ranged from 4.25% to 9.50% as of December 31, 2025 and 2024.

Payment of benefits: On termination of service, a participant is eligible to receive a distribution equal to the vested value of the participant's account. A participant may, under certain conditions, withdraw all or a portion of their account balance without terminating their employment. If a participant's vested account balance, excluding rollover contributions, is less than \$7,000, then the participant's account will be paid in a single lump-sum cash distribution as soon as administratively feasible after termination of employment. If a participant's vested account balance, other than rollover contributions, exceeds \$7,000, the participant has the right to defer the commencement date of the distribution.

Forfeited accounts: Forfeited, nonvested accounts as of December 31, 2025 and 2024, totaled \$44 and \$14,062, respectively. Forfeitures, if available, are used to reduce future employer matching contributions. \$14,148 of forfeitures were used to offset employer contributions during 2025.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as more explicitly described in the Financial Accounting Standards Board Accounting Standards Codification.

Investments: Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan provides for investments in mutual funds and a fixed annuity investment contract.

Because the fixed annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fixed annuity investment contract. The fixed annuity investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Contributions: Participant contributions are recognized when earned. The Company's matching contributions are recognized concurrently with employee contributions.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: A significant portion of the Plan's administrative expenses is paid by the Company.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Delinquent loans that were not distributed as of December 31, 2025 and 2024, totaled \$29,743 and \$34,925, respectively.

Subsequent events: The Plan changed its trustee and record keeper from Empower Annuity Insurance Company of America to Principal Trust Company effective July 14, 2026. The transition occurred subsequent to year-end and did not impact the Plan's net assets available for benefits as of December 31, 2025.

The Plan has evaluated subsequent events for potential recognition and/or disclosure through August 24, 2026, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Prepared and Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2025 and 2024, and for the year ended December 31, 2025, was prepared by or derived from information provided by Empower Annuity Insurance Company of America, the Plan's trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to Plan investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 7 and the supplemental schedule related to the Plan's investments.

Empower Annuity Insurance Company of America also certified the completeness and accuracy of \$1,439,111 of net appreciation in fair value of investments, \$906,289 of interest and dividends income related to investments, and \$35,302 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America, trustee of the Plan, at December 31, 2025 and 2024. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rates are based on an agreed-upon formula with the issuer, and are guaranteed for an agreed-upon period, usually quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, the contract issuer may terminate the contract with 75 days advance notice to the contract owner for reasonable cause, which includes the contract owner's failure to render performance necessary to comply with the terms of the contract, failure to maintain contract value of at least \$20,000, plan disqualification or termination, the determination that amended terms of the Plan may have an adverse effect on obligations under the contract, or knowledge of a competing allocation option included in the Plan. Upon termination by the contract issuer, a market value adjustment or other withdrawal restrictions may apply.

Note 5. Plan Termination

Although it has not expressed such an intention, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the assets of the Plan will be distributed to participating employees or their beneficiaries. The Company shall have no right, title or interest in the contributions made by it under the Plan.

Select Arc, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan has adopted a preapproved plan which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the preapproved Plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2022.

Note 7. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Select Arc, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2025 and 2024, segregated by the level of the valuation inputs with the fair value hierarchy utilized to measure fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ 15,672,840	\$ -	\$ -	\$ 15,672,840

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	\$ 14,363,052	\$ -	\$ -	\$ 14,363,052

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the net assets available for benefits.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Party-in-Interest Transactions

Certain Plan investments are managed by the trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for trustee services to Empower Annuity Insurance Company of America totaled \$103,287 for the year ended December 31, 2025.

Net assets available for benefits per the Form 5500	<u>\$ 16,570,448</u>	<u>\$ 15,106,781</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	\$ 1,456,619
Change in excess contributions payable	1,866
Change in deemed distributed loans	5,182
Net increase per the Form 5500	<u>\$ 1,463,667</u>
