Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Plan Administrator
Ovintiv U.S. Retirement Plan
Denver, CO

Opinion

We have audited the financial statements of Ovintiv U.S. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Retirement Plan and Significant Accounting Policies

The following description of the Ovintiv U.S. Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

A) General

On January 24, 2020, Encana Corporation ("Encana") completed a corporate reorganization (the "Reorganization"). As a result of the Reorganization, Ovintiv Inc. ("Ovintiv") became the parent company of Encana and its subsidiaries, including Ovintiv Services Inc., which at the time served as the sponsor of the Plan. Ovintiv and its subsidiaries continue to carry on the business previously conducted by Encana and its subsidiaries prior to the completion of the Reorganization. On January 1, 2021, in connection with a corporate reorganization, Ovintiv Services Inc. transferred sponsorship of the Plan to Ovintiv USA Inc. (the "Company").

The Plan is a defined-contribution plan established on September 1, 1999, under which employer contributions are based on a fixed formula that is not related to profits and that is designated as a pension plan by the Company. All employees of Ovintiv USA Inc. and Ovintiv who reside in the United States of America ("U.S.") are eligible to participate in the Plan. The Plan includes immediate participant eligibility, automatic enrollment at 5% of participant compensation, the option for a participant to contribute using a percentage or flat dollar election and the option for a participant to elect to receive dividends in cash or reinvest in additional shares. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Management Pension and Benefits Committee provides oversight for the Plan. Principal Trust Company ("Principal") serves as the trustee, manages Plan assets and maintains the Plan's records. Principal offers the Plan's participants a variety of investment options, including an employer stock fund that is only an investment option for the safe harbor matching contributions. Individual accounts are invested in the various investment options at the direction of the participant.

OVINTIV U.S. RETIREMENT PLAN

B) Contributions

Participants may make before-tax and after-tax contributions up to 75% of their annual compensation not to exceed limits set by the U.S. Internal Revenue Service (the "IRS"), which are adjusted annually by the U.S. Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Participant contributions to the Plan are made through regular payroll deductions, catch-up contributions, and Roth contributions, which are after-tax contributions tracked in a separate account but subject to the same limitations set forth under the Plan.

The Company will make a safe harbor matching contribution of 100% of elective deferrals up to 5% of eligible compensation each period, which is initially invested in shares of Ovintiv common stock and after that, participants may invest at their direction. In addition, the Company will make a contribution of 8% of eligible compensation each pay period, invested at the direction of the participants (except that these funds cannot be invested in shares of Ovintiv common stock).

Contributions are recorded in the period in which the respective payroll deductions are made.

C) Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and an allocation of Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

D) Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Participants also have full and immediate vesting in the Company's 5% safe harbor matching contribution portion of their accounts. Participants are generally fully vested in the Company's 8% contribution after three years of service, and at disability, death or attainment of early retirement age under the Plan. Upon divestitures or restructuring events, affected participants are fully vested in their account balances at the date of termination.

E) Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear an interest rate between 4.25% to 9.50%, equal to one percent over the prime rate published in the Wall Street Journal on the first business day of the month in which the note is requested. The notes mature at various dates through 2040. The principal and interest are paid ratably through payroll deductions. Participant notes are recorded in the financial statements at amortized cost plus accrued interest. Participant notes receivable are written off when deemed uncollectible.

F) Payments of Benefits

Upon termination of service, death, disability, or retirement age, a participant may receive the value of the vested account balance as a lump-sum distribution or, at the participant's election, in partial payments in cash, periodic installment payments, or in an annuity form of payment. Effective January 1, 2025, the Plan adopted the federally declared disaster withdrawals as an available distribution option.

OVINTIV U.S. RETIREMENT PLAN

Accounts with balances less than \$1,000 will be distributed in a cash lump sum. Effective January 1, 2025, accounts greater than \$1,000 and less than \$7,000 will be rolled into an individual retirement account. Certain in-service and hardship withdrawals are allowed as outlined in the Plan document. Benefits are recorded as distributions to participants when paid.

G) Participant Termination and Forfeitures

Forfeitures occur when a participant terminates employment prior to satisfying the service years required to become vested in the 8% contribution made by the Company. Forfeitures can be used to pay Plan expenses or reduce employer contributions. As of December 31, 2025, and 2024, forfeiture balances were nil and \$9,460, respectively. For the year ended December 31, 2025, \$208,444 of forfeitures were used to reduce employer contributions and \$44,151 of forfeitures were used to reduce administrative expenses.

H) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

I) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires the Plan administrator to make informed estimates and assumptions and use judgements that affect certain reported amounts and disclosures. Accordingly, actual results could differ from estimated amounts.

J) Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

The net realized and unrealized gain or loss on investments (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value including capital gains reinvested. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

K) Risk and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, some investments held by Principal are invested in the securities of foreign companies, which involve certain risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

OVINTIV U.S. RETIREMENT PLAN

2. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques include the market, income and cost approach. The market approach uses information generated by market transactions involving identical or comparable assets or liabilities; the income approach converts estimated future amounts to a present value; the cost approach is based on the amount that currently would be required to replace an asset.

Inputs used in determining fair value are characterized according to a hierarchy that prioritizes those inputs based on the degree to which they are observable. The three input levels of the fair value hierarchy are as follows:

Level 1: Inputs represent quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted market prices for similar assets or liabilities in active markets or other market corroborated inputs.

Level 3: Inputs that are not observable from objective sources.

In determining fair value, the Plan utilizes the most observable inputs available. If a fair value measurement reflects inputs at multiple levels within the hierarchy, fair value measurement is characterized based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. All of the mutual funds are funds with quoted daily prices that are directly observable in the marketplace by market participants.

Common collective trust funds:

The Principal Stable Value Fund, held in a common collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. These investments are valued at their Net Asset Value ("NAV") of units of the common collective trust as of the close of business on the valuation date as a practical expedient for the estimated fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Stable Value Fund seeks to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets.

OVINTIV U.S. RETIREMENT PLAN

The Nuveen Lifecycle Index Funds, common collective trust funds, are valued at NAV of the units held and invests in equity, fixed income, and direct real estate. These funds are characterized at fair value hierarchy level 2 as they are readily determinable based on the underlying mutual funds. The Nuveen Lifecycle Index Funds seek high total return over time through a combination of capital appreciation and income.

The Great Gray Funds other than the Great Gray EUPAC Trust Class I1 Funds, common collective trust funds, invests in equity securities of mid and small cap U.S. companies. Equity securities include common and preferred stocks, as well as convertible securities. These investments are valued at their NAV per unit as of the close of trading on the New York Stock Exchange each day. The NAV is based on the total value of the Great Gray Fund's assets, minus its liabilities, and then divided by the number of units outstanding. The Great Gray Funds seek to provide long-term capital appreciation. The EUPAC Trust Class I1 Fund was formally known as the Great Gray EuroPacific Growth Trust Class I1 Funds.

The Great Gray Funds also include the Great Gray EUPAC Trust Class I1 Funds. These funds seek long-term capital growth by investing in a fund that is consistent with the international equity investment style. To achieve this objective, the Great Gray EUPAC Trust Class I1 Fund is invested in the Capital Group EUPAC Growth Trust, a collective investment trust maintained by the Capital Bank and Trust Company. The NAV per unit for the Great Gray EUPAC Trust Class I1 Funds are valued as of the close of trading on the New York Stock Exchange. The NAV is based on the total fair value of the assets, minus its liabilities, and then divided by the total number of units outstanding. Investment income earned is reinvested in the Great Gray EUPAC Trust Class I1 Fund and included in the determination of unit values.

The Great Gray Funds, including the Great Gray EUPAC Trust Class I1 Funds, are valued at NAV as a practical expedient of the units held by the Plan. NAV would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There is a 12-month redemption restriction for the Stable Value Fund.

Pooled separate accounts:

Investments in a pooled separate account ("PSA") are valued on a per unit market value as determined by Principal, which reflects the fair value of the underlying investments comprising the separate pooled funds. The majority of the underlying net assets have observable Level 1 and/or Level 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted but available to investors through accessing their online balances. These PSAs are classified as Level 2.

Investments in this category can be transferred once every 30 days at the current NAV per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into this category until the holding period elapses. New contributions are allowed during this time period.

There are no significant redemption restrictions or unfunded commitments on these investments.

OVINTIV U.S. RETIREMENT PLAN

Ovintiv common stock:

Investments in shares of Ovintiv common stock are valued at the closing price of such shares of Ovintiv common stock reported on the active market on which the securities are traded.

OVINTIV U.S. RETIREMENT PLAN

3. Income Taxes

The Internal Revenue Service (the “IRS”) has determined and informed the Company by a letter dated April 27, 2023, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and no provisions for income tax have been included in the Plan financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and pays the cost of certain outside services for the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain investment advisory fees are charged directly to the participant’s account and are included in administrative fees. Certain other investment related expenses are also included in net appreciation of fair value of investments.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested and the Plan administrator is to distribute each participant’s interest to the participant or their beneficiary.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal or its affiliates. Principal is the Trustee as defined by the Plan and these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund.

The Plan makes employer matching contributions in Ovintiv common stock. As the Company is the sponsoring entity of the Plan, the common shares qualify as related party and party-in-interest transactions. For the year ended December 31, 2025, transactions involving the Company’s stock included sales of \$12,250,774 and purchases of approximately \$8,039,626, including dividends paid of \$1,219,537.

The Company pays certain expenses on behalf of the plan and the Plan provides loans to participants. These transactions qualify as party-in-interest transactions.

OVINTIV U.S. RETIREMENT PLAN

7. Concentration of Investments

As of December 31, 2025, the Plan held \$113,499,943 in the Fidelity 500 Index Fund, which was approximately 20% of total investments. As of December 31, 2024, the Plan held \$103,786,266 in the Fidelity 500 Index Fund, which was approximately 19% of total investments. The net assets available for benefits would be sensitive to any changes in the value of Fidelity 500 Index Fund. The Fidelity 500 Index Fund seeks to provide investment results that correspond to the total return performance of common stocks included in the S&P 500 index and would be subject to stock market risk, which is the chance that stock prices overall will decline.

8. Subsequent Events

The Plan has evaluated all events through July 7, 2026, which is the date these financial statements were available to be issued.

In April 2026, the Company announced the closing of the sale of its Anadarko assets. Additional organizational restructuring changes also took place during this period, resulting in an over 20% reduction in participants. All affected participants in the Plan were fully vested in their account balances at the date of termination.
