INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Carpenters Services Administrative Corporation Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Carpenters Services Administrative Corporation Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- 
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carpenters Services Administrative Corporation Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARPENTERS SERVICES ADMINISTRATIVE CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Carpenters Services Administrative Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan. All employees may enter the Plan immediately. There are no special age or service requirements that need to be satisfied.

Contributions – Participants may contribute eligible compensation through pretax and Roth salary deferrals, subject to Internal Revenue Service (IRS) limitations. The employer makes a safe harbor nonelective contribution equal to 3% of eligible compensation for all eligible participants. In addition, the employer may make discretionary matching contributions and discretionary profit-sharing (nonelective) contributions. Any discretionary profit-sharing contribution is determined annually by the employer and allocated among eligible participants based on each participant's eligible compensation relative to total eligible compensation of all eligible participants.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of plan earnings and losses, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Default Investments - If a participant does not direct the investment of his/her individual account, 100% of his/her balance, plus any future contributions, will be invested in the Fidelity 500 Index, the default option of the Plan.

Vesting - Participants are vested immediately in their salary deferrals, rollover contributions, safe harbor nonelective contributions and related earnings. Discretionary nonelective (profit-sharing) contributions vest 20% after one year of service and increase by 20% annually until fully vested after five years of service. Discretionary matching contributions become 100% vested after three years of service.

Participant Loans - Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balance. Loans bear interest at rates determined by the Plan Administrator based on prevailing market rates and generally must be repaid within five years. Loans used to acquire a participant's principal residence may be repaid over a period of up to ten years. Repayments are made through payroll deductions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits - On termination of service due to retirement, death, hardship, or termination of employment, a participant has the option to receive a lump sum payment of the participants vested interest in his or her account.

Plan Administration - The assets of the Plan are held in trust by Fidelity Management Trust Company (Fidelity), the trustee.

Method of Accounting - The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are carried at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of investments are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividend income is reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable - The Plan estimates amounts receivable from the Plan sponsor at year-end based upon amounts withheld from participants' pay prior to year-end and collected by the Plan subsequent to year-end. Contributions receivable are presented net of an allowance for credit losses, if any. The allowance for credit losses is based upon historical loss experience in combination of current economic conditions and a forecast of future economic conditions. Any change in assumptions used in analyzing a specific contribution receivable might result in an additional allowance for credit losses being recognized in the period in which the change occurs. However, the Plan has historically had no write-offs due to credit losses.

Loans Receivable - Participants - Notes receivable from participants are measured at their unpaid principal balance. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of plan assets at the date of the financial statements. Actual results could differ from those estimates. The fair value of certain investments is estimated primarily by investment managers and consultants. Those estimated values may differ from the values that would have been used had readily determinable market values existed, and it is at least reasonably possible that these values may prove, even in the near term, to not represent the actual market value.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - All reasonable plan administrative expenses, including those involved in retaining necessary professional assistance, will be paid from the assets of the Plan. These expenses were allocated to the Plan's participants and paid from their account balances.

NOTE 3. TAX STATUS

The IRS has determined and informed the Plan by letter dated June 30, 2020 that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the receipt of the determination letter; the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. INFORMATION CERTIFIED BY TRUSTEE

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Fidelity, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024; the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025; and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows on the next page:

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025.

Description	Total Investments at 12/31/25	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Self-directed investments				
Registered investment companies	\$ 12,310,183	<u>\$ 12,310,183</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>125,467</u>			
Total	<u>\$ 12,435,650</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024.

Description	Total Investments at 12/31/24	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Self-directed investments				
Registered investment companies	\$ 6,303,564	<u>\$ 6,303,564</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*	<u>60,117</u>			
Total	<u>\$ 6,363,681</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered investment companies: Value is determined based on the closing price reported in the active market in which the individual assets are traded.

Common collective trusts: Valued at the fair values reported in the entities' audited financial statements and are based on their net asset value as of the last day of the year.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the net asset value (NAV) per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in these investment entities is subject to the terms of the respective agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily basis but longer lock-up periods can apply to certain investments.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurements as of December 31, 2025 and 2024 by investment strategy:

	Fair Value		Unfunded Commitments		Redemption Frequency	Redemption Notice Period
	2025	2024	2025	2024		
Common collective trusts	\$ 125,467	\$ 60,117	\$ -	\$ -	Daily	None

The investment in common collective trusts consists of a single investment in a common collective trust which reports as a Direct Filing Entity to the Department of Labor and can be redeemed daily.

NOTE 6. PRIORITIES UPON TERMINATION

It is the intent of the Board of Trustees to continue the Plan in full force and effect. In the event of the termination of the Plan, participants will be entitled to the total remaining assets in the same ratio as their accumulated share bears to the aggregate amount of the accumulated shares of all participants as of the termination date. No part of the assets shall be returned to any employer or inure to the benefit of any employer or union.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the values of investment securities could be different at the reporting date and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain administrative, investment, and professional fees to various service providers. In addition, Fidelity is the investment trustee and recordkeeper for the Plan. These transactions are party-in-interest transactions under ERISA.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$ 12,670,183
Less: participant contributions receivable	<u>(31,759)</u>
Net assets available for benefits per Form 5500	<u>\$ 12,638,424</u>

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to the Form 5500:

Net change in net assets available for benefits per financial statements	\$ 6,158,366
Add: change in participant contributions receivable	<u>(14,667)</u>
Net change in net assets available for benefits per Form 5500	<u>\$ 6,143,699</u>

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 20, 2026, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
