INDEPENDENT AUDITOR'S REPORT

To the Audit Committee and Plan Sponsor of
San Francisco Opera Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of San Francisco Opera Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of San Francisco Opera Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of San Francisco Opera Defined Contribution Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about San Francisco Opera Defined Contribution Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of San Francisco Opera Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about San Francisco Opera Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule"), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAN FRANCISCO OPERA DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

December 31, 2025 and 2024

1. Plan Description

The following description of the San Francisco Opera Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution retirement plan, was established on May 1, 2006, and most recently restated effective October 15, 2021, for the purpose of providing pension benefits to all employees of the San Francisco Opera Association (the "Plan Sponsor" or "Plan Administrator") who meet certain eligibility requirements.

The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC") and subsequent amendments. The Plan is intended to be qualified under Section 401(a) of the IRC.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan document has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Plan is administered by the Plan Sponsor who carries out the duties imposed by ERISA. The Plan Sponsor has delegated certain responsibilities for the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity"), and its affiliates are responsible for the custody and management of the Plan's assets as well as for maintaining participant accounts and transactions related to participant-initiated activity.

Certain investment fees are charged to the funds and are offset against Plan investment earnings in the accompanying statement of changes of net assets available for benefits.

SAN FRANCISCO OPERA DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

December 31, 2025 and 2024

1. Plan Description (continued)

Eligibility

Employees of the Plan Sponsor who have attained age twenty-one and at least one year of service, except for those covered by a collective bargaining agreement, leased employees, anyone covered by a contract, unless the contract allows them to participate, independent contractors and residents of Puerto Rico, are eligible to participate in the Plan.

Contributions

Each month the Plan Sponsor contributes non-elective employer contributions to the Plan. The formula for determining the amount of a contribution is based on the participant's age and eligible compensation, as defined in the plan documents. For participants under the age of 40, the contribution is an amount equal to 5% of eligible compensation; for participants ages 40 to 54, the contribution is an amount equal to 6% of eligible compensation; and for participants ages 55 and older, the contribution is an amount equal to 7% of eligible compensation. The Plan does not permit participant contributions.

Participant accounts

Each participant's account is credited with the Plan Sponsor's contributions and Plan earnings, and charged with Plan losses and an allocation of administrative expenses not paid directly by the Plan Sponsor. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances into various investment options offered by the Plan.

Notes receivable from participants

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their account balance. Participants may borrow from their fund accounts, restricted to their salary reduction, Roth deferrals, pre-tax rollovers, Roth rollovers, and QNEC transferred from the prior merged 401(k) account. The notes receivable ("notes" or "loans") are secured by the participant's vested account balance. Participants are allowed one note receivable at any time, and the note bears interest at a rate equal to the prime rate plus one percent at the time the note originates. Principal and interest is generally repaid directly to Fidelity. As of December 31, 2025, the interest rate on outstanding notes receivable from participants ranged from 4.25% to 9.50%. Notes receivable from participants as of December 31, 2025, have various maturity dates through July 2030.

Notes to Financial Statements

December 31, 2025 and 2024

1. Plan Description (continued)

Vesting

Participants receive vesting credit for the number of years worked for the Plan Sponsor. If employment is terminated from the Plan Sponsor, a portion or all of a participant's account, based on vesting percentages under the Plan, may be received by the terminating participant. Plan Sponsor contributions plus actual earnings thereon, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	50%
2	100%

Participants who are employed by the Plan Sponsor and become disabled, as defined by the Plan, die or reach normal retirement age will automatically become 100% vested in their non-elective employer contribution account, regardless of service.

Forfeitures

Forfeited amounts are applied to reduce employer contributions or used to pay for Plan expenses, in accordance with the terms of the Plan document. As of December 31, 2025 and 2024, the forfeited non-vested account balance was \$284 and \$137 respectively. During the year ended December 31, 2025, \$3,003 of the forfeited balance was used to offset employer contributions.

Payment of benefits

Upon termination of service due to death, disability, retirement, or separation from service, participants receive benefits either in the form of a lump sum payment or installments. Normal retirement age is 65. Participants are required to take minimum distributions upon attaining the age of 73. Participants are entitled to receive a distribution of all or any portion of their account balance restricted to their salary reduction, Roth deferral, pre-tax rollover, Roth rollover, and QNEC from the prior merged 401(k) account upon attaining the age of 59 ½, subject to certain limitations. Distributions under the Plan shall generally be made as soon as reasonably practicable following the date that the participant's application is received, date of death, or termination of employment. The Plan allows for mandatory lump sum distributions of participant vested account balances equal to or below \$1,000 upon termination.

Hardship withdrawals from participant's deferral contributions, subject to a minimum of \$1,000, are permitted under the provisions of the Plan, subject to certain limitations.

Notes to Financial Statements

December 31, 2025 and 2024

1. Plan Description (continued)

Administrative expenses

Certain administrative expenses of the Plan, including record-keeping and audit fees, were paid by the Plan Sponsor for the year ended December 31, 2025. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all of the costs and expenses of operating the Plan. Such expenses included but are not limited to investment expenses and costs to process distributions and domestic relations orders. Generally, the Plan Sponsor pays for any administrative expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Risks and uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Contributions from the Plan Sponsor are recorded in the year earned to coincide with the year in which the Plan Sponsor records the contributions to its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The plan administrator has evaluated subsequent events through June 2, 2026, the date the financial statements were available to be issued. During the period from January 1, 2026, through June 2, 2026, the date the financial statements were available to be issued, the Plan did not have any subsequent events requiring recognition in the financial statements or related footnotes.

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- *Level 2:* Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and,
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$45,675,589	\$ -	\$ -	\$45,675,589
Total investments at fair value	\$45,675,589	\$ -	\$ -	\$45,675,589

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$40,429,431	\$ -	\$ -	\$40,429,431
Total investments at fair value	\$40,429,431	\$ -	\$ -	\$40,429,431

4. Information Prepared and Certified by Fidelity (Unaudited)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, Fidelity, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and,
- Investments and notes receivable from participants reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. Related Party and Parties-in-Interest Transactions

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the Plan Sponsor. The Plan is not required to repay expenses paid by the Plan Sponsor on its behalf.

Fidelity retains as compensation for services provided to the Plan any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by Fidelity or its affiliates, therefore, these investment transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has adopted the Non-Standardized, Pre-Approved Profit Sharing Plan with CODA (the "pre-approved plan") sponsored by FMR, LLC. The Internal Revenue Service, informed FMR, LLC by a letter dated June 30, 2020, that the pre-approved plan was designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
