Independent Auditor's Report

To the Administrative Committee of the
403(b) Thrift Plan of New Concepts for Living, Inc.
Paramus, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 403(b) Thrift Plan of New Concepts for Living, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
December 31, 2025 and 2024

Note 1 – Description of Plan

The following description of the 403(b) Thrift Plan of New Concepts for Living, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution 403(b) plan covering all employees of New Concepts for Living, Inc. (the “Company” or “Employer”) except for non-resident aliens and students. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective May 1, 2021 whereby the Plan name changed to the 403(b) Thrift Plan of New Concepts for Living, Inc. (formerly the New Concepts 403(b) Plan).

Contributions: Each year, participants may make either Pre-Tax or Roth Elective Deferrals to the Plan, subject to limitations as provided in the Internal Revenue Code (the “IRC”) (\$23,500 and \$23,000 in 2025 and 2024, respectively). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations as provided in the IRC (up to \$7,500 in both 2025 and 2024). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective October 1, 2022, unless they affirmatively elect otherwise, eligible participants will have their compensation reduced in accordance with a qualified automatic contribution arrangement, as defined by the Plan.

The Company may elect to make a Matching Contribution to the Plan. The percentage of Elective Deferrals to be matched will be determined by the Company and allocated to participants making Elective Deferrals at the end of the Plan Year. The Company may also elect to contribute a Nonelective (discretionary) Contribution to the Plan. The Nonelective Contribution, if any, will be allocated to all employees eligible to participate in the Plan. During the years ended December 31, 2025 and 2024, the Company made no discretionary matching or non-elective contributions to the Plan.

Participant accounts: Each participant’s account is credited with the participant’s Contributions, Company Matching Contributions, and Company Nonelective Contributions, as well as allocations of Plan earnings and forfeitures of terminated participants’ non-vested accounts. Participant accounts are charged with an allocation of expenses that are paid by the Plan. Allocations determined by the Administrative Committee are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 – Description of Plan (continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's Matching and Nonelective Contributions (if any) is based on completing one year of service which is defined as having been credited with at least 1,000 hours of service during a Plan year. Participants become fully vested upon attainment of normal retirement age, death, or disability.

Notes Receivable from Participants: Participants may borrow 50% of their Pre-Tax or Roth contributions and any rollover contributions subject to a minimum limit of \$1,000 and a maximum limit of \$50,000. The number of loans that may be outstanding at any one time is two. The loan interest rate is set at 2 percent above the prime rate, as defined. Principal and interest is paid in level periodic payments, directly to Mutual of America Life Insurance Company, for a term not to exceed five years, unless for the purchase of a primary residence.

Group Annuity Loans are not reported as assets of the Plan as they are issued directly from funds owned by Mutual of America Life Insurance Company and loan proceeds are not removed from the participant's account. The total collateral included in Plan assets was approximately \$78,000 and \$38,000 as of December 31, 2025 and 2024, respectively.

Payment of Benefits: Upon termination of service due to death, disability, retirement or any other reason, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in their account. The form of payment will vary based on the investment product selected by the participant and the participant's marital status. In-service distributions are permitted after age 59 ½, upon incurring financial hardship, or disability.

Forfeitures: Any forfeitures arising out of the Plan, at the discretion of the Plan administrator, shall be applied to pay administrative expenses and/or used to reduce the Employer Contribution under the Plan.

SECURE Act and CARES Act: On December 20, 2023, the IRS released Notice 2024-2, which extends the deadline for adopting any SECURE Act plan amendments until December 31, 2026, to provide relief for plan sponsors waiting for final IRS guidance on many of the SECURE Act's provisions. These amendments can be retroactively adopted; therefore, the Plan can implement the amendments prior to amending the plan instrument. Similarly, plans may have voluntarily adopted provisions under the CARES Act by placing them in operation without amending the plan as long as the plan management makes the required amendments to plan documents by December 31, 2026.

Note 1 – Description of Plan (continued)

SECURE 2.0 Act of 2022: The SECURE 2.0 Act of 2022 (“SECURE 2.0 Act”) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the SECURE 2.0 Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. There is no current impact to the Plan and these provisions did not have an impact on the financial statements. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan’s investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan’s valuation policies utilizing information provided by the investment adviser and custodian.

See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of Group Annuity Loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 – Investments and Data Certified by the Plan's Custodian

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Mutual of America Life Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule:

Investments held certified by the custodian:

	<i>As of December 31,</i>	
	<i>2025</i>	<i>2024</i>
Investments	\$ 4,060,390	\$ 2,824,919

Investment income certified by the custodian:

	<i>For the Year Ended December 31,</i>	
	<i>2025</i>	<i>2024</i>
Net appreciation in fair value of investments	\$ 538,675	\$ 251,450

The following presents select investments, with approximate percentage of the Plan's net assets, as of December 31, 2025 and 2024.

	<i>December 31,</i>			
	<i>2025</i>		<i>2024</i>	
Mutual of America Clear Passage 2035 Retirement Fund	\$ 607,563	15%	\$ 502,372	18%
Mutual of America Clear Passage 2040 Retirement Fund	575,133	14%	204,230	7%

During the years ended December 31, 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$538,675 and \$251,450, respectively.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Guaranteed investment contract: Guaranteed investment contracts ("GIC") are valued at fair value based on underlying investments held by the GIC, which are predominantly observable assets with quoted market prices (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

403(b) Thrift Plan of New Concepts for Living, Inc.
Notes to the Financial Statements
December 31, 2025 and 2024

Note 4 – Fair Value Measurements (continued)

Pooled Separate Accounts: Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. Units held in PSAs are valued using the NAV of the PSA as reported by the applicable asset manager or investment sponsor.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

<i>Assets at Fair Value as of December 31, 2025</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value				3,717,839
Investments, at fair value				<u>\$ 3,717,839</u>

<i>Assets at Fair Value as of December 31, 2024</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value				2,574,824
Investments, at fair value				<u>\$ 2,574,824</u>

Note 4 – Fair Value Measurements (continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

<i>Investment</i>	<i>Fair Value December 31, 2025</i>	<i>Fair Value December 31, 2024</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency (if currently eligible)</i>	<i>Redemption Notice Period</i>
Pooled Separate Accounts (A)					
Asset Allocation	\$ 2,712,328	\$ 1,837,085	n/a	Daily	Daily
Balanced	160,314	64,799	n/a	Daily	Daily
Bonds	-	65	n/a	Daily	Daily
Large Cap Growth	571,776	464,668	n/a	Daily	Daily
Small/Mid/Specialty	262,270	203,512	n/a	Daily	Daily
Global/International	11,151	4,695	n/a	Daily	Daily

(A) The PSAs do not have a readily determinable fair value based on a publicly quoted price in an active market. The fair value of a PSA is based on the market value of its underlying investments, the fund's dividends, and the contract's separate account charges, and NAV is used as a practical expedient to estimate the fair value.

Note 5 – Guaranteed Investment Contract with Mutual of America Life Insurance Company

The Plan maintains fully benefit-responsive guaranteed investment contracts with Mutual of America Life Insurance Company. Mutual of America Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mutual of America Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Amounts withdrawn from the Plan before the end of a guaranteed term may be subject to a market value adjustment, based on a formula agreed upon with the issuer.

403(b) Thrift Plan of New Concepts for Living, Inc.
Notes to the Financial Statements
December 31, 2025 and 2024

Note 5 – Guaranteed Investment Contract with Mutual of America Life Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts at December 31, 2025 and 2024 was \$342,551 and \$250,095, respectively. The credit interest rate is based on a formula agreed upon with the issuer, but it may not be less than the minimum guaranteed interest rate of 1%, and is subject to market value adjustments as discussed above. Such interest rates are reviewed prior to the calendar year for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. During 2025 and 2024, the average yield was approximately 3%.

Note 6 – Related-Party Transactions and Party-In-Interest Transactions

The Plan's investments include pooled separate accounts and a guaranteed investment contract sponsored by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Management believes that fees paid during the year for administrative, recordkeeping, and managerial services rendered by Mutual of America and Altigro Pension Services, Inc. were based on customary and reasonable rates for such services. These transactions qualify as exempt party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

403(b) Thrift Plan of New Concepts for Living, Inc.
Notes to the Financial Statements
December 31, 2025 and 2024

Note 8 – Tax Status

The Plan uses a Prototype Non-Standardized 403(b) Plan plan document sponsored by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company obtained an opinion letter on March 31, 2017, in which the IRS stated that the Plan, as then designed, qualifies under Internal Revenue Code (“IRC”) Section 403(b). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include risks related to pandemics and international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Subsequent Events

The Plan has evaluated subsequent events through August 19, 2026, the date the financial statements were available to be issued.
