Independent Auditor's Report

Trustee and Plan Administrator
Schaedler Yesco Distribution, Inc.
Employee Stock Ownership Plan
Harrisburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Schaedler Yesco Distribution Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year then ended December 31, 2025, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year and the schedule of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2025
(with comparative information at December 31, 2024)

1. Description of the Plan and summary of significant accounting policies:

The following brief description of the Schaedler Yesco Distribution, Inc. (the Company) Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General:

The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an administrative committee comprised of two trustees appointed by the Company's Board of Directors. Fulton Bank, N.A./Fulton Financial Advisors is the custodian of the Plan's assets. All Plan investments are Company directed.

The Plan purchased Company common shares using the proceeds of borrowings. As of December 31, 2003, all debt was paid off and all shares were allocated to eligible employees' accounts.

Contributions:

Employees of the Company are generally eligible to participate in the Plan after reaching age 18 and after one employment year of service providing they worked at least 1,000 hours during such year. Participants who do not meet these two eligibility requirements or are not employed on the last day of the Plan year are generally not eligible for an allocation of Company contributions for such year. The Company's contribution to the Plan is at the discretion of the Board of Directors.

Participant accounts and forfeitures:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of the Company's contributions, Plan earnings and forfeitures of terminated participants' accounts and is charged with an allocation of certain Plan losses and expenses. Allocations are based on a participant's eligible compensation relative to total eligible compensation or account balances, as defined.

There were forfeitures of \$40,934 and \$23,725 allocated to participant accounts during the years ended December 31, 2025 and 2024, respectively. There was no balance in the forfeiture account at December 31, 2025 and 2024.

Vesting and payment of benefits:

Vesting is based upon Plan years of service. A participant is fully vested after six years of service.

For distributions as a result of retirement or death, the vested Plan account will be paid in installments over a period of five years, beginning no later than one year after the end of the Plan year in which retirement or death occurs. For terminations other than retirement or death, the Plan account will be held for five years, with payments beginning one year after the end of the Plan year, which is five years after the termination of employment, with the account being paid in installments over five years. All distributions to participants are to be made in cash.

SCHAEDLER YESCO DISTRIBUTION, INC.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2025
(with comparative information at December 31, 2024)

1. Description of the Plan and summary of significant accounting policies (continued):

Segregation of participant accounts:

Effective January 1, 2025, the Plan was amended to allow segregation of participant accounts, in which terminated participants will exchange shares of Company stock for cash of active employees, determined by the active cash available at the time of segregation. In 2025, no participants were segregated within the Plan due to active accounts maintaining no active cash balance at the time of segregation.

Put option:

Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification:

A participant who has completed ten years of service within the Plan and who has attained age 55 has the right to direct the investment of a portion of such participant's account attributable to Company stock. Participants who elect to have their Company stock diversified may invest in other funds.

Stock voting rights:

Each participant is entitled to exercise voting rights attributable to the Company shares allocated to his or her account and is notified by the trustees prior to the time that such rights are to be exercised. The trustees are not permitted to vote any allocated share for which instructions have not been given by a participant.

Plan termination:

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth by ERISA.

In the event the Plan is terminated, the interest of each participant in the Plan shall fully vest and will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (IRC). Upon termination of the Plan, the administrative committee shall direct the trustees to pay all liabilities and expenses of the Plan.

Basis of presentation:

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets.

(with comparative information at December 31, 2024)

1. Description of the Plan and summary of significant accounting policies (continued):

Investments:

The Plan's investments are valued as follows: the investment in Company stock is stated at fair value as determined by an appraisal by an independent third-party, Value Management Inc. The appraisal considered all pertinent factors outlined in the Appraisal Foundation's Uniform Standards of Professional Appraisal Practice Standards Rule 9 and the Internal Revenue Service (IRS) Revenue Ruling 59-60. The appraisal was weighted 60% on the income valuation technique and 40% on the market valuation technique. The appraiser took into account the history of the business, the economic outlook in general and the condition and outlook of the Company's industry, the earning capacity of the Company, the dividend-paying capacity of the Company, sales of Company stock (if any), the size of the block of stock to be valued and market comparables. Money market fund shares are carried at principal value of \$1 per share. Carrying values of certificates of deposit, federal home loan bank discount notes and treasury bills approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair market value measurement at the reporting date.

Plan administrative expenses:

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses for custodian fees are paid directly by the Plan and others are included in net depreciation in value of other investments. The Company pays other Plan expenses.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Certification of Plan assets and transactions:

The Plan's investments are held by the custodian, Fulton Bank, N.A./Fulton Financial Advisors Division, at December 31, 2025 and 2024. Investment information disclosed in the accompanying financial statements and supplemental schedules, specifically Company common stock and other investments held at December 31, 2025 and 2024, as well as net appreciation in fair value of Company common stock and other investments, interest and dividends and reportable transactions for the year ended December 31, 2025, was obtained or derived from the information supplied to the administrative committee and certified as complete and accurate by the custodian.

3. Reconciliation to Form 5500 Schedule H:

The accompanying financial statements of Schaedler Yesco Distribution, Inc. Employee Stock Ownership Plan are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). Department of Labor Regulation 2520.103-1(b)(3) requires the notes to the financial statements explain variances from GAAP or differences between amounts reported in the financial statements and amounts reported in Schedule H of Form 5500. The following reconciliations present differences between the Plan's GAAP financial statements and Schedule H of Form 5500 related to amounts allocated to withdrawing participants.

The following is a reconciliation of net assets available for benefits per the financial statements to the Schedule H of Form 5500:

	<u>2025</u>
Net assets available for benefits per the financial statements	\$ 42,626,898
Amounts allocated to withdrawing participants	<u>(40,363)</u>
Net assets available for benefits per the Schedule H Form 5500	<u><u>\$ 42,586,535</u></u>

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

	<u>2025</u>
Benefits paid to participants per the financial statements	\$ 5,538,377
Add, amounts allocated to withdrawing participants at December 31, 2025	<u>40,363</u>
Benefits paid to participants per the Schedule H of Form 5500	<u><u>\$ 5,578,740</u></u>

4. Fair value measurements:

The Plan ranks investments required to be reported at fair value in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investments, including the money market fund and treasury bills.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.). The Plan considers the federal home loan bank notes and certificates of deposit as Level 2 assets.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

See Note 1 for a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Assets reported at fair value and required to be disclosed according to the fair value measurement hierarchy at December 31, 2025 and 2024 were as follows:

<u>2025</u>	<u>Fair value</u>	<u>Level 3</u>
Schaedler Yesco Distribution, Inc. common stock	<u>\$ 40,991,781</u>	<u>\$ 40,991,781</u>
<u>2024</u>		
Schaedler Yesco Distribution, Inc. common stock	<u>\$ 42,775,584</u>	<u>\$ 42,775,584</u>

4. Fair value measurements (continued):

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the two years ended December 31, 2025 and 2024:

	Employer stock
Beginning balance at January 1, 2024	\$ 44,345,330
Total gains or losses included in changes in net assets available for benefits	<u>(1,569,746)</u>
Balance at December 31, 2024	42,775,584
Total gains or losses included in changes in net assets available for benefits	<u>(1,783,803)</u>
Ending balance at December 31, 2025	<u>\$ 40,991,781</u>

The total change in unrealized losses for 2025 relating to Level 3 assets still held at December 31, 2025 is \$1,783,803.

Independent appraisers prepared a valuation of the share price of the Company's common stock as of December 31, 2025 and 2024. As a result of this valuation, the fair value of each share of the Company's common stock was \$1,149 and \$1,199 per share as of December 31, 2025 and 2024, respectively. The Plan's shares represent 46.5% of the Company's shares outstanding. If the Company's actual operating results differ from its projected results, changes in future valuation may have a material effect on the Plan's financial statements.

5. Income tax status:

The Plan obtained its latest determination letter on July 8, 2016, in which the IRS stated that the Plan, as restated effective January 1, 2015, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The administrative committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

6. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's significant investment in Company stock is an additional risk related to lack of diversification.

7. Related party and party-in-interest transactions:

The Plan invests in Company common stock. This investment and the related transactions are exempt related party transactions. The Plan has a number of service providers, including Fulton Bank, N.A./Fulton Financial Advisors (Fulton). Such parties are parties-in-interest under ERISA. Fees paid by the Plan to these service providers are included either in administrative fees or in net appreciation in value of other investments.

8. Concentration:

The Plan's investment in the Company's common stock accounted for approximately 98% and 92% of the Plan's total investments at December 31, 2025 and 2024, respectively.

9. Subsequent events:

The Plan has evaluated subsequent events through August 7, 2026, the date which the financial statements were available to be issued.
