Independent Auditors' Report

To the Retirement Plan Committee and Plan Participants of
Arlington Coal & Lumber Co. 401(k) Retirement Plan
Arlington, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arlington Coal & Lumber Co. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arlington Coal & Lumber Co. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment and notes receivable from participants information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arlington Coal & Lumber Co. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Coal & Lumber Co. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arlington Coal & Lumber Co. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arlington Coal & Lumber Co. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Arlington Coal & Lumber Co. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of Arlington Coal & Lumber Co. 401(k) Retirement Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Arlington Coal & Lumber Company (the Company). The Plan was originally established on January 1, 1986 and was most recently amended in November 2021 to merge in the Friend Lumber Company 401(k) Profit Sharing Plan. The Retirement Plan Committee and the Plan Administrator are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986 (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

Setting Every Community Up for Retirement Enhancement (SECURE) Act and SECURE 2.0 Act

The SECURE Act and the SECURE 2.0 Act had various provisions in effect during or prior to the year ended December 31, 2025. The most significant change during 2024 required including long-term part-time employees who attained 500 or more hours of service in three consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. During 2025, the computation period was shortened to two consecutive 12-month periods. Further, participants from ages 60 to 63 were allowed to contribute catch-up contributions equal to 150% of the standard limit. The Plan is required to be formally amended for the SECURE Act and the SECURE 2.0 Act on or before December 31, 2026.

Eligibility

The Plan covers substantially all employees of the Company. All employees who are 21 years or older that have completed a year of service, as defined, excluding union employees and nonresident aliens, are eligible to participate in the Plan for all contribution types.

Contributions

Participants may contribute pre-tax and Roth contributions up to 100% of their eligible compensation, as defined. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are automatically enrolled in pre-tax contributions at 3% of eligible compensation, as defined, with contributions invested in a designated fund until changed by the applicable participant, and enter the Plan on the first day of the plan year or the first day of the seventh month of the plan year following the attainment of eligibility, unless the participant elects an alternative deferral percentage or opts out of participating.

The Plan provides for discretionary employer matching contributions for eligible participants. Discretionary employer matching contributions were not funded for the year ended December 31, 2025. As of December 31, 2025 and 2024, there were no receivables related to discretionary employer matching contributions.

1. Description of Plan...continued

Contributions...continued

The Plan also provides for discretionary employer profit-sharing contributions made to eligible participants. Participants are eligible to receive discretionary employer profit-sharing contributions if they meet the eligibility requirements of the Plan and are employed by the Company on the last day of the plan year or worked a minimum of 500 hours during the plan year, unless the applicable participant was terminated due to death, total and permanent disability, or was terminated after reaching normal retirement age (65). A participant does not have to be actively contributing to the Plan to receive a discretionary employer profit-sharing contribution. The Plan calculates discretionary employer profit-sharing contributions based on the percentage in which each eligible participant's annual eligible compensation, as defined, bears to the total annual eligible compensation of all eligible participants. For the year ended December 31, 2025, the Company's discretionary employer profit-sharing contributions totaled \$275,000, which were funded after year end and included within employer contributions receivable on the accompanying statements of net assets available for benefits. As of December 31, 2025 and 2024, the receivable related to discretionary employer profit-sharing contributions was \$275,000 and \$625,670, respectively.

During the year ended December 31, 2025, the Company funded corrective contributions of \$234, which were included within employer contributions on the accompanying statement of changes in net assets available for benefits. During the year ended December 31, 2025, the Company also funded corrective contributions totaling \$29,553 to rectify a failed compliance test for the year ended December 31, 2024, which were included within employer contributions receivable as of December 31, 2024 on these financial statements.

Contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, discretionary employer profit-sharing contributions, corrective contributions, and an allocation of the Plan's earnings or losses. Participants are charged with an allocation of administrative expenses that are paid by the Plan. The allocation of earnings and losses is based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan does not permit new loans. Participant loans outstanding as of December 31, 2025 and 2024 were transferred into the Plan as a result of the 2021 plan merger with the Friend Lumber Company 401(k) Profit Sharing Plan. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. As of December 31, 2025, the interest rate on outstanding notes receivable from participants was 5.25% with various maturity dates through August 2034. All loans are subject to the applicable provisions of the Plan.

1. Description of Plan...continued

Vesting

Each participant is immediately vested in his or her elective deferrals and rollover contributions, plus actual earnings thereon. Each participant begins vesting in discretionary employer matching contributions and discretionary employer profit-sharing contributions, and related earnings, based on years of service, starting after two years of credited service and become fully vested after six years of credited service. One year of credited service is defined as a plan year with 1,000 hours of service. Participants become fully vested in discretionary employer matching contributions and discretionary employer profit-sharing contributions upon death, disability, or attainment of normal retirement age, as defined, while still employed by the Company.

Forfeitures

Forfeitures represent the nonvested portion of terminated participant account balances plus related earnings. Forfeitures may be applied to reduce cash required to fund future employer contributions or pay reasonable administrative expenses of the Plan. As of December 31, 2025 and 2024, forfeited nonvested account balances held by the Plan totaled \$1,778 and \$7,035, respectively. During the year ended December 31, 2025, forfeited nonvested account balances of \$17,713 were used to reduce employer contributions related to the year ended December 31, 2024.

Payment of Benefits

A participant's vested account may be distributed to the participant (or the participant's beneficiary in the event of the participant's death) at normal retirement age (65), disability, death, or termination of employment as a single lump-sum payment, a partial withdrawal, or substantially equal installments. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. A participant who is eligible for a hardship withdrawal or has attained age 59½ may elect to withdraw all or a portion of his or her vested account. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance in the Plan less than \$5,000. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 75, which is dependent upon the participant's birth date as defined in the SECURE 2.0 Act.

All distributions are subject to the applicable provisions of the Plan.

Investment Elections

Each participant shall direct the investment of his or her account and shall elect among various mutual and money market funds and common collective trusts. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Notes to Financial Statements

2. Summary of Significant Accounting Policies...continued

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee and the Plan Administrator determine the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2025 and 2024, accrued but unpaid interest has been deemed insignificant to the Plan. Interest from notes receivable from participants is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the notes receivable from participants balance is reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the applicable participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. For the year ended December 31, 2025, the Company paid certain other administrative expenses incurred by the Plan.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Arlington Coal & Lumber Co. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

3. Fair Value Measurements...continued

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
 - if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds – Mutual funds are valued at the daily closing price as reported by the applicable mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission, which are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund – The money market fund is valued at the daily closing price as reported by the money market fund and deemed to be actively traded.

Common collective trusts – Common collective trusts are valued at the NAV of units of the applicable common collective trust. The NAV, as provided by Ascensus, LLC (Ascensus), trustee, as an authorized representative for Ascensus Trust Company and Newport Trust Company, LLC, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient is not used when it is determined to be probable that the applicable fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions. There were no unfunded commitments as of December 31, 2025 and 2024.

Notes to Financial Statements

December 31, 2025 and 2024

3. Fair Value Measurements...continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 3,808,362	\$ -	\$ -	\$ 3,808,362
Investments measured at NAV				17,536,906
Total investments at fair value				\$ 21,345,268

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 2,842,194	\$ -	\$ -	\$ 2,842,194
Investments measured at NAV				15,339,198
Total investments at fair value				\$ 18,181,392

4. Information Prepared and Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and the related investment and notes receivable from participants activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

5. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Retirement Plan Committee and the Plan Administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognized a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Arlington Coal & Lumber Co. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

7. Party-in-Interest Transactions

The Plan previously issued notes receivable to participants, which are secured by the balance in the applicable participant's account and constitute party-in-interest transactions.

Certain service providers to the Plan, including the Plan's investment advisor as well as an affiliate of Ascensus, are parties-in-interest as defined by ERISA. During the year ended December 31, 2025, the Plan paid fees to these parties, which are included within administrative expenses on the accompanying statement of changes in net assets available for benefits. These transactions qualify as exempt party-in-interest transactions under ERISA. The amounts paid to the individual service providers were not material to the Plan.

8. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through July 31, 2026, the date the financial statements were available to be issued.
