INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of
RLI Corp. Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RLI Corp. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of reportable transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RLI CORP. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1. DESCRIPTION OF PLAN

The following description of RLI Corp. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan designed to invest primarily in the stock of RLI Corp. (the Company). The Plan covers substantially all employees of RLI Insurance Company, a subsidiary of RLI Corp., and Safe Fleet Insurance Services, Inc., a subsidiary of RLI Insurance. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Regular full-time employees enter the Plan on December 31 after completing six months of continuous service. All part-time and temporary full-time employees enter the Plan on January 1 or July 1 after having completed one year of eligible service, defined as 1,000 or more hours of service during a 12-month period. The Plan excludes leased employees, interns, residents from another country on temporary assignment in the United States, and independent contractors.

The Plan was restated effective January 1, 2024 in order to comply with required legislative updates. There were no significant changes to the plan provisions as a result of the restatement.

Stock Split and Restatement of Prior Period Share Information

On January 15, 2025, the Company completed a two-for-one stock split of its common stock. Under the terms of the split, stockholders received one additional share for each share held.

The Plan received additional shares proportional to its ownership interest in the Company's common stock. The stock split changed the number of shares held by the Plan but did not affect the aggregate fair value of the Plan's investments immediately following the split.

To provide comparability between periods, all share quantities, per-share values, and participant share balances presented in these financial statements have been retrospectively adjusted to reflect the two-for-one stock split as if it had occurred at the beginning of the earliest period presented.

1. DESCRIPTION OF PLAN (Continued)

Contributions

The Company may make discretionary annual contributions, as approved by the Company's Board of Directors. Company contributions are made for participants who meet the eligibility requirements set forth in the plan document and are employed on the last day of the year. For the years ended December 31, 2025 and 2024, the Company made discretionary annual contributions of 9.00% and 8.70% of eligible Plan compensation, respectively.

Contributions are subject to certain limitations as mandated by the IRC. Contributions and forfeitures from the accounts of terminated participants are allocated to participants as of the end of the plan year.

The Plan does not allow for voluntary contributions by employees.

Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contribution, (b) forfeitures of terminated participants' non-vested accounts, (c) dividends, (d) Plan earnings or losses, and charged with the participant's benefit payments, dividend distributions, and diversification distributions/transfers out. Allocations are based on participants' eligible plan compensation or participants' share balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. Unallocated shares and shares for which the trustee does not receive timely voting instructions will be voted by the trustee in accordance with the voting right provisions as further outlined in the plan document.

Vesting

Participants are automatically 100% vested in dividends received on the Company common stock. Participants are 0% vested in the Company's discretionary annual contributions and forfeiture allocations until they are credited with 3 years of service, at which point they become 100% vested.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount in the form of cash or stock equal to the value of the participant's vested interest in his or her account. A participant that terminates employment whose account balance is less than \$7,000 will receive a distribution of their vested aggregate account balance without the consent of the participant. If the distribution is less than \$1,000, the distribution will be made in the form of lump sum cash. If the distribution is greater than \$1,000, but less than \$7,000, the Plan will pay the distribution in an automatic direct rollover to an individual retirement account (IRA).

Diversification

The Plan offers participants with 10 or more years of Plan service a diversification option to give participants the opportunity to move part of the value of their investment in Company stock into more diversified investments. Eligibility for diversification is based on the participant's age and years of plan participation. Once eligible, the amount of Company common stock the participant is allowed to transfer ranges from up to 30% to 100%, as defined in the plan document. Participants who elect to diversify may receive a cash and/or stock transfer into their Company-sponsored 401(k) plan account, a direct rollover of cash and/or stock to an eligible retirement plan, a cash distribution, or a distribution of Company common stock. For the years ended December 31, 2025 and 2024, the diversification transfers out of the Plan amounted to \$1,487,716 and \$2,492,273, respectively.

Dividends

Cash dividends received by the Plan with respect to any share of the Company common stock may be distributed, in cash, directly to a participant or such participant's beneficiary. In accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001 and at the participant's discretion, any dividend received may also be reinvested in the Plan in Company common stock. Participants are fully vested in all reinvested dividends.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited nonvested accounts totaled \$336,657 and \$334,013, respectively. These amounts will be used in accordance with the applicable plan provisions. During 2025 and 2024, forfeitures of \$0 and \$160,901, respectively, were reallocated to plan participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Audit Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Distribution fees are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting and Regulatory Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2025 and 2024. Plan management continues to evaluate the impact of the optional provisions of SECURE 2.0 and is awaiting additional regulatory guidance from the Internal Revenue Service (IRS) and Department of Labor (DOL). The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2025 and 2024. The Plan will be amended to reflect any changes made in response to SECURE 2.0 prior to the deadline set by law or applicable regulations.

3. INVESTMENTS

The following table represents the value of investments in the Plan as of December 31, 2025 and 2024:

	2025	2024
RLI CORP. COMMON STOCK		
Number of shares	4,741,363	4,749,542
Cost	\$ 184,836,005	\$ 169,417,448
Fair value	\$ 303,352,421	\$ 391,433,429
Shares held at beginning of year	4,749,542	4,894,714
Shares purchased	487,863	408,468
Shares sold or distributed to participants	(496,042)	(553,640)
SHARES HELD AT END OF YEAR	4,741,363	4,749,542

The market value per share of RLI Corp. common stock as of December 31, 2025 and 2024, was \$63.98 and \$82.42, respectively.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Market Value as of December 31, 2025				
Description	Level 1	Level 2	Level 3	Total
RLI Corp. common stock	\$ 303,352,421	\$ -	\$ -	\$ 303,352,421
TOTAL INVESTMENTS AT FAIR VALUE	\$ 303,352,421	\$ -	\$ -	\$ 303,352,421

Assets at Fair Market Value as of December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
RLI Corp. common stock	\$ 391,433,429	\$ -	\$ -	\$ 391,433,429
TOTAL INVESTMENTS AT FAIR VALUE	\$ 391,433,429	\$ -	\$ -	\$ 391,433,429

5. CERTIFICATION OF FINANCIAL INFORMATION

The financial data included in the accompanying financial statements as of and for the years ended December 31, 2025 and 2024 and supplemental schedules of assets (held at end of the year) as of December 31, 2025 and reportable transactions for the year ended December 31, 2025, have been certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution. The following certified information was obtained by management and agreed to and derived from information certified as complete and accurate, and has not been audited by the independent auditors for the Plan: investments at fair value, dividends, and net appreciation (depreciation) in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. TAX STATUS

The Company adopted a non-standardized pre-approved plan document, which received an opinion letter dated June 30, 2020, in which the IRS stated that the non-standardized pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the non-standardized pre-approved plan document; however, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments, which include 4,741,363 and 4,749,542 shares of the Company's common stock as of December 31, 2025 and 2024, respectively, are held by the Trustees of the Plan. Transactions involving the funds administered by the Company are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Certain administrative expenses are paid by the Plan or the Company. These transactions qualified as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in common stock of the Company. These securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of uncertainty related to changes in the value of the stock, it is at least reasonably possible that changes in the value of the stock will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RETROSPECTIVE ADJUSTMENT FOR STOCK SPLIT

As discussed in Note 1, the Company completed a two-for-one stock split of its common stock on January 15, 2025. To provide comparability between periods, all share quantities, per-share values, and participant share balances presented in these financial statements have been retrospectively adjusted to reflect the two-for-one stock split as if it had occurred at the beginning of the earliest period presented.

The effect of the retrospective adjustment on the Plan's investment in Company common stock as of December 31, 2024 was as follows:

	As Previously Reported	As Adjusted
RLI CORP. COMMON STOCK		
Number of shares - December 31, 2024	2,374,771	4,749,542
Cost	\$ 169,417,448	\$ 169,417,448
Fair value	\$ 391,433,429	\$ 391,433,429
Shares held at beginning of year	2,447,357	4,894,714
Shares purchased	204,234	408,468
Shares sold or distributed to participants	(276,820)	(553,640)
SHARES HELD AT END OF YEAR	2,374,771	4,749,542
Fair value per share	\$ 164.83	\$ 82.42

The stock split had no effect on the total net assets available benefits, total benefits paid, or changes in net assets available for benefits for any period presented.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 12, 2026, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date.
