Independent Auditors' Report

To the Plan Administrator of
AQUA Dermatology 401(k) Profit Sharing Plan
Fort Myers, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of AQUA Dermatology 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of AQUA Dermatology 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in the Certified Investment Information footnote to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AQUA Dermatology 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AQUA Dermatology 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AQUA Dermatology 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AQUA Dermatology 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—2024 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2024, were audited by predecessor auditors. In their opinion dated October 15, 2025, the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with account principles generally accepted in the United States of America. The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(c).

AQUA DERMATOLOGY 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2025 and 2024

Plan Description

The following description of AQUA Dermatology 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Naples Center for Dermatology and Cosmetic Surgery, P.A. and affiliates (the "Company"), who complete 90 days of service and have attained age 21. Participants must complete 1,000 hours of service in a 12 month period to be eligible for matching contributions and employed on the last day of the year. Upon meeting the eligibility requirements, employees may enter the plan on the first day of the next month. The Plan excludes bargaining union employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pre-tax and post-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, and a guaranteed investment contract as investment options for participants. The Company contributes a discretionary matching contribution of 50% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company has the option to make a discretionary profit sharing contribution to the Plan. The Company has the option to make a discretionary profit sharing contribution to the Plan. No profit sharing contributions were made during 2025. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested after six years of credited service.

Notes to Financial Statements

December 31, 2025 and 2024

Plan Description (continued)

Payment of Benefits

On termination of service due to death, disability, resignation, or retirement, a payment will be made to an individual retirement account at the trustee if their vested balance is less than \$5,000. If the participant's account balance is \$1,000 or less, payment will automatically be made in a lump-sum without the participant's consent. A participant will receive a lump-sum up to the value of the participant's vested interest in his or her account or partial payments if their vested balance is greater than \$5,000. Additionally, participants may elect to receive in-service withdrawals if they become 59½ during the Plan year. Participants are allowed hardship withdrawals in excess of \$500.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the vested balance in the participant's account and bear interest rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period of five years or less, unless used for the purchase of a primary residence.

Forfeitures

When a participant terminates employment with the Company while partially vested, the non-vested portion of their Plan account is forfeited. Forfeitures of employer contributions are to be used to pay administrative expenses, reduce the Company's future contribution or reallocated to participants. At December 31, 2025 and 2024, forfeited nonvested account totaled \$86,065 and \$33,936, respectively. Also in 2025 and 2024, employer contributions were reduced by \$27,109 and \$25,044, respectively, from forfeited non-vested accounts. During 2025, participants forfeited approximately \$77,000 of non-vested employer contributions.

Summary of Significant Accounting Policies

Basis of Accounting

The Plans financial statements are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires management and the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value.

Notes to Financial Statements

December 31, 2025 and 2024

Summary of Significant Accounting Policies (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See contract value measurements disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as we as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included as administrative expenses when incurred. No allowance for credit loss has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses

Certain expenses of maintain the Plan are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in investment income (loss).

Notes to Financial Statements

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at that price.

Pooled Separate Accounts: Valued at fair value based on the underlying investment reported to the Plan by Principal Life Insurance Company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a fixed income general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in the Summary of Significant Accounting Policies, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assts available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Guaranteed Investment Contract with Insurance Company (continued)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with plan participants, is probable.

Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Net appreciation in fair value of investments, dividends and interest, and interest on participants' notes receivable as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2025.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information included in the financial statements and ERISA-required supplemental schedule.

Party-in-Interest Transactions

All Plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively, "Principal"). Principal is the trustee as defined by the Plan and, therefore, these transaction qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. It is impractical to estimate the total fees paid through this arrangement with the trustee. The plan also pays indirect compensation that is included in net appreciation (depreciation) in fair value of the investments, as they are paid daily through deductions to the net asset value, rather than a direct payment.

Party-in-Interest Transactions (continued)

In addition to the trustee services provided, the Plan also utilizes third party administration services provided by Principal and Pentegra Services, Inc. ("Pentegra"). Fees paid directly by the Plan for administrative expenses was \$221,251. All of these party-in-interest transactions are exempt from the prohibited transactions under rules of ERISA.

Tax Status

The IRS had determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator has determined that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently not audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Subsequent Events

The Plan evaluated subsequent events through August 19, 2026, the date the financial statements were issued.
