and Beneficiaries

ARC 401(k) Employee Retirement Plan

Gaithersburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ARC 401(k) Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) which comprise of the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosures under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2025 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2025 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by qualified institutions. Their report dated October 2, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and the (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements of ERISA Section 103(a)(3)(C).

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. DESCRIPTION OF PLAN

The following description of ARC 401(k) Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of The August Jackson Company and Hosts Destination Services, LLC (collectively the “Sponsor” or “Company”), which are wholly owned by ARC Holdings Unlimited, Inc. Excluded employees include residents of Puerto Rico, employees that are nonresident aliens, and those that are covered by a collective bargaining agreement. Participants are eligible to participate in the Plan immediately upon meeting the eligibility requirements of 21 years of age and attainment of 500 hours of service in a six month period.

The Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), was established January 1, 2006.

Contributions

Participants may elect to contribute a portion of their annual eligible compensation as defined by the Plan. This elective contribution is limited to the lesser of 50% of compensation or the maximum allowed by the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catchup contributions. Participants may select from pre-tax or Roth deferrals. These contributions are elective contributions subject to annual limitations established by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirements plans.

The Employer has elected to make a safe harbor matching contribution equal to 100% of each participant's elective deferral not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferral in excess of 3% but not to exceed 5% of participant's compensation. The Employer contributed \$597,069 in safe harbor matching contributions in 2025. The Employer may also elect to make a discretionary employer match and discretionary nonelective employer contribution to the Plan on behalf of qualifying participants. A discretionary match or discretionary non-elective contribution was not funded for the Plan year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant’s share of net earnings or losses on their respective elected investments. The benefit to which a participant is entitled is the amount that can be provided from the participant’s vested account balance.

See accompanying independent auditors’ report.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in elective deferrals, rollover contributions, and safe harbor matching contributions. Discretionary non-elective employer contributions are subject to a six-year graded vesting schedule based on years of service. A participant is 100% vested after six years of credited service.

<u>Years of service</u>	<u>Vested %</u>
Less than 1	0
1	20
2	40
3	60
4	80
5 or more	100

During the year ended December 31, 2020, the Company reduced the workforce which represented a partial plan termination as defined in the Internal Revenue Code. As a result of the partial plan termination, all accumulated benefits of affected employees became fully vested.

Investments

Participants direct the investments of their contributions and any allocated employer matching or other discretionary employer contribution into various investment options offered by the Plan and may change their investment options at any time. As of December 31, 2025, the Plan offers several investment choices.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Only one loan may be outstanding at a time. Loan principal and interest is generally repaid through payroll deductions and are reinvested in the participant's account according to the individual investment elections. Loan terms generally may not exceed five years but may be longer for the purchase of a primary residence. Loans are secured by the balance of the participant's account and bear interest at a reasonable rate of interest as determined by the Plan Administrator. Any loan origination fee will be described in the loan application form and will be deducted directly from the participant's account and are included in the administrative expenses on the statement of changes in net assets available for benefits.

See accompanying independent auditors' report.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by rollover or lump sum distributions.

Certain in-service withdrawals are allowed. A participant may elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59.5. Hardship withdrawals are allowed only for immediate and heavy financial needs for reasons defined by the Plan document.

Vested account balances that do not exceed \$7,000 are subject to automatic distribution without participant's consent. All other accounts must receive participant consent before a distribution to the participant can occur.

Forfeitures

Non-vested amounts will be forfeited by participants upon termination and may be used to pay administrative expenses of the Plan or to reduce the Employer contributions. At December 31, 2025 and 2024, forfeitures available for use totaled \$33 and \$32, respectively. During the Plan year ended December 31, 2025, zero forfeitures were used to reduce employer match contributions or pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may vary from those estimates.

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Guaranteed investment contracts held by the Plan that are fully benefit-responsive are reported at contract value. Contract value is the relevant measure because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents net contributions plus interest at the contract rate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivables from Participants

Notes receivable from participants represent participant loans, all of which are secured by vested account balances of borrowing participants and are recorded at their outstanding principal balances plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is included in interest income on notes receivable from participants on the statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. There were no excess contributions payable for the years ended December 31, 2025 or 2024.

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to notes receivable from participants and benefits paid to participants are charged directly to the participant's account and included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments on the statement of changes in net assets available for benefits.

Administrative expenses amounted to \$44,785 for the year ended December 31, 2025 and are included in administrative expenses on the statement of changes in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Investments, and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2025 and 2024.
- b. Interest and dividend income, interest income on notes receivable from participants, and net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2025.
- c. The Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall measurement.

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires these assets and liabilities to be classified in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

- *Money market funds.* The money market category includes money market mutual funds that generally invest in instruments that mature in one year or less and are valued at cost which approximates fair value. Also included in money market funds are certain Federal Deposit Insurance Corporation insured money market deposits that are valued at cost as they are cash equivalent holdings.
- *Mutual funds of registered investment companies.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/collective trust.* Valued at NAV based on units of the common/collective trust fund. The common/collective trust fund is a direct filing entity valued at NAV. The NAV, as certified by Fidelity, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following table represents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits and sets forth by level, within the fair value hierarchy, the Plan investments at fair value as follows:

December 31, 2025

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Lincoln National Life Insurance Company which are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. All guarantees are based on the financial strength and claims-paying ability of Lincoln National Life Insurance Company, which is solely responsible for all obligations under its contracts.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contracts are included in the statement of net assets available for benefits at contract value as reported by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

See accompanying independent auditors' report.

ARC 401(k) EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The guaranteed investment contract specifies certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not have a defined maturity date. Rather, the contract value continues in force until terminated by either the Plan or by Lincoln National Life Insurance Company.

6. NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2025 and 2024.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 21,296,786	\$ 16,342,647

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in funds offered by Fidelity Management Trust Company as the Custodian of the Plan. Fees incurred by the Plan for investment management and custodial services are included in net appreciation in fair value of investments. Fees incurred by the Plan for recordkeeping services are included in administrative expenses and net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Notes receivable from participants also qualify as party-in-interest transactions.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

9. PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and profit-sharing contributions, if any, and related earnings.

10. TAX STATUS

Effective April 12, 2022, the Plan is based on a non-standardized pre-approved prototype plan developed by FMR, LLC, which received a favorable opinion letter dated June 30, 2020 from the IRS stating the prototype plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). The Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statement of net assets available for benefits.

See accompanying independent auditors' report.

12. SUBSEQUENT EVENTS

The Company evaluated events that occurred after the statement of net assets available for benefits date through August 27, 2026, which is the date these financial statements were available to be issued.

Effective on June 15, 2026, the Plan Sponsor executed an amendment to the Plan document to incorporate provisions of the Bipartisan American Miners Act of 2019, the SECURE Act of 2019, and the SECURE 2.0 Act of 2022. The amendment was adopted to maintain the Plan's tax-qualified status and compliance with applicable regulatory requirements. Management has determined that the amendment did not have a material impact on the Plan's net assets available for benefits or changes in net assets available for benefits for the year ended December 31, 2025.
