Kahlig Auto Group Health Benefit Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kahlig Auto Group Health Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 30, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Kahlig Auto Group Health Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended November 30, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Kahlig Auto Group Health Benefit Plan and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Kahlig Auto Group Health Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kahlig Auto Group Health Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Kahlig Auto Group Health Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended November 30, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Kahlig Auto Group Health Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

This Plan is an employee welfare benefit plan sponsored by the Kahlig Auto Group (the "Employer" or "Company"), which consists of North Park Lincoln-Mercury, Inc. and its related dealerships: Kahlig Enterprises, Inc. dba Bluebonnet Motors, Kahlig Motor Company dba North Park Lexus and North Park Lexus at Dominion, North Park I-10 West, Inc. dba North Park Volkswagen of Dominion, Bluebonnet Chrysler Dodge, LLC dba Bluebonnet Chrysler Dodge, NPMI Management, Inc. dba North Park Mazda, North Park SD Motors, LLC dba North Park Subaru at Dominion, North Park NE Motors, LLC dba Audi North Park, San Juan Motors, LLC dba North Park Lexus Rio Grande Valley, Kahlig Auto Group Management, LLC, SSP Motors, LLC dba North Park Subaru, and Clarence J. Kahlig, II dba Kahlig Ranches. The Plan is a self-insured medical plan in which the benefits are funded by the Kahlig Auto Group Health Benefit Trust (the "Trust"), which was established December 1, 2013. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan provides medical benefits, including prescription drug benefits, to eligible employees. The Plan does not pay all medical expenses, only certain expenses under certain circumstances. Full-time employees, as defined in the Plan document, become eligible on the first day of the month following the completion of 60 days of service. A dependent will become eligible for dependent coverage on the first day that the covered employee is eligible for employee coverage and the dependent satisfies the requirement for dependent coverage. An eligible employee must enroll for coverage by completing and signing an enrollment application along with the appropriate payroll authorization. If the employee intends to cover any dependents, those dependents must also be affirmatively enrolled. The Plan provides for three coverage options called the Base Plan, the Buy-Up Plan, and the High Deductible Heath Plan. All three options provide similar benefits but have different cost and coverage structures. The Prescription Drug Benefits are the same under all three options. The cost for coverage is shared by the Employer and Participants, based on estimated costs, and are reset annually. Cost-sharing amounts are amounts that are fixed dollar amounts, or a portion of the cost of a covered charge, that a covered individual is responsible for paying out-of-pocket. Cost-sharing amounts include deductibles, co-payments, and cost-sharing percentages. There are different cost-sharing amounts for in-network health care providers and out-of-network health care providers. Cost-sharing amounts for medical benefits are determined separately from cost-sharing amounts for pharmacy benefits. The Plan does not provide for post-employment benefits, other than benefits defined by the Consolidated Omnibus Budget Reconciliation Act ("COBRA"). Participants must pay the full cost of coverage if electing COBRA benefits.

The Plan is self-insured but has a stop-loss coverage policy with Blue Cross Blue Shield of Texas ("Blue Cross"). The individual stop-loss coverage equals the amount of paid claims for a covered participant in excess of $175,000, subject to certain policy limits, which the Plan considers reasonable and appropriate in an effort to limit its exposure for self-insured benefits. Benefit payments presented in these financial statements are net of recoveries from the stop-loss insurance. The amount of stop loss reimbursements netted against claims was $855,923 and $590,234 for the years ended November 30, 2025 and 2024, respectively.

Plan Administration

The Employer administers the Plan. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets, and maintain accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan's trustee, Frost Bank, is responsible for custody and management of the Plan's assets. The Employer has the authority under the Plan to modify the benefits provided, deductibles, maximums, co-payments, exclusions, limitations, definitions, eligibility, and other provisions. The Plan has contracted with Blue Cross, an unaffiliated claims administrator, for the duties of substantiation of all medical claims and payment of those benefits, but the responsibility for payment to participants and providers is retained by the Plan. Plan benefits are specifically described in the Plan Document.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Health Savings Accounts

Effective December 1, 2020, the Plan offers a high deductible health plan. A participant in the high deductible health plan that does not have other health coverage that is not a high deductible health plan and who is otherwise eligible may contribute to a health savings account ("HSA"). A participant may elect to make contributions to his or her HSA on a pre-tax basis through this Plan. The Employer may make employer contributions (other than pre-tax contributions) to a participant's HSA in its discretion.

The annual amount that a participant may contribute to his or her HSA is limited by law and depends on whether the participant has elected single or family coverage under the high deductible health plan. An additional catch-up contribution ($1,000) may be made for participants who are age 55 or older. The maximum annual contribution will be reduced by any employer contributions made on a participant's behalf. A participant's election to contribute to an HSA through this Plan can be increased, decreased, or revoked prospectively at any time during the plan year, effective no later than the first day of the next calendar month following the date that the election change was filed. HSA benefits under the Plan consist solely of the ability to make contributions to the HSA on a pre-tax basis. Terms and conditions of coverage and benefits will be provided by and are set forth in the HSA documents, not this Plan.

Contributions

Participating employers make contributions to the Plan. The contribution rate is determined annually by the Employer based partially upon calculations performed by the Plan's advisors. The Plan in turn uses the contributions to pay claims and administrative expenses. If a participating employer has funded to the required level as communicated to such participating employer, the Plan, to the extent that it has funds available, will subsidize claims expense in excess of such participating employer's contributions up to the individual stop-loss amount in the reinsurance contract. To the extent permitted by any policy, rules, regulations and laws that are applicable, each participating employer requires contributions from its employees. To the extent the Plan is not adequately funded to pay benefits due and owing under the Plan because a participating employer does not fund to the levels specified by the Employer, participants employed by such participating employer shall look to the participating employer for payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies used in the preparation of the accompanying financial statements is as follows:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and benefit obligations at the date of the financial statements and the changes in net assets available for benefits and in benefit obligations during the reporting period and when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ materially from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts Receivable

Accounts receivable are carried at the amount management expects to collect. Reinsurance and pharmacy rebates are recorded when earned. The Plan considers receivables fully collectible based on management's assessment of the status of individual accounts, past transaction history, current economic conditions, subsequent collections and forecasted economic conditions; accordingly, any allowance for credit losses would be immaterial to the Plan. If accounts are determined to be delinquent or become uncollectible, they will be charged to operations at that time. In the event of complete nonperformance, the maximum exposure to the Plan is the outstanding accounts receivable balance at the date of nonperformance. Accounts receivables are expected to be collected within one year.

Benefit Obligations

Benefit obligations (claims payable and claims incurred, but not reported) consist of an estimate for claims incurred but not reported and claims in the course of settlement which are to be paid by the Plan. This estimate was determined by the Company's management based on historical claims experience and assumptions regarding time periods for claims submissions and processing. This estimate is particularly subject to change in the near term. These amounts are paid by the Plan only if claims are submitted and approved for payment.

The risk involved generally includes an abnormally longer payout period for singular, unknown large claims, interest rates, stop-loss recoveries, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received by the Plan for an asset, or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Changes in fair value are reflected in operations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan provides medical benefits, including prescription drug benefits, to participants. In accordance with Plan provisions, the participant incurs an eligible medical expense upon receiving the medical service or product, regardless of when the participant is billed or pays for the eligible medical expense. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. All Plan benefits are specifically described in the Plan brochure. Benefit payments (claims) are recorded when paid by the third-party claims' processors.

The Plan received medical drug and prescription drug program rebate credits from Blue Cross, which are netted against benefit payments in the Statements of Changes Net Assets Available for Benefits, of $1,266,620 and $1,172,149 for the years ended November 30, 2025 and 2024, respectively.

3. RISKS AND UNCERTAINTIES

Investments, in general, are exposed to various risks such as interest rate, credit, active management, liquidity, and overall market volatility risk. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

3. RISKS AND UNCERTAINTIES (Continued)

Another source of risk is the Plan's liability for incurred but not reported claims. The estimate of the Plan's incurred but not reported claims obligation is particularly subject to change in the near term. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs that are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended November 30, 2025 and 2024, there were no significant transfers in or out of levels 1, 2 or 3.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of November 30, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of November 30, 2025. There were no Level 2 or 3 assets.

	Level 1	Total
Investments at fair value:		
Mutual funds	$ 3,339,480	$ 3,339,480
Total investments at fair value	$ 3,339,480	$ 3,339,480

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of November 30, 2024. There were no Level 2 or 3 assets.

	Level 1	Total
Investments at fair value:		
Mutual funds	$ 3,496,549	$ 3,496,549
Total investments at fair value	$ 3,496,549	$ 3,496,549

5. OBLIGATIONS

The Plan's obligations for active employees at the end of the plan year include claims payable, an estimate of claims incurred but not reported which was estimated by the Company's management and stop loss premiums payable. Obligations as of November 30 are summarized in the following table:

	2025	2024
Claims payable and estimated claims incurred but not reported	$ 499,719	$ 703,134
Stop loss premiums payable	-	-
Total obligations	$ 499,719	$ 703,134

Changes in obligations for the years ended November 30 are summarized in the following table:

	2025	2024
Benefit obligations:		
Claims incurred	$ 11,889,942	$ 9,796,862
Claims paid	(12,093,357)	(9,918,919)
Change in benefit obligations	(203,415)	(122,057)
Benefit obligations at beginning of year	703,134	825,191
Benefit obligations at end of year	499,719	703,134
Stop loss premiums payable:		
Premiums incurred	603,274	501,066
Premiums paid	(603,274)	(501,066)
Change in premiums payable	-	-
Stop loss premiums payable at beginning of year	-	-
Stop loss premiums payable at end of year	-	-
Total obligations at end of year	$ 499,719	$ 703,134

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 3,349,480	$ 3,497,310
Less: Claims payable, estimated claims incurred but not reported and stop loss premiums payable	(281,143)	(125,672)
Net assets available for benefits per the Form 5500	$ 3,068,337	$ 3,371,638

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the net increase (decrease) in net assets per the financial statements to the net income (loss) per the Form 5500:

	2025	2024
Increase (decrease) in net assets per the financial statements	$ (147,830)	$ 1,644,567
Change in claims payable, estimated claims incurred but not reported and stop loss premiums payable at end of year	(155,471)	(41,731)
Net income (loss) per the Form 5500	$ (303,301)	$ 1,602,836

Claims currently payable to or for participants, dependents, and beneficiaries, estimated claims that have been incurred by participants but not reported at end of year and stop loss premiums that are payable to Blue Cross are recorded on the Form 5500 as liabilities of the Plan.

7. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Frost Bank, the trustee of the Plan, has certified to the completeness and accuracy of the information reflected on the accompanying statements and supplemental schedules as of and for the years ended November 30, 2025 and 2024.

	2025	2024
Investments:		
Mutual funds	$ 3,339,480	$ 3,496,549
Total investments	$ 3,339,480	$ 3,496,549
Investment income:		
Interest and dividend income	$ 131,341	$ 103,961
Total investment income	$ 131,341	$ 103,961

8. PARTY-IN-INTEREST TRANSASCTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Blue Cross is the claims processor for the Plan and provides stop loss insurance coverage. Blue Cross received approximately $1,544,000 and $1,390,000 for these services for the years ended November 30, 2025 and 2024, respectively. In addition, fees were paid to parties-in-interest for various plan administrative services. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Employer. The Plan is under no obligation to reimburse the Employer for these expenses. Plan expenses paid by the Employer are not included in these financial statements.

9. INCOME TAX STATUS

The trust funding the Plan has received a favorable determination letter from the Internal Revenue Service dated June 6, 2016, stating that the trust is generally tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the "Code") as a Voluntary Employee Beneficiary Association. The Plan and trust are required to operate in conformity with the Code to maintain the tax-exempt status of the trust. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trust is tax-exempt. However, from time to time, the trust can be subject to unrelated business income taxes based on the Plan's funding experience. For 2025 and 2024 federal income taxes of $37,000 and $24,340 have been recorded as a result of unrelated business taxable income. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to modify the benefits provided to active employees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA and the Code. In the event of termination of the Plan, or upon the dissolution or liquidation of the Employers, all funds remaining in the Trust are to be used for payment of claims and Plan expenses in accordance with the Plan. In no event may any amounts be returned to the Employer.

The continued participation in the Plan is completely voluntary on the part of the dealerships that have adopted the Plan. While each dealership expects to continue its participation in the Plan indefinitely, each dealership reserves the right at any time and for any reason, in its sole discretion, to cease participation in the Plan.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 27, 2026, the date the financial statements were available to be issued.
