Independent Auditor's Report

RSM US LLP

Plan Administrator and Defined Contribution Retirement Plan Committee
Morgridge Institute for Research 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Morgridge Institute for Research 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, December 31, 2024, and June 30, 2024, the related statements of changes in net assets available for benefits for the year ended December 31, 2025 and period from July 1, 2024 through December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, December 31, 2024, and June 30, 2024, and for the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Year-end

As discussed in Note 1 to the financial statements, the Plan changed its plan year-end from June 30 to December 31. As a result of this change, the accompanying statements of changes in net assets available for benefits presents activity for the six-month period ended December 31, 2024, as well as the twelve-month period ended December 31, 2025. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025 and 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Morgridge Institute for Research 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Morgridge Institute for Research 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Morgridge Institute for Research (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is defined as any employee of the Company who is not a part-time/temporary/seasonal employee working less than 1,000 hours, a leased employee, or an intern. An employee becomes eligible to participate in the Plan immediately upon hire. The Defined Contribution Retirement Plan Committee is responsible for the oversight of the Plan. The Defined Contribution Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors performance.

Effective January 1, 2025, the plan moved from a fiscal year-end of June 30 to a calendar year-end of December 31. As a result of this change, the period from July 1, 2024 through December 31, 2024 represents a short plan year of six months. Accordingly, the six-month period ended December 31, 2024 is not directly comparable to the year ended June 30, 2024 due to the change in the Plan's year-end. The Plan elected to defer the filing of audited financial statements for the short plan year ended December 31, 2024, as permitted by 29 CFR 2520.104-50. Accordingly, the financial statements for the short plan year are presented together with the financial statements for the subsequent filing period as required by Department of Labor regulations.

Contributions: Each year, a participant may contribute up to the Internal Revenue Service (IRS) maximum provided these contributions will not cause the Plan to exceed discrimination limits. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an annual escalation of 1% up to 6%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company contributes matching contributions equal to a percentage of the participant's elective deferrals. The matching contribution is discretionary. The Company made matching contributions of approximately \$404,975 and \$170,000 for the year ended December 31, 2025 and period ended December 31, 2024. In addition, the Company makes a safe harbor profit sharing contribution of 3% of participants' eligible compensation and may make a discretionary profit sharing contribution at the approval of the Board of Managers. The safe harbor and discretionary profit sharing contributions were approximately \$455,900 and \$759,800, respectively, for the year ended December 31, 2025, and were \$203,100 and \$338,600, respectively, for the period ended December 31, 2024. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and discretionary Company matching contributions, as well as allocations of (a) safe harbor and discretionary profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct their accounts into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Morgridge Institute for Research 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Notes receivable from participants: Participants in the Plan may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest which is commensurate with a commercially reasonable rate of return, which the Plan's trustee has determined to be the prime rate plus 1%. Note terms shall not exceed five years, except for the purchase of a primary residence which can be up to 15 years. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service due to death, disability, retirement, or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, installments over a period of not more than the assumed life expectancy, or a partial withdrawal. A participant who has attained age 62, but who has not terminated employment, is entitled to have the balance of their participant contributions account paid to him or her subject to certain restrictions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and contributions from the employer are recorded in the year in which participant compensation is earned.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Defined Contribution Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's expenses are paid either by the Plan or the Company as provided by the Plan document.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 10, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Ascensus, LLC, the Trustee

Ascensus, LLC is an authorized representative of Ascensus Trust Company (Ascensus) and Newport Trust Company, LLC (Newport). The following is a summary of the Plan's asset information as of December 31, 2025 and 2024 and June 30, 2024, and for the year ended December 31, 2025 and period ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus and Newport, qualified institutions:

	December 31, 2025	December 31, 2024	June 30, 2024
Investments at fair value:			
Shares of registered investment companies	\$ 33,126,000	\$ 26,348,082	\$ 23,775,892
Notes receivable from participants	95,044	82,004	50,740

Ascensus also certified to the completeness and accuracy of \$4,096,364 of net appreciation in fair value of investments, \$685,304 of interest and dividends and \$6,456 of interest income on notes receivables from participants, related to the aforementioned assets for the year ended December 31, 2025.

Newport also certified to the completeness and accuracy of \$1,644,686 of investment income included in net appreciation in fair value of investments, \$177,816 of interest and dividends and \$2,508 of interest income on notes receivable from participants, related to the aforementioned assets for the period from July 1, 2024 through November 13, 2024.

Ascensus also certified to the completeness and accuracy of \$835,333 of investment loss included in net appreciation in fair value of investments, \$424,741 of interest and dividends and \$606 of interest income on notes receivable from participants, related to the aforementioned assets for the period from November 14, 2024 through December 31, 2024.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024 and June 30, 2024.

Shares of registered investment companies: Except for the shares of the Vanguard Cash Reserves Federal Money Market Fund, shares of registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Shares of the Vanguard Cash Reserves Federal Money Market Fund do not have a published daily NAV through an exchange. Rather, the price per share is published by Vanguard to be \$1 per share.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024 and June 30, 2024:

December 31, 2025				
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies at fair value	\$ 33,126,000	\$ 33,126,000	\$ -	\$ -
December 31, 2024				
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies at fair value	\$ 26,348,082	\$ 26,348,082	\$ -	\$ -
June 30, 2024				
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies at fair value	\$ 23,775,892	\$ 23,775,892	\$ -	\$ -

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025 and period ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Related-Party and Party-in-Interest Transactions

Newport was the trustee and recordkeeper for the Plan from July 1, 2024 through November 13, 2024 and Ascensus is the trustee and recordkeeper for the Plan starting November 14, 2024 and after, therefore, transactions with Newport and Ascensus qualify as party-in-interest transactions. Fees paid to the trustee from the Plan totaled approximately \$6,500 and \$3,100 for the year ended December 31, 2025 and period ended December 31, 2024.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the IRS dated November 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements per Form 5500 at December 31, 2025, at December 31, 2024 and at June 30, 2024:
