Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: GRANT THORNTON LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Virginia Tech Foundation 403(b) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Virginia Tech Foundation 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of Virginia Tech Foundation 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on July 1, 1989, covering employees of Virginia Tech Foundation Inc. ("Plan Sponsor" or "Organization") under the applicable provisions of the Internal Revenue Code ("IRC") Section 403(b). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All employees of the Organization, except for non-resident aliens, are eligible to participate in the Plan immediately or as soon as administratively feasible upon their hire date.

Contributions

Participants may make pretax contributions to the Plan, subject to limits as defined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

As per Plan Provisions employer match and employer non-elective contributions are discretionary in nature. During the plan years ending in 2024 and 2025:

- The Organization matched 50% of the employees' first \$40 contribution per pay period with a maximum matching contribution of \$20 per pay period.
- Effective July 1, 2010, employees hired prior to the date received an employer non-elective contribution of 12.57% and hired after that date received an employer non-elective contribution of 10.67% of compensation as defined by the Plan. The total Employer Non-Elective Contributions for the plan year ending December 31, 2025 is \$870,033.

Employees who are senior fellows and part-time salaried who work less than 20 hours/week are excluded from receiving the nonelective contribution. Hourly employees are eligible for all applicable contributions after one year (1,000 hours) of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of plan earnings, and charged with withdrawals and an allocation of investment losses and administrative expenses. Allocations are based on participant earnings and eligibility, as defined. The benefit to which a participant is entitled is based on the amount contained in the individual's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option.

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Vesting Provisions

Participants are immediately vested in all contributions and earnings thereon.

Notes Receivable from Participants

Participants may borrow from Plan account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, or a longer repayment term may be permitted for the purchase of a primary residence. Participants may have a maximum of one loan outstanding at one time. The presently outstanding loans bear interest at rates that range from 4.5% to 9.5% for the year ended December 31, 2025, and for the year ended December 31, 2024, which are commensurate with commercially reasonable rate of interest as determined periodically by the Plan Administrator. Principal and interest are paid ratably through payroll. The loans are secured by the balance in the participant's account. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Participants may be eligible for various types of distributions including upon termination of service, death, disability, or retirement.

Participants may elect to receive their Plan benefits in the form of a lump-sum payment or through various payment options available under the Plan. Per IRS regulations, participants are required to take a Required Minimum Distribution ("RMD") by April 1st of the year following the year they reach age 73.

In addition, active participants over the age 59½ are eligible to receive a distribution from their elective deferral account. If employer contributions are invested in annuity contracts then participants can receive distributions at any age in accordance with the terms of the Plan.

Administrative Expenses

The expenses incurred for investment management and associated administration are charged directly to the various investment funds. Administrative expenses incurred by the Plan are paid by the Plan or the Organization.

Participant-Directed Contributions, Withdrawals and Transfers

Under the Plan, participants can elect to contribute to TIAA investment options or College Retirement Equity Fund ("CREF") investment options. The manner of electing to allocate contributions between TIAA and CREF and any decision to change such allocation is made by the participant in such manner as permitted by TIAA and CREF. Withdrawals and transfers are recorded at the time of transaction.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Plan Records Management

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan’s 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. The third-party custodians were unable to provide those records to management necessary to substantiate the historical balances. Consequently, the financial statements and supplemental schedules have been prepared based on available records. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan’s financial statements cannot be determined.

Department of Labor Field Assistance Bulletin (FAB) 2009-02

The U.S. Department of Labor issued FAB 2009-02 on July 20, 2009. FAB 2009-02 provided relief in the Form 5500 reporting requirements for Section 403(b) plans, stating: Specifically, the administrator of a 403(b) plan does not need to treat annuity contracts and custodial accounts as part of the employer’s Title I plan or as plan assets for purposes of ERISA’s annual reporting requirements provided that:

- 1 The contract or account was issued to a current or former employee before January 1, 2009.
- 2 The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009.
- 3 All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and the individual owner of the contract is fully vested in the contract or account.

Plan assets held by a legacy provider Fidelity Management Trust Company and assets of participants who terminated prior to 2009 held at TIAA CREF met the criteria of exclusion described in FAB 2009-02. As permitted, management chose to exclude these contracts from Plan reporting.

Investments Valuation and Income Recognition

The Plan’s investments are reported at fair value except for investments that are considered fully benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on security transactions are accounted for on the average cost basis.

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of plan assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS AND INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, TIAA and CREF, an insurance company, and as record keeper and custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. This certification also extends, to those investments, if any, which TIAA Trust, N.A., a national trust bank, held as a directed trustee or custodian that were record kept by TIAA. This certification is provided by TIAA on behalf of TIAA, Trust, N.A. pursuant to agreements providing TIAA with specific authority to certify plan records as required.

- Investments at fair value and contract value and notes receivable from participants as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Self-Directed Brokerage

Self-directed brokerage accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Registered Investment Companies

The fair values of accumulation units held by the Plan in registered investment companies held as variable annuity accounts are based on each account's daily net asset value ("NAV"), which is considered by Plan management to be the best approximation of fair value. Variable annuity accounts are not exchange traded. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

Mutual Funds

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Account

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests.

TIAA Traditional Annuity Account

The fair value of the Plan's interest in the TIAA Traditional Annuity contracts (fixed annuity contracts) is reported at contract value, which approximates fair value. As these investments are contract based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting the contract. See Note 5 for discussion of the TIAA Traditional Annuity. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors including a review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data.

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Purchases of Level 3 investments were approximately \$607,911 for the Plan year ended December 31, 2025.

Quantitative Information about Significant Unobservable Inputs

The following tables present information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy on December 31:

Type	2025 Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity accounts	\$ 2,532,557	Discounted Cash Flow	Risk-adjusted discount rate applied	GRA 3.55% - 6.50%

TIAA Traditional Annuity accounts	\$ 2,543,987	Discounted Cash Flow	Risk-adjusted discount rate applied	GRA 3.65% - 6.50%

*See Note 5 for definition of the GRA contract type.

The Plan Administrator approves the valuation policies for plan assets and is responsible for the determination of fair value. The Plan Administrator compares price changes between periods to current market conditions, compares trade prices of securities to fair value estimates and performs ongoing due diligence. Valuation approaches are reviewed on an ongoing basis and revised as necessary based upon changing market conditions to ensure values present a reasonable price.

NOTE 5 - TIAA TRADITIONAL ANNUITY

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including individual Group Retirement Annuities ("GRA"), Group Supplemental Retirement Annuities ("GSRA"), Supplemental Retirement Annuities ("SRA"), Retirement Choice Annuities ("RC") and Retirement Choice Plus Annuities ("RCP"), contract types, which determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Participants' principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating GRA contracts, the crediting interest rate was 4.75% and 5.25% as of December 31, 2025 and 2024, respectively. The crediting interest rate for accumulating GSRA contracts was 4% and 4.5% as of December 31, 2025 and 2024, respectively. The crediting interest rate for accumulating SRA contracts was 4% and 4.5% as of December 31, 2025 and 2024, respectively. The crediting interest rate for accumulating RC contracts was 5% and 5.5% as of December 31, 2025 and 2024, respectively. The crediting interest rate for accumulating RCP contracts was 4.25% and 4.75% as of December 31, 2025 and 2024, respectively. TIAA and CREF, at their discretion, may credit additional interest in any year.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. The GSRA guaranteed fixed annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their GSRA investment at contract value.

Virginia Tech Foundation 403(b) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

The GRA contract is not fully benefit-responsive; this contract is reported on the statements of net assets available for benefits at fair value. All GRA contracts may be withdrawn in a single lump sum within 120 days of termination of employment; this transaction is subject to a 2.50% surrender charge. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The SRA contracts allow for lump-sum transfers and withdrawals at any time without restrictions or surrender charges. In addition, amounts transferred out of TIAA Traditional and transferred back into the same contract within 120 days are credited with the same interest rates that would have applied had the transfer not occurred. This provision is considered to provide participants with reasonable access to their contract balances, making SRA contracts fully benefit-responsive investment contracts. Upon termination of employment, participants may elect various income options, including lifetime income annuities, fixed-period payments, and required minimum distributions.

All RCP contracts allow for lump sum transfers and withdrawals at any time without surrender charges. However, under some contracts, transfers to competing funds must first be transferred to non-competing funds where they must remain for 90 days. This provision is considered to provide participants with "reasonable access" to their contract balances, making RCP contracts fully benefit-responsive investment contracts. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Under the RC contracts, participants may withdraw their accumulations in a single lump sum within 120 days following termination of employment, subject to a 2.5% surrender charge. All other withdrawals and transfers from the TIAA Traditional Annuity must be paid in 84 monthly installments. Due to these withdrawal provisions, participant access to accumulated balances is limited outside of the post-termination lump-sum window. When distributions are made, the amounts paid are recorded as distributions in the statement of changes in net assets available for benefits.

NOTE 6 - TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2017, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, Plan Administrator believes that the Plan is designed and is being operated in accordance with the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2026, and 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED-PARTY TRANSACTIONS

Certain plan investments in fixed annuity contracts, registered investment companies, mutual funds, self-directed brokerage accounts and a pooled separate account are managed by TIAA and CREF. TIAA and CREF are the Plan's custodians as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions along with notes receivable from participants and are exempt from the prohibited transaction rules.

Virginia Tech Foundation 403(b) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2025 and 2024

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 21, 2026, which is the date the financial statements were available to be issued. Effective January 2, 2026, the participants may elect to make Roth deferrals in addition to Pre-Tax Deferrals. In addition, effective January 2, 2026, the Plan was amended to permit in-plan Roth conversions. The Plan Administrator is not aware of any other subsequent events, which would require recognition or disclosure in the financial statements.
