INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Prairie School Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Prairie School Defined Contribution Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 1.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Other Matter - Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Prairie School Defined Contribution Retirement Plan (the plan) follows the modified cash basis of accounting. Under that basis, certain additions and the related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when the obligation is incurred. That basis differs from accounting under accounting principles generally accepted in the United States of America (GAAP) primarily because the plan has not recognized contributions receivable and the related effects on changes in net assets in the accompanying financial statements.

Accounting estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through August 5, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Key parties of the plan - The Prairie School is the plan sponsor, employer and the plan administrator. TIAA and CREF (TIAA-CREF) is the custodian of the plan's investment assets and the recordkeeper that maintains plan participant records. Pentegra Services, Inc. prepares the plan's Form 5500, performs various compliance tests and is the plan's tax counsel. CAP Financial Partners, LLC is the plan's investment advisor.

Investments - The plan sponsor determines investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings on investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits - modified cash basis. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value:

Variable annuity accounts - Valued based upon the unit values of the variable annuity accounts held by the plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data and other means, although are not based upon quoted market prices in an active market. The TIAA-CREF variable annuities reflect a structure similar to mutual funds and have a readily determinable fair value as reported by TIAA-CREF each day that current transactions are recorded. Unlike the fixed annuity contracts, the variable annuities do not provide guaranteed returns.

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2025 and 2024

Fixed annuity investment contracts - non-fully benefit responsive ("NFBR") - Valued based upon contract value as determined by TIAA-CREF, which approximates fair value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The contract value equals the accumulated cash contributions, interest credited to the plan's contracts and transfers, if any, less any withdrawals and transfers, if any. See Note 2 for further description.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

Pooled separate account - Valued at the net asset value (NAV) based on the fair market value of the underlying investment of the account less its liabilities and is a direct filing entity. The NAV, as certified by TIAA-CREF, is used as a practical expedient to estimate fair value. The practical expedient would not be used if it was determined that the pooled separate account would sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Variable annuity accounts	\$16,297,036	\$ -	\$ -	\$16,297,036
Mutual funds	9,050,698	-	-	9,050,698

Total investments at fair value				<u>\$33,031,542</u>

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Variable annuity accounts	\$15,534,806	\$ -	\$ -	\$15,534,806
Mutual funds	7,191,272	-	-	7,191,272
Fixed annuity investment contracts - NFBR	-	-	6,459,282	6,459,282

Investment measured at NAV (a)				1,217,764
Total investments at fair value				<u>\$30,403,124</u>

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - modified cash basis.

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2025 and 2024

The following table summarizes investments for which fair value is measured using the NAV practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

<u>As of December 31, 2025</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate account	\$1,385,796	n/a	Quarterly	Daily
<u>As of December 31, 2024</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate account	\$1,217,764	n/a	Quarterly	Daily

Changes in the fixed annuity investment contracts - NFBR, level 3 investments, for the years ended December 31 are as follows:

	<u>2025</u>	<u>2024</u>
Balance, beginning of year	\$6,459,282	\$ 6,571,116
Interest income and net appreciation in fair value	272,137	295,152

Sales	(512,999)	(1,021,428)
Balance, end of year	<u>\$6,298,012</u>	<u>\$ 6,459,282</u>

The valuation techniques used to measure fair value of those financial assets and the significant unobservable inputs and the ranges of values for those inputs for the plan's level 3 investments are as follows:

<u>Financial asset</u>	<u>Fair value at December 31, 2025</u>	<u>Principal valuation technique</u>	<u>Unobservable inputs</u>	<u>Significant input values</u>
Fixed annuity contracts - NFBR	\$6,298,012	Discounted cash flow	Risk-adjusted discount rates	3.55% - 6.50%
<u>Financial asset</u>	<u>Fair value at December 31, 2024</u>	<u>Principal valuation technique</u>	<u>Unobservable inputs</u>	<u>Significant input values</u>
Fixed annuity contracts - NFBR	\$6,459,282	Discounted cash flow	Risk-adjusted discount rates	3.65% - 6.50%

2. FIXED ANNUITY CONTRACTS

The plan's fixed annuity contracts consist of investment options available to participants known as the TIAA-CREF Traditional Annuity Contracts. These fixed annuity contracts are unallocated fixed annuity contracts that are fully and unconditionally guaranteed by TIAA-CREF. The fixed annuity contracts provide a guarantee of principal, a guaranteed minimum rate of interest of 3.00% and the potential for additional interest, if declared by TIAA. Additional interest, if declared, would remain in effect for the declaration year, which begins each March 1. Additional interest is not guaranteed for future years. Together, the 3.00% guaranteed minimum rate and additional amounts make up the crediting interest rate. The fixed annuity contracts do not permit TIAA-CREF to terminate the agreements prior to the scheduled maturity dates nor permit TIAA-CREF to settle at amounts that differ from contract value. When a participant's accumulation in the fixed annuity contracts is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a benefit paid in the statements of changes in net assets available for benefits.

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2025 and 2024

The fixed annuity contracts are offered through a variety of contract types, including Retirement Annuities ("RA"), Retirement Choice Annuities ("RC"), Supplemental Requirement Annuities ("SRA") and Group Supplemental Retirement Annuities ("GSRA"). The type of contract a participant invests in determines the applicability of certain account features, such as the guaranteed minimum interest rate, any additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement. The RA and RC contracts do not allow lump-sum cash withdrawals, and transfers must be spread over a period of ten annual installments (or five annual installments for withdrawals after termination of employment). The RA and RC contracts have liquidity restrictions and are non-fully benefit responsive and therefore are reported at fair value (see Note 1). The SRA and GSRA contracts provide for full participant-directed liquidity. These contracts meet the fully benefit responsive investment criteria and are certified by TIAA-CREF at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan administrator is not aware of any events that may limit the ability of the plan to transact at contract value with the contract issuer or limit the ability of the plan to transact at contract value with the participants.

During the year ended December 31, 2025 and 2024, the crediting rates of the annuity contracts were as follows:

	<u>2025</u>	<u>2024</u>
RA	4.75%	5.25%
RC	5.00%	5.50%
SRA	4.00%	4.50%
GSRA	4.00%	4.50%

3. DESCRIPTION OF PLAN

The following description of the plan provides general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was established on September 1, 1965 as a defined contribution plan established under Internal Revenue Code Section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Eligibility - All employees who sign full-time employment contracts and are expected to complete at least 1,000 hours of service are considered immediately eligible to participate in the plan. Effective July 1, 2025, the plan was amended to require one month of service before being eligible to participate in the plan. An employee can enter the plan on the first day of the month following completion of the eligibility requirements. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of several investment options.

Contributions - Contributions to the plan can be made in the following ways:

- Participants are required to contribute 3% of pretax annual compensation (mandatory employee contributions). Participants may contribute more than the mandatory 3% if they so desire (elective employee contributions).
- Rollover contributions are accepted by the plan from other qualified plans.
- The employer is required to make a nonelective contribution to each employee equal to 7.1% of the participant's pretax annual compensation (up to \$350,000).

Prairie School Defined Contribution Retirement Plan

Notes to Financial Statements - Modified Cash Basis

December 31, 2025 and 2024

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options and deferral percentages on a daily basis.

Vesting - Participants are always 100% vested in their account balances.

Payment of benefits - Benefit payments can commence upon termination of employment, death, disability, or attainment of retirement age (defined as 59½). Distributions can be made in the form of a lump-sum payment, installments or an annuity. In addition, hardship withdrawals are permitted under certain circumstances.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other fees are paid to the plan using plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for services and administrative, audit and advisory fees. Nonparticipant directed fees are allocated to participants on an account value basis.

Notes receivable from participants - Participants can obtain loans from their accounts with the approval of the plan administrator. Each participant may have a maximum of three loans outstanding at any time. The total outstanding loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. The repayment term generally cannot exceed 5 years, the exception being when the loan is for the purchase of a primary residence. As of December 31, 2025, loans outstanding had repayment schedules through June 2029 with interest rates ranging from 4.25% to 9.50%.

4. PARTY-IN-INTEREST TRANSACTIONS

The plan invests in certain TIAA-CREF investments. TIAA-CREF is the custodian of the plan's investment assets and executes transactions in these investments. As such, these transactions qualify as party-in-interest transactions.

The plan also entered into an administrative service agreement with TIAA-CREF in which TIAA-CREF provides certain administrative services to the plan. TIAA-CREF receives revenue from mutual fund service providers for services TIAA-CREF provides to the funds. Under the administrative service agreement, this revenue is used to reduce fees that would otherwise be owed by the plan to pay plan expenses. Service credits received by the plan to pay plan expenses, recorded as other income, were \$57,157 and \$53,229 in 2025 and 2024. Direct fees paid to TIAA-CREF were \$10,576 in 2025. In addition, indirect fees paid to TIAA-CREF by the plan, included as a reduction of the return earned on the investments, were \$96,641 and \$108,214 in 2025 and 2024.

Notes receivable from participants also qualify as party-in-interest transactions.

All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. TERMINATION OF PLAN

6. INCOME TAX STATUS

The plan is operating under a TIAA ERISA 403(b) Volume Submitter Plan that received a favorable opinion letter on March 31, 2017. The Internal Revenue Service opinion letter stated that the volume submitter plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes the plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are no audits in progress.
