Independent Auditor's Report

To the Plan Administrator
Fulton Financial Affiliates' Defined Benefit Pension Plan
Lancaster, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fulton Financial Affiliates' Defined Benefit Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FULTON FINANCIAL AFFILIATES'
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Fulton Financial Affiliates' Defined Benefit Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a noncontributory defined benefit pension plan which covers eligible employees of merged bank subsidiaries of Fulton Financial Corporation (the "Company") that had defined benefit plans at the time of merger. The Plan was established in 1972 and restated in 2015 and provides pension, death, and disability benefits. Effective December 31, 2007, the Plan was amended to freeze benefit accruals and was closed to new participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Pension Benefits: Participants are entitled to pension benefits beginning at age 65 and five years of service. Participants may elect early retirement between the ages of 55 and 65 with 10 years of service. The amount of the participant's normal retirement benefit payable under the Plan is calculated by the Plan's actuary. The formula used to calculate the benefit varies based upon the affiliate bank where the employee worked. Effective December 31, 2007, the Plan was amended to 100% vest all active participants and former participants who had not yet incurred a five year break in service as of that date. Participants may elect to receive their benefits in the form of (a) a joint and survivor annuity; (b) payment of equal installments payable over a period not more than the participant's life expectancy; or, (c) a single lump-sum payment. The type of benefit payment a participant may elect is dependent on the affiliate bank where the employee worked. All vested accrued pensions which are less than \$5,000 are automatically paid in the form of a lump sum.

Death and Disability Benefits: If a vested participant dies, a death benefit equal to the present value of the participant's accrued benefit may be paid to the participant's beneficiary subject to a length of marriage requirement. A participant who becomes disabled and has completed 5 years of service may be entitled to the same benefits as a participant who terminated employment subject to the length of disability. The type of death and disability benefits a participant is entitled to varies based on the affiliate bank where the participant was employed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with generally accepted accounting principles in the United States ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from those estimates. It is reasonably possible that a significant change may occur in the near term for the estimate of actuarial present value of accumulated plan benefits.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Due From/To Brokers: Due from brokers and due to brokers balance include the balances for unsettled securities sale and purchase transactions. There was no due from/to broker amount as of December 31, 2025. As of December 31, 2024, the Plan's due from/to brokers was \$388,465 and \$387,656, respectively.

Benefit Payments: Benefits are recorded when paid.

Expenses: Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Certain professional fees for the administration of the Plan were paid by the Plan or the Company as appropriate. Expenses that are paid by the Company are excluded from these financial statements.

FULTON FINANCIAL AFFILIATES'
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investments including mutual funds, U.S. government and agency obligations, corporate obligations and common stocks. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and, (c) present employees or their beneficiaries. Benefits under the Plan were based on employees' average monthly compensation and years of service prior to December 31, 2007, the benefit accrual freeze date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for retirement, death, disability, or termination of employment) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated plan benefits will change in the near term, and that the effect of such change could be significant.

The significant actuarial assumptions used in the valuations were:

Interest rate:	5.00% as of December 31, 2025 and 2024
Normal retirement age:	Age 65
Mortality basis:	Pri-2012 White Collar Mortality Table
Disability:	SOA 1987 Group LTD Table-Male rates 6-month elimination

FULTON FINANCIAL AFFILIATES'
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

The actuary performed the valuations as of December 31, 2025 and 2024. The accumulated plan benefits information as of these valuation dates is as follows:

Actuarial present value of accumulated plan benefits

	2025	2024
Vested benefits:		
Participants currently receiving payments	\$ 47,421,285	\$ 48,012,824
Other participants	12,654,506	13,751,409
	60,075,791	61,764,233
Nonvested benefits	608	1,124
Total actuarial present value of accumulated plan benefits	\$ 60,076,399	\$ 61,765,357

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2025 consist of the following:

	2025
Actuarial present value of accumulated plan benefits at beginning of year	\$ 61,765,357
Increase (decrease) during the year attributable to:	
Increase for interest	2,962,097
Benefits accumulated including actuarial gain	7,290
Benefits paid / payable	(4,658,345)
Actuarial present value of accumulated plan benefits at end of year	\$ 60,076,399

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2026 and 2025. Had the valuations been performed as of December 31, there would be no material differences.

NOTE 5 - FUNDING POLICY

Employer contributions are determined based on an actuarial calculation. The Plan has met the ERISA minimum funding requirements. The investment policy of the Plan is to optimize the total return of the assets of the Plan through a policy of balanced investments, structured to achieve the maximum returns possible, as measured on the total portfolio, consistent with a policy that emphasizes the prudent management of risk.

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.

FULTON FINANCIAL AFFILIATES'
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, investment transactions, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fulton Financial Advisors, the trustee of the Plan and a qualified institution..

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and gives the lowest priority to unobservable inputs (level 3). The three levels of inputs within the fair value hierarchy under ASC 820 are defined as follows:

Level 1: Quoted prices for identical instruments in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar instruments; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an instrument.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following descriptions of the valuation method and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Common Stocks and Mutual Funds: The fair values of common stocks and mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

U.S. Government and Agency Obligations: The U.S. government securities are valued at the closing price reported in the active market in which the bond is traded (Level 1 inputs).

FULTON FINANCIAL AFFILIATES'
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

Corporate Obligations: Corporate obligations are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings (Level 2 inputs).

Investments measured at fair value on a recurring basis are summarized below:

Assets at Fair Value

NOTE 9 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated December 4, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan sponsor is responsible for reviewing the annual Required Amendments List ("RAL") issued by the IRS for individually designed plans to retain qualified tax status. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RELATED PARTY AND PARTY-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain other expenses paid by the Company were excluded from these financial statements.

Fulton Financial Advisors is the trustee as defined by the Plan and is a wholly-owned subsidiary of the Company, and therefore, is a related party. Fees paid by the Plan to Fulton Financial Advisors for investment advisory services totaled \$29,371 for 2025.

Fees paid by the Plan to Conrad Siegel for administrative services totaled \$62,829 for 2025. Fees paid to BDO for auditing and administrative services totaled \$41,762 for 2025. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.

NOTE 12 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 17, 2026, which is the date the financial statements were available to be issued.

During 2026, those charged with governance approved the merger of the Pentegra Defined Benefit Plan for Financial Institutions into the Plan, with a target effective date of September 30, 2026. Following the merger of Prudential bank with the Company in 2022, the Company became sponsor of the Pentegra Defined Benefit Plan for Financial Institutions. As the plan merger had not been completed as of December 31, 2025, no amounts related to the transaction have been reflected in the accompanying financial statements.

Fulton Financial Affiliates' Defined Benefit Pension Plan
Actuarial Valuation as of January 1, 2025

**For All Participants Except Those Formerly in the
Lebanon Valley National Bank Pension Plan and The Drovers & Mechanics Pension Plan
Summary of Plan Provisions**

Eligibility

An employee becomes a participant in the Plan on the January 1 or July 1 after completion of one year of service and attainment of age 21.

Effective January 1, 1999, there will be no new entrants into the Plan.

Normal Retirement Benefits (Note: Benefit accruals were frozen as of December 31, 2007)

A participant is eligible for normal retirement after attainment of age 65 and completion of five years of vesting service, but no later than the fifth anniversary of participation.

The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death.

The amount of monthly pension is equal to the sum of:

- (a) 45.0% of average monthly compensation, plus
- (b) 22.75% of average monthly compensation over the Social Security Integration Level,

with a proportionate reduction in part (a) of the pension for fewer than 25 years of benefit service at retirement and a proportionate reduction in part (b) of the pension for fewer than 35 years of benefit service at retirement.

The Social Security Integration Level is 50% of the covered compensation amount for an individual who attains age 65 during the plan year. However, the minimum Social Security Integration Level will be equal to \$833.33 and the maximum will be equal to \$1,400.00.

Compensation

Average monthly compensation is based upon the five consecutive calendar years of highest compensation out of the last ten years preceding retirement.

Compensation means the participant's total earnings reportable as W-2 wages for the year. By law, compensation in excess of \$255,000 (as indexed upward by Federal law) cannot be counted.

Grandfather Provision for Certain Employees of Swineford National Bank – The minimum amount of monthly pension for non highly-compensated participants who were employed by Swineford National Bank before January 1, 1989, is equal to the sum of:

- (a) 27.0% of average monthly compensation, plus
- (b) 22.75% of average monthly compensation over \$750.00,

with a proportionate reduction in part (b) of the pension for fewer than 35 years of vesting service at retirement.

Actuarial Valuation as of January 1, 2025

**For All Participants Except Those Formerly in the
Lebanon Valley National Bank Pension Plan and The Drovers & Mechanics Pension Plan
Summary of Plan Provisions**

Grandfather Provision for Certain Employees of the First National Bank of Danville – The minimum amount of monthly pension for non highly-compensated participants who were employed by the First National Bank of Danville before September 30, 1990, is equal to 60% of average monthly compensation with a proportionate reduction for fewer than 20 years of vesting service at retirement.

Average monthly compensation for the First National Bank of Danville minimum is based upon the three consecutive calendar years of highest compensation out of the last ten years preceding retirement. The normal form of payment of this minimum retirement benefit is payable monthly for the life of the participant with payments continuing to her beneficiary if she dies before at least 120 monthly payments have been made. If she lives beyond the 120-month certain period, payments will continue as long as she lives.

Grandfather Provision for Certain Employees of Great Valley Savings Association – Notwithstanding the above, if a participant is or was an employee of Great Valley Savings Association, then the amount of the participant's normal retirement benefit shall not exceed the sum of:

- (a) The participant's normal retirement benefit determined in accordance with the benefit formula under the Great Valley Savings Association Pension Plan as in effect on July 31, 1991, based on years of service completed through July 31, 1991, and based on all compensation taken into account under this Plan.
- (b) The participant's normal retirement benefit determined under this Plan as in effect on July 31, 1991, based on years of service completed after July 31, 1991, and based on all compensation taken into account under this Plan. The number of years of service taken into account under the Social Security integrated portion of this part shall be limited to 35 minus the number of years of service completed by the participant as of July 31, 1991.

Grandfather Provision for Certain Former Employees of Denver National Bank – Notwithstanding the above, if a participant was an employee of Denver National Bank prior to September 30, 1993, then the amount of the participant's normal retirement benefit shall be such participant's accrued benefit under the Denver National Bank Pension Plan as of September 30, 1993.

Grandfather Provision for Certain Employees of Hagerstown Trust Company – Notwithstanding the above, if a participant is an employee of Hagerstown Trust Company, then the amount of the participant's normal retirement benefit shall not exceed the sum of (a) plus (b) subject to (c):

- (a) The participant's normal retirement benefit determined in accordance with the benefit formula under the Hagerstown Trust Company Pension Plan as in effect on December 31, 1994, based on years of service completed through December 31, 1994, and based on compensation taken into account under that plan.

**For All Participants Except Those Formerly in the
Lebanon Valley National Bank Pension Plan and The Drovers & Mechanics Pension Plan
Summary of Plan Provisions**

- (b) The participant's normal retirement benefit determined under this Plan as in effect on December 31, 1994, and based on years of service completed after December 31, 1994, and based on all compensation taken into account under this Plan. The number of years of service taken into account under the Social Security integrated portion of this part shall be limited to 35 minus the number of years of service completed by the participant as of December 31, 1994.
- (c) The minimum amount of monthly pension for participants who were employed as of December 31, 1994, is equal to 2% of average monthly compensation plus 0.5% of average monthly compensation in excess of the participant's normal retirement covered compensation amount (Table I) multiplied by the number of years of service at normal retirement up to a maximum of 15.

Payment Options

A participant may elect to receive her monthly pension in one of these optional forms of payment:

- Lifetime Pension.
- Joint and Survivor Pension with a 100%, 75%, or 50% survivor annuity.
- Lifetime Pension with Certain Period with guaranteed payments for 60, 120, or 180 months.

If the value of the benefit does not exceed \$5,000, the benefit will automatically be paid as a lump sum. The participant may request that the taxable portion of the lump sum payment be transferred directly to an individual retirement account (IRA). If the former participant is a member of another qualified retirement plan which accepts rollover contributions, she may elect to have this distribution transferred to that plan.

Late Retirement

If a participant continues working after her normal retirement date, her pension will not commence until she actually retires, subject to the minimum distribution rule requirement that pension payments begin after attainment of age 70 1/2. The late retirement benefit is the greater of:

- The retirement benefit accrued as of the end of the preceding plan year as actuarially increased; or
- The normal retirement benefit determined under the pension formula using current service and compensation.

The normal retirement pension payment options are all available at late retirement; however, if payments are required to commence as of the required beginning date for age 70 1/2 minimum distributions, the lump sum payment option will not be available.

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of 10 years of service. The early retirement benefit is the actuarial equivalent of the pension accrued to the date of early retirement.

Actuarial Valuation as of January 1, 2025

**For All Participants Except Those Formerly in the
Lebanon Valley National Bank Pension Plan and The Drovers & Mechanics Pension Plan
Summary of Plan Provisions**

Disability Retirement

If a participant who has completed five years of service becomes totally and permanently disabled, she is eligible for disability retirement after six months of disability. The disability retirement benefit is the early retirement actuarial equivalent of the pension accrued to date.

Accrued Pension

(Note: Benefit accruals were frozen as of December 31, 2007)

The benefit accrued at any date other than the normal retirement date is equal to the projected normal retirement benefit multiplied by the ratio of the number of years of benefit service to date to the projected years of benefit service at normal retirement.

Notwithstanding the above, if a participant was an employee of Denver National Bank prior to September 30, 1993, then the amount of the participant's accrued benefit shall be such participant's accrued benefit under the Denver National Bank Pension Plan as of September 30, 1993. No additional benefits shall accrue to the former employees of Denver National Bank after September 30, 1993.

Notwithstanding the above, the minimum accrued benefit for participants who were employed by Hagerstown Trust Company as of December 31, 1994, is equal to 2% of average monthly compensation plus 0.5% of average monthly compensation in excess of the participant's normal retirement covered compensation amount (Table I) multiplied by the number of years of service to date up to a maximum of 15.

Death Benefits

The death benefit for a vested participant who has been married at least one year is a 50% survivor pension for her spouse. Payment of the survivor benefit would begin on the date on which the participant would first have been eligible for retirement. The amount of survivor benefit would be the 50% survivor benefit payable under a joint and 50% survivor pension option, based upon the pension accrued to the date of death and reduced for early commencement of benefits, if applicable.

Any excess of the actuarial value of the accrued benefit over the actuarial value of the survivor benefit will be fully vested and payable to the named beneficiary, regardless of whether or not the participant was vested or married at the time of death.

For former employees of Denver National Bank, only the qualified preretirement survivor's death benefit will be payable with respect to their accrued benefit as of September 30, 1993.

Termination of Employment Benefits

Vesting

A participant's benefits vest according to the vesting schedule shown below. The vested benefit is a deferred pension beginning at normal retirement equal to the accrued pension multiplied by the vesting percentage determined from the following table:

Fulton Financial Affiliates' Defined Benefit Pension Plan

Lebanon Valley National Bank Pension Plan and The Drovers & Mechanics Pension Plan
Summary of Plan Provisions**

Years of Service	Vesting Percentage
0–4 Years	0%
5 or More Years	100%

Time of Payment

No pension payment is available under the Plan prior to retirement or death with one exception. If the present value of the vested accrued benefit is no more than \$5,000 at the time of termination, the lump sum value will be paid as soon as administratively possible.

Contributions

The employer pays the full cost of the Plan. Employee contributions are not required or permitted.

Service Rules

Eligibility Service Rules

An employee is credited with a year of eligibility service when she completes at least 1,000 hours of service in the 12-month period beginning on her date of employment. Additional eligibility service periods are measured using the plan year beginning with the plan year that commences after the date of employment.

Vesting Service Rules

An employee is credited with a year of vesting service for each vesting computation period during which she has at least 1,000 hours of service. The vesting computation period is the 12-month period coinciding with the plan year.

Benefit Service Rules

An employee is credited with a year of benefit service for each benefit computation period during which she completes at least 1,000 hours of service.

If the employee terminates and receives a distribution of her vested accrued pension, upon reemployment the Plan will not take into account service credited before the termination, unless she repays the distribution with interest.

A benefit computation period is the 12-month period of the plan year.

Summary of Plan Provisions

Eligibility to Participate

An employee becomes a participant in the Plan on the April 1 or October 1 following the date she satisfies the following conditions:

- Completion of one year of service.
- Attainment of age 21.

There will be no new entrants into the Plan, except for any former Lebanon Valley National Bank employees as of March 31, 1998, who have not yet met the eligibility requirements.

Normal Retirement Benefits (Note: Benefit accruals were frozen as of December 31, 2007)

Normal Retirement Date

A participant is eligible for her normal retirement pension after attainment of age 65 and participation in the Plan for five years.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments continuing to the beneficiary for the remainder of the Certain Period if the participant dies before at least 60 monthly payments have been made.

Normal Retirement Pension Formula

If the participant retires as of her normal retirement date, her monthly pension will be equal to 1/12 of the sum of:

1.50% of average annual compensation up to the Social Security Integration Level; plus

2.15% of average annual compensation in excess of the Social Security Integration Level

both multiplied by years of benefit service up to 35 years; plus

1.50% of average annual compensation multiplied by years of benefit service after the first 35 years.

"Year of benefit service" is explained under Service Rules.

Social Security Integration Level – The Social Security Integration Level is equal to the average of the taxable wage bases over the 35-year period ending with the year the participant is entitled to full Social Security benefits.

Average Annual Compensation – "Average annual compensation" means the participant's annual compensation averaged over the five consecutive year period which produces the highest average in the last ten consecutive years including the current plan year.

Fulton Financial Affiliates' Defined Benefit Pension Plan
Actuarial Valuation as of January 1, 2025
For Former Participants in the Lebanon Valley National Bank Pension Plan
Summary of Plan Provisions

For the purpose of determining average annual compensation, the Plan does not take into account:

- A year in which less than 1,000 hours of service are credited.

Compensation – For the purposes of the Plan, "compensation" means the participant's total earnings reportable as W-2 wages for the year. By law, compensation in excess of \$255,000 (as indexed upward by Federal law) cannot be counted.

Accrued Benefit (Note: Benefit accruals were frozen as of December 31, 2007)

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula, but based upon compensation and benefit service to date.

Payment Options

A participant may elect to receive her monthly pension in one of these optional forms of payment:

- Lifetime Pension.
- Joint and Survivor Pension with a 100%, 75%, or 50% survivor annuity.
- Lifetime Pension with Certain Period with guaranteed payments for 60, 120, or 180 months.

If the value of the benefit does not exceed \$5,000, the benefit will automatically be paid as a lump sum. The participant may request that the taxable portion of the lump sum payment be transferred directly to an individual retirement account (IRA). If the former participant is a member of another qualified retirement plan which accepts rollover contributions, she may elect to have this distribution transferred to that plan.

Other Retirement Benefits

Late Retirement

If a participant continues working after her normal retirement date, her pension will not commence until she actually retires, subject to the minimum distribution rule requirement that pension payments begin after attainment of age 70 1/2. The late retirement benefit is the greater of:

- The retirement benefit accrued as of the end of the preceding plan year as actuarially increased; or
- The normal retirement benefit determined under the pension formula using current service and compensation.

The normal retirement pension payment options are all available at late retirement; however, if payments are required to commence as of the required beginning date for age 70 1/2 minimum distributions, the lump sum payment option will not be available.

For Former Participants in the Lebanon Valley National Bank Pension Plan
Summary of Plan Provisions

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of ten years of vesting service. The early retirement benefit is the actuarial equivalent of the pension accrued to the date of early retirement.

Disability Benefit

If a participant is actively employed, she will be entitled to receive a disability benefit if she has been totally and permanently disabled for six months. The disability benefit will be payable as of her normal retirement date. The monthly disability benefit will be equal to the projected normal retirement pension.

Death Benefit

If a vested participant dies before beginning to receive a retirement pension benefit, her surviving spouse will receive a 50% survivor benefit, but only if they have been married at least one year. Payment will begin on the date on which the participant first would have been eligible for retirement. The amount of the survivor benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon the pension accrued to the date of death and reduced for early commencement of benefits, if applicable. If the participant is not married or has not been married for a complete year at the time of death, no benefit will be paid.

Termination of Employment Benefits

Vesting in Accrued Benefit

If employment terminates other than by retirement, disability, or death, the amount payable from the Plan is based upon the following vesting schedule:

Years of Service	Vesting Percentage
0–4 Years	0%
5 or More Years	100%

Time of Payment

No pension payment is available under the Plan prior to retirement or death with one exception. If the present value of the vested accrued benefit is no more than \$5,000 at the time of termination, the lump sum value will be paid as soon as administratively possible.

Employee Contributions

Voluntary Employee Contribution

Effective October 1, 1974, voluntary nondeductible employee contributions are not permitted under the Plan.

Mandatory Employee Contribution

Mandatory employee contributions have never been required under the Plan.

Rollover Accounts

Rollover or transfer contributions are not permitted.

Eligibility to Participate

An employee becomes a participant in the Plan on the January 1 or July 1 following the date he satisfies the following conditions:

- Completion of one year of service.
- Attainment of age 21.

Employees hired after July 2, 2001, will not be eligible to participate in this plan.

Normal Retirement Benefits (Note: Benefit accruals were frozen as of December 31, 2007)

Normal Retirement Date

A participant is eligible for his normal retirement pension after attainment of age 65 and participation in the Plan for five years.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments continuing to the beneficiary for the remainder of the Certain Period if the participant dies before at least 120 monthly payments have been made.

Normal Retirement Pension Formula

If the participant retires as of his normal retirement date, his monthly pension will be equal to:

33% of average monthly compensation multiplied by a fraction (not exceeding 1), the numerator of which is the number of years of benefit service to his normal retirement date and the denominator of which is 15; plus

0.58% of average monthly compensation which is in excess of the Social Security Integration Level multiplied by the number of years of benefit service to his normal retirement date, up to 25 years.

"Year of benefit service" is explained under Service Rules.

Social Security Integration Level – The Social Security Integration Level is equal to the average of the taxable wage bases over the 35-year period ending with the year the participant is entitled to full Social Security benefits.

Average Annual Compensation – "Average annual compensation" means the participant's annual compensation averaged over the five consecutive year period which produces the highest average in the last ten consecutive years including the current plan year.

For the purpose of determining average annual compensation, the Plan does not take into account a year in which less than 1,000 hours of service are credited.

Accrued Benefit (Note: Benefit accruals were frozen as of December 31, 2007)

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula multiplied by the ratio of years of benefit service to date to the projected years of benefit service at normal retirement.

Payment Options

A participant may elect to receive his monthly pension in one of these optional forms of payment:

- Lifetime Pension.
- Joint and Survivor Pension with a 100%, 75%, or 50% survivor annuity.
- Lifetime Pension with Certain Period with guaranteed payments for 60, 120, or 180 months.
- Lump Sum.

A lump sum payment is the only option if the value of the vested benefit does not exceed \$5,000. If the participant elects to receive the distribution in a lump sum, the participant may request that the taxable portion of the payment be transferred directly to an individual retirement account (IRA). If the former participant is a member of another qualified retirement plan which accepts rollover contributions, he may elect to have the distribution transferred to that plan.

If the participant is married at the time payments are to begin, the automatic form of payment for him will be a joint and 50% survivor pension with the spouse named as survivor annuitant. If the participant is not married at the time payments are to begin, the automatic form of payment will be a lifetime pension with a certain period of 120 months.

Employment after Retirement – If a participant in pay status returns to employment, retirement benefits will not be suspended.

Distributions under Qualified Domestic Relations Order

With respect to a participant, no distribution will be made before the earlier of: (1) the earliest time as of which the participant qualifies for a distribution, or (2) the later of his attainment of age 50 or the date he could receive distribution if he terminated employment.

Other Retirement Benefits

Late Retirement

If a participant continues working after his normal retirement date, his pension will not commence until he actually retires, subject to the minimum distribution rule requirement that pension payments begin after attainment of age 70 1/2. The late retirement benefit is the greater of:

- The retirement benefit accrued as of the end of the preceding plan year as actuarially increased; or
- The normal retirement benefit determined under the pension formula using current service and compensation.

The normal retirement pension payment options are all available at late retirement; however, if payments are required to commence as of the required beginning date for age 70 1/2 minimum distributions, the lump sum payment option will not be available.

If the present value of the accrued late retirement benefit exceeds \$5,000 and the participant retires after age 70 1/2, at the time of the participant's actual retirement, he may elect to receive the value of the remaining benefit in one lump sum with spousal consent.

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of five years of vesting service. The early retirement benefit is the actuarial equivalent of the pension accrued to the date of early retirement.

Death Benefit

If a vested participant dies before beginning to receive a retirement pension benefit, his surviving spouse will receive a 50% survivor benefit. Payment will begin on the date on which the participant first would have been eligible for retirement. The amount of the survivor benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon the pension accrued to the date of death and reduced for early commencement of benefits, if applicable. The spouse may elect to receive the benefit in an immediate lump sum.

For a married participant, the excess of 50% of the lump sum value of the vested accrued benefit over the actuarial value of the above survivor annuity shall be payable to the named beneficiary. The beneficiary may elect a lump sum payment or other optional forms of payment.

For a participant who is not married, the 50% of the lump sum value of the vested accrued benefit shall be payable to the named beneficiary, who may elect another optional form of payment.

Termination of Employment Benefits

Vesting in Accrued Benefit

If employment terminates other than by retirement, disability, or death, the amount payable from the Plan is based upon the following vesting schedule:

Years of Service	Vesting Percentage
0–4 Years	0%

100%

Time of Payment

After termination of employment, a participant may elect to receive his vested accrued benefit as soon as administratively possible after the date of severance. The form of payment may be a lifetime pension, with a 120-month period certain, a joint and 50% survivor pension (if the participant is married), or a lump sum. However, if the present value of the vested accrued benefit is no more than \$5,000 at the time of termination, the lump sum value will be paid as soon as administratively possible.

Forfeiture

Any portion of a participant's accrued benefit that is not vested when his employment terminates will be forfeited if he does not return to employment before incurring a forfeiture break-in-service.

A forfeiture break-in-service is a period of five consecutive vesting years of service in which the participant is credited with 500 or fewer hours of service.

Employee Contributions

Voluntary Employee Contribution

Voluntary nondeductible employee contributions are not permitted.

Mandatory Employee Contribution

Mandatory employee contributions have never been required under the Plan.

Rollover Accounts

Rollover or transfer contributions are not permitted.

Service Rules

Eligibility Service Rules

An employee is credited with a year of eligibility service when he completes at least 1,000 hours of service in the 12-month period beginning on his date of employment. Additional eligibility service periods are measured using the plan year beginning with the plan year that commences after the date of employment.

Vesting Service Rules

An employee is credited with a year of vesting service for each vesting computation period during which he has at least 1,000 hours of service. The vesting computation period is the 12-month period coinciding with the plan year.

Benefit Service Rules

An employee is credited with a year of benefit service for each benefit computation period during which he completes at least 1,000 hours of service.

If the employee terminates and receives a distribution of his vested accrued pension, upon reemployment the Plan will not take into account service credited before the termination, unless he repays the distribution with interest.

Summary of Plan Provisions

For the purpose of determining years of benefit service, the Plan does not take into account years of service not counted for the purpose of vesting.

A benefit computation period is the 12-month period of the plan year.

Actuarial Equivalent

Actuarial equivalence is determined as set forth below.

Late Retirement – As described in Appendix L of the Plan Document.

Early Retirement – As described in Appendix E of the Plan Document.

Monthly Pension – As described in Appendix O of the Plan Document. In the event no factor is specified for the difference between the ages of the joint and survivor annuitants, actuarial equivalence will be determined based on the following mortality and interest assumptions:

Mortality table: UP1984 (-2)

Interest rate: 7.0%

Lump Sum – Actuarial equivalence will be determined based on the following mortality and interest assumptions:

Mortality table: The Code section 417 mortality table

Interest rate: The Code section 417 interest rates

Code Section 417 Mortality Table

The Code section 417 mortality table is the Applicable Mortality Table released annually by the Internal Revenue Service.

Code Section 417 Interest Rates

The Code section 417 interest rates are the Segment Rates for the second month preceding the first day of the plan year that contains the annuity starting date.
