Independent Auditors' Report

The Plan Administrator of
Rare, Inc. 401(k) Plan
Arlington, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rare, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and September 30, 2025, and the related statements of changes in net assets available for benefits for the three months ended December 31, 2025 and the year ended September 30, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rare, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the three months ended December 31, 2025 and the year ended September 30, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rare, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rare, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rare, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of period) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RARE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND SEPTEMBER 30, 2025

Note 1. Description of Plan

The following description of the Rare, Inc. 401(k) Plan (the Plan) provides only general information. A complete description of the Plan is contained in the Plan Document which governs the operation of the Plan.

General

The Plan is a defined contribution plan established for employees of Rare, Inc. (the Company or Plan Sponsor). Employees are eligible to participate in the Plan when hired by the Company. They can enter the Plan on the first day of the month after becoming eligible and begin making deferral contributions and receiving employer contributions at that time. Participants are automatically enrolled in the Plan unless they specifically opt out. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The original effective date of the Plan was May 15, 1997. The Plan was amended and restated effective January 27, 2022. As described in Note 10, the Plan was further amended in October 2025 to change the Plan year from September 30 to December 31.

The Plan's investments are held with Fidelity Management Trust Company (Fidelity), the Plan trustee. The assets held by the trustee are comprised of investments in cash and cash equivalents, mutual funds and common collective trusts. Fidelity also provides record keeping services to the Plan.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, many of which became, or will become, effective in 2023, 2024, 2025 and beyond.

Contributions

Participant contributions are determined by each individual participant. Participants may contribute from their eligible compensation subject to the limits established by the Internal Revenue Code. Participants who are age 50 or older may make additional catch-up contributions up to the maximum amount allowed. Participant rollover contributions are also allowed. Participants elect to have their contributions invested in various investment options offered by the Plan's trustee. Each participant's account is credited with the participant's contributions and earnings on these contributions. Allocation of plan earnings is based on the investment types and account balances and is allocated based on the proportion of each participant's account balance as it relates to all participant account balances in that investment type.

The Company also makes matching contributions of up to 100% of the first 4% of plan compensation. The matching contributions are paid each pay period. The Company may also elect to make non-elective profit sharing contributions. Profit-sharing contributions of 3% of plan compensation were paid each pay period during the plan period ended December 31, 2025 and the plan year ended September 30, 2025.

Participant contributions, including \$0 and \$116,201 of rollovers, totaled \$305,246 and \$1,472,301; matching contributions totaled \$198,795 and \$474,397; and profit sharing contributions totaled \$0 and \$326,983 during the plan period ended December 31, 2025 and the plan year ended September 30, 2025, respectively.

RARE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND SEPTEMBER 30, 2025

Note 1. Description of Plan (Concluded)

Vesting

Participants are immediately vested in their 401(k) elective deferral and rollover contributions to the Plan. Participants hired prior to October 1, 2008 are also immediately vested in employer matching and discretionary contributions. Vesting in employer matching and discretionary contributions for participants hired after October 1, 2008 is based on years of service. At December 31, 2025, the vesting schedule for employer contributions is as follows:

<u>Years of Service</u>	<u>% Vested</u>
0 – 1 year	0%
2 years	100%

Payment of Benefits

The Plan provides for benefit payments upon termination, death, disability, age 59 1/2 in-service distributions or normal retirement, based on the vested balance in the participant's account. Hardship withdrawals and participant loans are also permitted if certain conditions are met as outlined in the Plan Document. There were no significant benefits payable to terminated participants who have withdrawn from the Plan as of December 31, 2025 or September 30, 2025.

Notes Receivable – Participant Loans

Participants may borrow up to one-half of their vested account balance up to a maximum of \$50,000. The notes are secured by a portion of the participant's vested account balance and bear interest at a reasonable rate. Notes are generally repaid within five years.

Administrative Expenses

The Company pays for certain administrative costs of the Plan, and the remaining administrative costs of the Plan are paid from the assets of the Plan and allocated to the Plan participants.

Forfeitures

A participant who terminates and has vested in the employer matching and discretionary contributions retains the vested portion, and the nonvested portion is forfeited when vested amounts are distributed. Forfeitures may first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer contributions. Forfeitures applied to offset administrative expenses and employer contributions were \$0 and \$63,424 the period ended December 31, 2025 and the year ended September 30, 2025, respectively. Forfeitures available to offset administrative expenses and employer contributions were \$14,642 and \$14,502 at December 31, 2025 and September 30, 2025, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

RARE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND SEPTEMBER 30, 2025

Note 2. Summary of Significant Accounting Policies (Concluded)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains on investments bought and sold as well as held during the year.

Notes Receivable - Participant Loans

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 3. Income Tax Status

The Plan has adopted a volume submitter plan designed by Fidelity. The volume submitter plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The volume submitter plan has been amended since receiving its latest determination letter. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

In line with U.S. GAAP, the Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and September 30, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any tax period.

RARE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND SEPTEMBER 30, 2025

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correction or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2025 or 2024.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the fair value hierarchy.

Common Collective Trusts (CCT): Valued at the Net Asset Value (NAV) of the underlying investments as determined by Fidelity or the CCT's vendor/pricing agent.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 23,000,094	\$ 23,000,094	\$ -	\$ -
Common collective trusts (1)	74,356			
Total investments at fair value	\$ 23,074,450

Note 4. Fair Value Measurements (Concluded)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Common collective trusts (1)	<u>68,513</u>			
Total investments at fair value	<u>\$ 22,134,100</u>			

(1) The Common Collective Trust assets are valued by Fidelity or the CCT's vendor/pricing agent at net asset value, and in accordance with ASU 2015-07 these assets have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Information Certified by the Plan Trustee

The following information included in the assets and income of the Plan as of, and for the three month period ended December 31, 2025 and the year ended September 30, 2025 was obtained from data that has been prepared and certified as complete and accurate by Fidelity.

Note 6. Plan Termination

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND SEPTEMBER 30, 2025

Note 7. Administration of Plan Assets

Certain transactions that are considered party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain Plan investments are managed by Fidelity, the trustee of the Plan and a party-in-interest to the Plan. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

Form 5500 reports Plan assets on a cash basis; US GAAP uses an accrual basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025 and September 30, 2025:
