The Plan Administrator
ZS Associates, Inc. 401(k) Profit Sharing Plan
Evanston, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We performed an audit of the financial statements of ZS Associates, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of ZS Associates, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier which is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ZS Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about ZS Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZS Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about ZS Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplementary information identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following brief description of ZS Associates, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General
The Plan is a defined contribution plan covering all non-leased employees of ZS Associates, Inc. (the Company) who have at least three months of service and are at least age 20 ½ years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Unless otherwise elected, participants are automatically enrolled to contribute 3% of pre-tax annual compensation, as defined by the Plan, upon attainment of the eligibility requirements. Additionally, unless otherwise elected, every July 1st, participant deferral percentages are automatically escalated by 1% per year until a limit of 7% is reached. Participants may elect to contribute up to the lesser of 53% of compensation, as defined by the Plan, or the maximum allowed by the Internal Revenue Code (IRC) (401(g)(1)), adjusted annually for the cost of living. Participants may also elect to make Roth contributions, defined in the Plan, under the same terms previously described. Individuals who attain the age of 50 by the end of the plan year may make additional pre-tax catch-up contributions subject to IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes matching contributions equal to 100% of participant deferrals up to 3% of eligible compensation, as defined in the Plan. The Company may also make discretionary contributions. The Company made no discretionary contributions for the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, Company discretionary contribution, and plan earnings thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant will become vested in the Company's contributions according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 to 3 years	20%
3 to 4 years	40%
4 to 5 years	60%
5 to 6 years	80%
Over 6 years	100%

Note 1 – Description of the Plan (Continued)

Investment Options
Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully-described in the Plan document. Participants may change their investment options at any time during the year.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts. Notes receivable may not be less than $1,000 and are limited to the lesser of a maximum of $50,000 or 50% of the participant's vested account balance at the time the note is issued, reduced by their highest outstanding note balance during the prior 12-month period. The notes bear interest at a rate determined under the provisions of the Plan, and each participant note is considered an investment of that participant's account. Accordingly, principal and interest payments are credited to the respective participant's account. Note terms range from one to five years or up to ten years for the purchase of a primary residence.

Payment of Benefits
On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Forfeited Accounts
Forfeited non-vested accounts totaled $198,301 and $260,301 as of December 31, 2025 and 2024, respectively. Forfeitures may be used to pay employer contributions or administrative expenses. For the year ended December 31, 2025, $195,629 of forfeitures were used to reduce plan administrative expenses and $2,159,855 of forfeitures were used to reduce employer matching contributions.

Note 2 – Summary Of Significant Accounting Policies

Basis of Accounting and Use of Estimates
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value except for the collective trusts, which are reported at contract value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary Of Significant Accounting Policies (Continued)

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. Delinquent notes receivable are reclassified to benefits paid based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits
Benefits are recorded when paid.

Plan Administrative Expenses
Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income reported by the Plan. Some investments in the Plan offer revenue sharing which is credited to participants who are invested in these funds. Recordkeeping fees are then charged to the Plan and paid from the forfeiture account. In some instances, the revenue sharing credit can exceed administrative expenses. All other expenses of the Plan are paid by the Company. Administrative expenses for investment advice, third party record keeping, the preparation of the annual 5500, and the required annual audit for the years ended December 31, 2025 and 2024 are paid either by the Plan or the Company. See Note 8 for details regarding parties-in-interest.

Subsequent Events
Subsequent events have been evaluated by management through August 19, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

Note 3 – Fair Value Measurements (Continued)

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Valued at the daily closing price as reported by the fund (Level 1 inputs).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments registered with the Securities and Exchange Commission and are deemed to be actively traded (Level 1 inputs).

The following tables set forth the Plan's investments by level within the fair value hierarchy as of December 31:

2025	Level 1	Level 2	Level 3	Total
Money market fund	$ 12,032,004	$ -	$ -	$ 12,032,004
Mutual funds	461,873,084	-	-	461,873,084
	$ 473,905,088	$ -	$ -	$ 473,905,088
2024				
Money market fund	$ 7,865,750	$ -	$ -	$ 7,865,750
Mutual funds	369,911,986	-	-	369,911,986
	$ 377,777,736	$ -	$ -	$ 377,777,736

Note 4 – Collective Trusts Funds

The Plan invests in collective trust funds, which invest in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The funds may also invest in futures contracts, option contracts, and swap agreements. The contracts and securities purchased for the funds are backed solely by the financial resources of the issuers of such contracts and securities.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 4 – Collective Trust Funds (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, such as divestures or spin-offs of a subsidiary, (4) the failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Tax Status

The Internal Revenue Service (IRS) determined the prototype plan used by the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code, as indicated in a letter dated June 30, 2020. The Plan was most recently restated on August 11, 2021. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions. There are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 – Certified Information

At December 31, 2025 and 2024, the Plan's investments were maintained by Fidelity Management Trust Company (the trustee). The trustee supplied the plan administrator with a certification as to the completeness and accuracy of all information relating to investments as of December 31, 2025 and 2024, and income and expenses on such investments for the year ended December 31, 2025. The certified information includes total investments of $823,511,073 and $658,539,326 at December 31, 2025 and 2024, respectively, and the activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee. Such investments and the Plan's payment of fees qualify as party-in-interest transactions. Notes receivable from plan participants also qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Company.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We performed an audit of the financial statements of ZS Associates, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of ZS Associates, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier which is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 stating the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ZS Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about ZS Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions are presented and disclosed in the financial statements in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZS Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about ZS Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplementary information identified in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and;

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following brief description of ZS Associates, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan instrument for complete information.

General
The Plan is a defined contribution plan covering all non-leased employees of ZS Associates, Inc. (the Company) who have at least three months of service and are at least age 20 ½ years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Unless otherwise elected, participants are automatically enrolled to contribute 3% of pre-tax annual compensation, as defined by the Plan, upon attainment of the eligibility requirements. Additionally, unless otherwise elected, every July 1st, participant deferral percentages are automatically escalated by 1% per year until a limit of 7% is reached. Participants may elect to contribute up to the lesser of 53% of compensation, as defined by the Plan, or the maximum allowed by the Internal Revenue Code (IRC) (401(g)(1)), adjusted annually for the cost of living. Participants may also elect to make Roth contributions, defined in the Plan, under the same terms previously described. Individuals who attain the age of 50 by the end of the plan year may make additional pre-tax catch-up contributions subject to IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes matching contributions equal to 100% of participant deferrals up to 3% of eligible compensation, as defined in the Plan. The Company may also make discretionary contributions. The Company made no discretionary contributions for the year ended December 31, 2025.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, Company discretionary contribution, and plan earnings thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant will become vested in the Company's contributions according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 to 3 years	20%
3 to 4 years	40%
4 to 5 years	60%
5 to 6 years	80%
Over 6 years	100%

Note 1 – Description of the Plan (Continued)

Investment Options
Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully-described in the Plan document. Participants may change their investment options at any time during the year.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts. Notes receivable may not be less than $1,000 and are limited to the lesser of a maximum of $50,000 or 50% of the participant's vested account balance at the time the note is issued, reduced by their highest outstanding note balance during the prior 12-month period. The notes bear interest at a rate determined under the provisions of the Plan, and each participant note is considered an investment of that participant's account. Accordingly, principal and interest payments are credited to the respective participant's account. Note terms range from one to five years or up to ten years for the purchase of a primary residence.

Payment of Benefits
On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Forfeited Accounts
Forfeited non-vested accounts totaled $198,301 and $260,301 as of December 31, 2025 and 2024, respectively. Forfeitures may be used to pay employer contributions or administrative expenses. For the year ended December 31, 2025, $195,629 of forfeitures were used to reduce plan administrative expenses and $2,159,855 of forfeitures were used to reduce employer matching contributions.

Note 2 – Summary Of Significant Accounting Policies

Basis of Accounting and Use of Estimates
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), which requires management to make estimates and assumptions affecting certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value except for the collective trusts, which are reported at contract value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary Of Significant Accounting Policies (Continued)

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. Delinquent notes receivable are reclassified to benefits paid based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of Benefits
Benefits are recorded when paid.

Plan Administrative Expenses
Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income reported by the Plan. Some investments in the Plan offer revenue sharing which is credited to participants who are invested in these funds. Recordkeeping fees are then charged to the Plan and paid from the forfeiture account. In some instances, the revenue sharing credit can exceed administrative expenses. All other expenses of the Plan are paid by the Company. Administrative expenses for investment advice, third party record keeping, the preparation of the annual 5500, and the required annual audit for the years ended December 31, 2025 and 2024 are paid either by the Plan or the Company. See Note 8 for details regarding parties-in-interest.

Subsequent Events
Subsequent events have been evaluated by management through August 19, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement.

Note 3 – Fair Value Measurements (Continued)

The asset's or liability's fair measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Valued at the daily closing price as reported by the fund (Level 1 inputs).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investments registered with the Securities and Exchange Commission and are deemed to be actively traded (Level 1 inputs).

The following tables set forth the Plan's investments by level within the fair value hierarchy as of December 31:

2025	Level 1	Level 2	Level 3	Total
Money market fund	$ 12,032,004	$ -	$ -	$ 12,032,004
Mutual funds	461,873,084	-	-	461,873,084
	$ 473,905,088	$ -	$ -	$ 473,905,088
2024				
Money market fund	$ 7,865,750	$ -	$ -	$ 7,865,750
Mutual funds	369,911,986	-	-	369,911,986
	$ 377,777,736	$ -	$ -	$ 377,777,736

Note 4 – Collective Trusts Funds

The Plan invests in collective trust funds, which invest in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The funds may also invest in futures contracts, option contracts, and swap agreements. The contracts and securities purchased for the funds are backed solely by the financial resources of the issuers of such contracts and securities.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 4 – Collective Trust Funds (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, such as divestures or spin-offs of a subsidiary, (4) the failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Tax Status

The Internal Revenue Service (IRS) determined the prototype plan used by the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code, as indicated in a letter dated June 30, 2020. The Plan was most recently restated on August 11, 2021. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position which more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by jurisdictions. There are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 – Certified Information

At December 31, 2025 and 2024, the Plan's investments were maintained by Fidelity Management Trust Company (the trustee). The trustee supplied the plan administrator with a certification as to the completeness and accuracy of all information relating to investments as of December 31, 2025 and 2024, and income and expenses on such investments for the year ended December 31, 2025. The certified information includes total investments of $823,511,073 and $658,539,326 at December 31, 2025 and 2024, respectively, and the activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds certain investment funds managed by the plan trustee. Such investments and the Plan's payment of fees qualify as party-in-interest transactions. Notes receivable from plan participants also qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some professional fees for the administration and audit of the Plan are paid directly by the Company.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to numerous risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
