INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of AIR 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AIR 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AIR 401(k) Retirement Plan

Notes to Financial Statements

As of December 31, 2025 and 2024 and for the Year Ended December 31, 2025

Note 1 — Description of the Plan

General

The following description of the AIR 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions.

The Plan is a single employer plan sponsored by Apartment Income REIT LLC (“AIR”). The Plan is a defined contribution plan covering all employees of AIR and their subsidiaries who have completed 30 days of service and are age 18 or older, except certain employees covered by collective bargaining agreements who are not eligible to participate in the Plan, unless such collective bargaining agreement provides for the inclusion of such employees as participants in the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the Plan’s trustee and provides certain administrative services to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may contribute to the Plan, on a pretax basis, up to 50% of their eligible compensation, or \$23,500 for 2025, whichever is less. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions up to \$7,500 for 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit, defined contribution plans and individual retirement accounts (rollovers).

The participating employer may make matching contributions to the Plan at its discretion. For 2025, AIR’s matching contribution equaled 50% of participant contributions to the extent of the first 6% of the participant’s eligible compensation for a maximum of a 3% match. The participating employer may also make an additional discretionary lump sum contribution to all eligible employees following the Plan’s year-end based on the employer’s achievement of its corporate goals. Employer cash contributions totaled \$1,694,543 for the Plan year ended December 31, 2025, which consisted of matching contributions. Of these contributions, \$1,580,748 had been received by the Plan on December 31, 2025, and \$113,795 were included in contributions receivable as of December 31, 2025. All contributions are subject to certain limitations of the Internal Revenue Code (the “Code”).

Participants direct their contributions and any allocated employer matching or other discretionary employer contributions into the various investment options offered by the Plan and may change their investment options on a daily basis. As of December 31, 2025, the Plan provided various mutual funds and a common collective fund in which participants were able to choose to invest.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, and the employer matching and discretionary contributions, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are a fixed dollar amount per participant or per transaction type. The benefit to which a participant is entitled is the participant’s vested account balance at the time of distribution. Participants may direct the investment of their contributions and any discretionary contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings and losses thereon. Employer contributions are fully vested for those employees who have attained three years of service or will vest after an employee completes three years of service. Employer contributions also fully vest in the event that a participant reaches

normal retirement age, or age 65, during their employment with a participating employer, regardless of whether the participant has attained three years of service.

Notes Receivable from Participants

Participants may borrow funds from their own account. Loans are permitted in amounts not to exceed the lesser of \$50,000, reduced by the highest outstanding loan balance for the preceding year, or 50% of the value of the vested interest in the participant's account. Two loans may be outstanding at any time.

Payment of Benefits

On termination of service or upon death, disability, or retirement, a participant (or the participant's beneficiary) may elect to receive a distribution equal to the vested value of their account, which will be paid out as soon as administratively possible. In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Hardship Withdrawals

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. As of December 31, 2025 and 2024, forfeited accounts totaled \$101,372 and \$106,019, respectively. These accounts will be used to pay Plan administrative expenses and reduce future employer contributions. In 2025, employer contributions were funded with \$186,756 from forfeited accounts.

Plan Termination

Although AIR has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant will become fully vested and will receive a total distribution of their account.

Note 2 — Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP").

Investments and Investment Income

The Plan's investments are measured at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's realized and unrealized gains and losses on investments that were bought, sold, and held during the year.

Excess Contribution Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2025 or 2024.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid as of December 31, 2025.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, all of which are secured by vested account balances of borrowing participants and are recorded at their outstanding principal balances plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is included in interest income on notes receivable from participants on the statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a taxable deemed distribution is recorded. As of December 31, 2025, participant loans have maturities through 2040 at interest rates ranging from 5.25% to 10.50%.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as: interest rate, market, and credit risks. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code ("the Code") and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Contributions

Employee contributions are recorded when withheld. Employer contributions are recorded when earned.

Plan Expenses

The Plan's administrative expenses are paid by either the Plan or the participating employer, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. The Plan may fund administrative expenses with forfeited balances of terminated participants' accounts. Any administrative expenses not paid by the Plan will be paid by the participating employer and are excluded from these financial statements. During the year ended December 31, 2025, forfeited balances of terminated participants' accounts totaling \$50,659 were used to pay

administrative expenses. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate and are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

The Plan has a revenue-sharing agreement whereby certain investments return a portion of the investment fees to participants who hold investments in these funds generating credits. For the year ended December 31, 2025, revenue credits of \$19,748 were applied to individual participant accounts that invested in the funds generating the revenue credit.

Related Party Transactions and Exempt Party-in-Interest Transactions

Certain Plan investments in mutual funds and a common collective trust are managed by Fidelity Management Trust Company, which also serves as the trustee of the Plan and, therefore, Plan transactions involving these mutual funds and the common collective trust qualify as party-in-interest transactions under ERISA and the Code.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

Note 3 — Fair Value Measurements and Investments

The Plan's investments are held in trust by Fidelity Trust Management Company. In accordance with GAAP, the Plan measures investments at fair value. The valuation methodologies used to measure the fair values of common collective fund and mutual funds use a market approach with quoted market prices from active markets, which are classified within Level 1 of the fair value hierarchy defined by GAAP. Investments measured at fair value on a recurring basis consisted of the following investments:

	December 31, 2025		December 31, 2024	
	Level 1	Total	Level 1	Total
Mutual funds	\$ 123,499,308	\$ 123,499,308	\$ 110,080,384	\$ 110,080,384
Common collective trust fund (1)	—	2,193,496	—	2,584,487
Total investments measured at fair value	\$ 123,499,308	\$ 125,692,804	\$ 110,080,384	\$ 112,664,871

- (1) The fair value of the common collective trust fund is measured using the net asset value ("NAV") practical expedient and is not categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Fidelity Managed Income Portfolio ("MIP") Fund is a common collective trust fund designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. Investments in the Fidelity MIP Fund are recorded at fair value, using the NAV practical expedient. The fair value of the Fidelity MIP Fund has been estimated based on the fund's NAV provided by Fidelity, which is based on the contract value of the underlying investment contracts held by the fund. As of December 31, 2025, there were no unfunded commitments in the MIP Fund.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 — Nonexempt Party-In-Interest Transactions

The Company remitted certain 2024 participant contributions and loan repayments of \$153,042 to the Trustee later than required by Department of Labor ("DOL") Regulation Section 2510.3-102. The Company filed Form 5330 with the IRS in July 2025 and paid the required excise tax on the transaction in July 2025. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contributions and loan repayments been remitted on a timely basis.

The Company remitted certain 2025 participant contributions and loan repayments of \$5,094 to the Trustee later than required by Department of Labor ("DOL") Regulation Section 2510.3-102. The Company will file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the

amount of investment income that would have been earned had the participant contributions and loan repayments been remitted on a timely basis.

Note 5 — Certified Investment Information

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by Fidelity, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate.
