Retirement Plan Committee
Cascade Dafo, Inc. 401(k) Profit Sharing Plan
1360 Sunset Avenue
Ferndale, Washington 98248

We have conducted an Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) audit of the financial statements of Cascade Dafo, Inc. 401(k) Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2025 and have issued our report thereon dated August 24, 2026. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our audit engagement letter for the audit of the financial statements mentioned above, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

In the normal course of our professional association with Cascade Dafo, Inc. 401(k) Profit Sharing Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Qualitative Aspects of the Plan's Significant Accounting Practices*Significant Accounting Policies*

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2025. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. There are no particularly sensitive accounting estimates affecting the financial statements of the Plan.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most significant disclosures affecting the financial statements are:

Fair Value Measurements disclosure in Note 4, which describes the valuation methodologies used to estimate the fair value of investments.

Fully Benefit-Responsive Investment Contract disclosure in Note 5, which describes the key factors and assumptions used to develop the contract value of the underlying investment.

Significant Unusual Transactions

We encountered no significant unusual transactions during the performance of the audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. No such uncorrected misstatements were identified.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no material, corrected misstatements we identified.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are dated August 24, 2026.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS).

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. We obtained and read a substantially complete draft of the Form 5500 prior to the dating of our auditor's report. We identified no material inconsistencies with the information, or manner of its presentation, appearing in the financial statements. Our procedures are not sufficient, nor are they intended, to determine that the Form 5500 is completely and accurately prepared.

This communication is intended solely for the information and use of the Retirement Plan Committee of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Cascade Dafo, Inc. 401(k) Profit Sharing Plan
Ferndale, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cascade Dafo, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of Cascade Dafo, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established by Cascade Dafo, Inc. (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Company and any participating employers are eligible to participate in the Plan upon completing three months of service and attaining the age of 18. Residents of Puerto Rico, members of collective bargaining agreements, leased employees, non-resident aliens with no U.S. earned income, and independent contractors are excluded from the Plan. Employees may enter the Plan on the first day of the next month following the date they have satisfied the eligibility requirements.

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which is a plan design where the Company commits to making certain contributions described in the Plan Document. This commitment to make contributions enables the Company to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met, which is why it is called a “safe harbor” plan.

Contributions – The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute up to 80% of their compensation, as defined by the Plan, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or “rollover” into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Pre-tax elective deferrals, Roth elective deferrals, rollover contributions, employer safe harbor matching, and employer profit sharing contributions are allowed by the Plan.

The Plan has an automatic enrollment provision (3% salary deferral with 1% increases until reaching a maximum of 5%) whereby employees must elect out of the Plan if they do not wish to participate.

Company contributions to the Plan include safe harbor matching of 100% of the first 3% of a participant's contributions and 50% of the next 2% of a participant's contributions, so that the maximum Company matching contributions are 4% of compensation. Additional Company profit sharing contributions are discretionary and are determined annually by the Company.

Note 1 – Description of Plan – (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan.

Allocations may be charged based on participant earnings, contributions, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in their elective deferral contributions (including catch-up contributions), rollover contributions from other qualified plans and IRAs, and actual earnings thereon. Participants with a balance in the Employer Match source are members of a certain class, as defined by the plan, and their employer match contributions will be subject to a different vesting schedule than their employer safe harbor match contributions.

The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting years of service. Participants are credited with a year of service for each 12-month period from the date of hire. Vesting of Company contributions is as follows:

Service Years	Safe Harbor Matching	Matching	Profit Sharing
< 1	100%	0%	0%
1	100%	0%	0%
2	100%	50%	50%
3	100%	100%	100%

If participants are employed on or after their Normal Retirement Age (65) or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and profit sharing contributions.

Forfeited Accounts – Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used to pay administrative expenses or reduce Company contributions.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled \$14,073. During the year ended December 31, 2025, forfeited non-vested accounts of \$17,698 were used to offset employer contributions or pay for plan expenses.

Investment Options – Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Note 1 – Description of Plan – (Continued)

Benefits Paid to Participants – Upon termination of employment due to death, disability, retirement, or other reasons, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account in either a lump-sum distribution or installments. Distribution of a deceased participant's account will be made to the designated beneficiary. Vested accounts of terminated participants that do not exceed \$7,000 are automatically distributed in a single lump-sum payment.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specific in the Plan. Participants who have attained 59 ½ may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment.

Plan Expenses – The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments.

Termination of the Plan – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation and depreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Notes to Financial Statements

Year ended December 31, 2025

Note 2 – Summary of Significant Accounting Policies – (Continued)

Contributions – Contributions from Plan participants and employer safe harbor matching contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation.

Employer profit sharing contributions are recorded in the year in which the related participant compensation is earned.

Notes Receivable from Participants – Participant loans are not permitted by the Plan.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Subsequent events were evaluated through August 24, 2026, which is the date the financial statements were available to be issued.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 25 20.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the following information as of and for the year ended December 31:

	2025	2024
Investments	<u>\$ 34,417,914</u>	<u>\$ 30,301,531</u>
Investment income:		
Net appreciation in fair value of investments	<u>\$ 3,763,284</u>	
Interest	<u>\$ 327</u>	
Dividends	<u>\$ 1,288,806</u>	

Investments reflected on the supplemental Schedule of Assets (Held at End of Year).

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-Bearing Cash – Interest-bearing cash is valued at the market value of cash held by the Plan at year end.

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Year ended December 31, 2025

Note 4 – Fair Value Measurements – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

	<u>2025</u>	<u>2024</u>
Level 1		
Interest bearing cash	\$ 9,715	\$ 6,209
Mutual funds	<u>34,296,297</u>	<u>30,067,543</u>
 Total investments at fair value	 <u><u>\$ 34,306,012</u></u>	 <u><u>\$ 30,073,752</u></u>

Note 5 – Stable Value Fund

The Plan maintains a stable value fund, the Putnam Stable Value Fund, offered by Putnam Fiduciary Trust Company, LLC (the Trustee). The contributions are maintained in a general account. The fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The fund invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents, and stable value funds (including fixed income funds underlying security-backed investment contracts) with investment policies and other provisions similar to those of the fund, and the fund may invest without limit in these investments. The underlying investments options of the contracts are considered to be fully benefit-responsive and therefore are reported at contract value totaling \$111,902 and \$227,779 at December 31, 2025 and 2024, respectively. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The determination of credited interest rates, as determined by the service provider, reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

All of the contracts that the fund purchases are benefit responsive at contract value for all plan permitted, participant directed transactions. There are no exceptions to this stipulation.

Notes to Financial Statements

Year ended December 31, 2025

Note 5 – Stable Value Fund – (Continued)

Additionally, the fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. Due to the size of the fund and the specific percentage allowances negotiated by the fund, it is highly unlikely (not probable) that any event would occur that would limit the fund's ability to transact at contract value with each issuer under these events.

The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive contract with the fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the fund by the Trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value.

Additionally, most contracts have provisions that allow the issuer to terminate at book value over a specified period of time, normally the duration of the portfolio being wrapped. At no point may an issuer of a contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

Note 6 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employee of the Company, fiduciaries of the Plan, service providers to the Plan, the employers whose employees are covered by the Plan, and certain significant owners of the employers and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and plan auditor.

Certain investments of the Plan are mutual funds and interest bearing cash that are managed by the custodian. During the year ended December 31, 2025, the Plan made direct payments of \$82,179 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Year ended December 31, 2025

Note 8 – Tax Status

The Plan sponsor adopted a prototype plan which received a favorable opinion letter, issued to the document provider, from the Internal Revenue Service dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law.

The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2025 and 2024:
