INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of
the United Tile/Sonoma Tilemakers 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of United Tile/Sonoma Tilemakers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the United Tile/Sonoma Tilemakers 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of United Tile/Sonoma Tilemakers 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Tile/Sonoma Tilemakers 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Tile/Sonoma Tilemakers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Tile/Sonoma Tilemakers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental, Schedule H, line 4i – Schedule of assets (held at end of year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the United Tile/Sonoma Tilemakers 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – Established in 2000, the Plan is a defined contribution plan covering all eligible employees meeting certain length of service requirements of United Tile Co. Inc. and its wholly and partially owned subsidiaries, United Tile Corp. and Sonoma Tilemakers, Inc., (collectively the “Company”). Effective October 4, 2024, the Plan was amended to include all eligible employees of United Tile, LLC, a related employer, as defined by the Plan. (Collectively the “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company functions as the Plan sponsor and is responsible for the control and management of Plan operations and administration. The Board of Directors of the Company is responsible for oversight of the Plan including monitoring investment performance and reviewing investment offerings.

The Plan was amended effective November 3, 2024 to allow for participants to designate elective deferral contributions as Roth deferral contributions. (*see below*).

Participation – Eligible employees may participate for purposes of salary deferrals and employer matching contributions upon completing one year and at least 1,000 hours service.

Participant contributions – Generally, participants may make elective deferral contributions of up to 60% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (“IRC”) limitations of \$23,500 for the year ended December 31, 2025, and non-discrimination tests required by the Internal Revenue Service. Participants age 50 and older may make additional catch-up contributions not to exceed \$7,500 during the year ended December 31, 2025. Participants age 60 to 63 may make an additional “enhanced” catch-up contribution not to exceed \$3,750 during the year ended December 31, 2025. Participants may designate all or a portion of their contributions as pre-tax deferral or Roth deferral contributions. Participants may also rollover pre-tax and Roth contributions representing distributions from other qualified defined benefit or contribution plans into the Plan.

Employer matching contributions – The Companies will make employer safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan plus 50% of the next 2% of the eligible participant's compensation contributed to the Plan. The Companies may also make discretionary matching contributions based on a participant's percentage of the eligible contributions made during the contribution period. Employer contributions are subject to regulatory limitations.

For the years ended December 31, 2025 and 2024, the Companies did not make any discretionary matching employer contributions.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Participant accounts – A separate account is maintained for each participant which records the participant's pre-tax and Roth deferral contributions, the Companies' safe harbor matching employer contributions and discretionary matching employer contributions, account earnings and an allocation of Plan expenses. Allocation of Plan earnings is based upon participant account balances. Employer contributions are allocated based on the participant's eligible compensation deferred into the Plan. The benefit to which a participant is entitled is the vested amount in their individual account. Participants may invest in various mutual funds and a self-directed brokerage account.

Vesting – Participants are immediately vested in their voluntary contributions and safe harbor matching employer contributions plus actual earnings thereon. Discretionary matching employer contributions and actual earnings thereon vest as follows, as defined by the Plan:

<u>Years of credited service</u>	<u>Vested interest</u>
0	0%
1	0%
2	20%
3	40%
4	60%
5 or more	100%

Participants that are employed by the Companies upon death, total and permanent disability or retirement become immediately 100% vested.

Payments of benefits – Upon termination of employment, retirement, death, or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to keep their account in the Plan until a future date. The Plan further provides for hardship distributions. Hardship distributions are only available for the purpose of meeting immediate and heavy financial needs and require the participant to have exhausted all other available resources prior to obtaining a hardship withdrawal. Upon termination of employment, a participant may receive a lump sum amount equal to their vested account balance.

Forfeited accounts – Upon a participant's termination, the unvested portion of the participant's discretionary matching employer contributions is forfeited. Forfeitures may be used to pay Plan expenses or reduce employer contributions. During the year ended December 31, 2025, \$449 in forfeited non-vested account balances were used to reduce administrative expenses. Non-allocated forfeited non-vested account balances amounted to \$2,334 and \$2,685 as of December 31, 2025 and 2024, respectively.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Investment options – Upon enrollment in the Plan, a participant may direct employee and employer matching contributions to any of 30 investment options and a self-directed brokerage account offered by Fidelity Management Trust Company. Participants may change their investment options or reallocate their account balances on a daily basis.

2. Summary of significant accounting policies

Basis of accounting – The Plan financial statements and accompanying notes are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of estimates – The preparation of the financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in value of investments is recorded by the Plan as appreciation or depreciation in the fair value of investments. Unrealized appreciation or depreciation of the investments is included in current operations and in the change in net assets available for benefits. Net appreciation (depreciation) in the fair value of investments includes management and operating expenses associated with the Plan’s investments in mutual funds.

Contributions – Company and participant contributions are accrued by the Plan in the year in which they are withheld from compensation or become obligations of the Companies. It is the employer’s policy to fund currently all amounts due to the Plan. The Plan administrator makes ongoing estimates relating to the collectability of outstanding contribution receivables and maintains an allowance for expected losses. Contribution receivables are recognized as impaired when the Plan administrator determines it is probable a contribution receivable will not be collected and a loss has been incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of benefits – Benefits are recorded when paid.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Administrative fees and investment expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from the financial statements.

Fees and expenses charged to the Plan fall into three basic categories:

- Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from participant investment returns.
- Plan administration fees covering the day-to-day expenses of the Plan for services such as recordkeeping, accounting, legal and trustee services are deducted directly from investment returns or from participant accounts as a recordkeeping fee.
- Transaction-based fees associated with optional services offered under the Plan are charged directly to the participant utilizing the optional service.

Investment fees are included in net appreciation or depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (“ASC”) Topic No. 820, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair value measurements (continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used as of December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account – The underlying investments, which consist primarily of cash, exchange-traded funds, mutual funds, and individual corporate common stocks, are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

4. Certified investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Investments at fair value	\$ 20,874,749	\$ 17,842,426
Net appreciation in fair value of investments	\$ 1,977,922	N/A
Interest and dividends	\$ 812,130	N/A

5. Related party transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of mutual funds.

The Companies pay directly for certain expenses related to the Plan's operations.

The plan administrator is a shareholder and officer of United Tile, Inc.; a member of United Tile, LLC; and participates in the Plan.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Plan's statements of net assets available for benefits.

The following schedule presents investment securities held by the Plan that represent 10% or more of the Plan's net assets as December 31:

	2025	2024
Vanguard Target Retirement 2030	\$ 4,330,863	\$ 3,879,488
Fidelity Blue Chip Growth Fund	\$ 2,620,885	\$ 2,400,323

7. Tax status

The Internal Revenue Service ("IRS") has determined and informed FMR, LLC, a Pre-Approved Defined Contribution Plan with CODA, by a letter dated June 30, 2020, that the Plan, and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there was no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. As of December 31, 2025, the Plan's tax years ended December 31, 2021 and forward remain subject to examination by the IRS.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

8. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue the employer contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in the employer contributions.

9. Subsequent events

The Plan has evaluated subsequent events through August 24, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of
the United Tile/Sonoma Tilemakers 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of United Tile/Sonoma Tilemakers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the United Tile/Sonoma Tilemakers 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of United Tile/Sonoma Tilemakers 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Tile/Sonoma Tilemakers 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of United Tile/Sonoma Tilemakers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about United Tile/Sonoma Tilemakers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental, Schedule H, line 4i – Schedule of assets (held at end of year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the United Tile/Sonoma Tilemakers 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – Established in 2000, the Plan is a defined contribution plan covering all eligible employees meeting certain length of service requirements of United Tile Co. Inc. and its wholly and partially owned subsidiaries, United Tile Corp. and Sonoma Tilemakers, Inc., (collectively the “Company”). Effective October 4, 2024, the Plan was amended to include all eligible employees of United Tile, LLC, a related employer, as defined by the Plan. (Collectively the “Companies”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company functions as the Plan sponsor and is responsible for the control and management of Plan operations and administration. The Board of Directors of the Company is responsible for oversight of the Plan including monitoring investment performance and reviewing investment offerings.

The Plan was amended effective November 3, 2024 to allow for participants to designate elective deferral contributions as Roth deferral contributions. (*see below*).

Participation – Eligible employees may participate for purposes of salary deferrals and employer matching contributions upon completing one year and at least 1,000 hours service.

Participant contributions – Generally, participants may make elective deferral contributions of up to 60% of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (“IRC”) limitations of \$23,500 for the year ended December 31, 2025, and non-discrimination tests required by the Internal Revenue Service. Participants age 50 and older may make additional catch-up contributions not to exceed \$7,500 during the year ended December 31, 2025. Participants age 60 to 63 may make an additional “enhanced” catch-up contribution not to exceed \$3,750 during the year ended December 31, 2025. Participants may designate all or a portion of their contributions as pre-tax deferral or Roth deferral contributions. Participants may also rollover pre-tax and Roth contributions representing distributions from other qualified defined benefit or contribution plans into the Plan.

Employer matching contributions – The Companies will make employer safe harbor matching contributions of 100% of the first 3% of the eligible participant's compensation contributed to the Plan plus 50% of the next 2% of the eligible participant's compensation contributed to the Plan. The Companies may also make discretionary matching contributions based on a participant's percentage of the eligible contributions made during the contribution period. Employer contributions are subject to regulatory limitations.

For the years ended December 31, 2025 and 2024, the Companies did not make any discretionary matching employer contributions.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Participant accounts – A separate account is maintained for each participant which records the participant's pre-tax and Roth deferral contributions, the Companies' safe harbor matching employer contributions and discretionary matching employer contributions, account earnings and an allocation of Plan expenses. Allocation of Plan earnings is based upon participant account balances. Employer contributions are allocated based on the participant's eligible compensation deferred into the Plan. The benefit to which a participant is entitled is the vested amount in their individual account. Participants may invest in various mutual funds and a self-directed brokerage account.

Vesting – Participants are immediately vested in their voluntary contributions and safe harbor matching employer contributions plus actual earnings thereon. Discretionary matching employer contributions and actual earnings thereon vest as follows, as defined by the Plan:

<u>Years of credited service</u>	<u>Vested interest</u>
0	0%
1	0%
2	20%
3	40%
4	60%
5 or more	100%

Participants that are employed by the Companies upon death, total and permanent disability or retirement become immediately 100% vested.

Payments of benefits – Upon termination of employment, retirement, death, or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to keep their account in the Plan until a future date. The Plan further provides for hardship distributions. Hardship distributions are only available for the purpose of meeting immediate and heavy financial needs and require the participant to have exhausted all other available resources prior to obtaining a hardship withdrawal. Upon termination of employment, a participant may receive a lump sum amount equal to their vested account balance.

Forfeited accounts – Upon a participant's termination, the unvested portion of the participant's discretionary matching employer contributions is forfeited. Forfeitures may be used to pay Plan expenses or reduce employer contributions. During the year ended December 31, 2025, \$449 in forfeited non-vested account balances were used to reduce administrative expenses. Non-allocated forfeited non-vested account balances amounted to \$2,334 and \$2,685 as of December 31, 2025 and 2024, respectively.

1. Description of Plan (continued)

Investment options – Upon enrollment in the Plan, a participant may direct employee and employer matching contributions to any of 30 investment options and a self-directed brokerage account offered by Fidelity Management Trust Company. Participants may change their investment options or reallocate their account balances on a daily basis.

2. Summary of significant accounting policies

Basis of accounting – The Plan financial statements and accompanying notes are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of estimates – The preparation of the financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in value of investments is recorded by the Plan as appreciation or depreciation in the fair value of investments. Unrealized appreciation or depreciation of the investments is included in current operations and in the change in net assets available for benefits. Net appreciation (depreciation) in the fair value of investments includes management and operating expenses associated with the Plan’s investments in mutual funds.

Contributions – Company and participant contributions are accrued by the Plan in the year in which they are withheld from compensation or become obligations of the Companies. It is the employer’s policy to fund currently all amounts due to the Plan. The Plan administrator makes ongoing estimates relating to the collectability of outstanding contribution receivables and maintains an allowance for expected losses. Contribution receivables are recognized as impaired when the Plan administrator determines it is probable a contribution receivable will not be collected and a loss has been incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of benefits – Benefits are recorded when paid.

2. Summary of significant accounting policies (continued)

Administrative fees and investment expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from the financial statements.

Fees and expenses charged to the Plan fall into three basic categories:

- Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from participant investment returns.
- Plan administration fees covering the day-to-day expenses of the Plan for services such as recordkeeping, accounting, legal and trustee services are deducted directly from investment returns or from participant accounts as a recordkeeping fee.
- Transaction-based fees associated with optional services offered under the Plan are charged directly to the participant utilizing the optional service.

Investment fees are included in net appreciation or depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (“ASC”) Topic No. 820, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair value measurements (continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used as of December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account – The underlying investments, which consist primarily of cash, exchange-traded funds, mutual funds, and individual corporate common stocks, are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

4. Certified investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

	2025	2024
Investments at fair value	\$ 20,874,749	\$ 17,842,426
Net appreciation in fair value of investments	\$ 1,977,922	N/A
Interest and dividends	\$ 812,130	N/A

5. Related party transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of mutual funds.

The Companies pay directly for certain expenses related to the Plan's operations.

The plan administrator is a shareholder and officer of United Tile, Inc.; a member of United Tile, LLC; and participates in the Plan.

UNITED TILE/SONOMA TILEMAKERS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Plan's statements of net assets available for benefits.

The following schedule presents investment securities held by the Plan that represent 10% or more of the Plan's net assets as December 31:

	2025	2024
Vanguard Target Retirement 2030	\$ 4,330,863	\$ 3,879,488
Fidelity Blue Chip Growth Fund	\$ 2,620,885	\$ 2,400,323

7. Tax status

The Internal Revenue Service ("IRS") has determined and informed FMR, LLC, a Pre-Approved Defined Contribution Plan with CODA, by a letter dated June 30, 2020, that the Plan, and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there was no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. As of December 31, 2025, the Plan's tax years ended December 31, 2021 and forward remain subject to examination by the IRS.

8. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue the employer contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in the employer contributions.

9. Subsequent events

The Plan has evaluated subsequent events through August 24, 2026, the date the financial statements were available to be issued.
