Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the CRST Expedited, Inc. d/b/a CRST The Transportation Solution, Inc. Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CRST Expedited, Inc. d/b/a CRST The Transportation Solution, Inc. Profit Sharing 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of CRST Expedited, Inc. d/b/a CRST The Transportation Solution, Inc. Profit Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The plan was last amended as of January 1, 2025.

1. **General.** The Plan is a defined contribution plan that covers substantially all employees, except employees covered by a collective bargaining agreement, nonresident aliens and leased employees, of CRST Expedited, Inc. d/b/a CRST The Transportation Solution, Inc. and its subsidiaries (collectively, the Company or Plan Sponsor). Employees must complete two months of service and be 18 years of age to be eligible to participate.
2. **Contributions.** Participants may contribute a percentage of pretax annual compensation as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limits. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Employees are eligible for Company discretionary matching contributions after one year of service and 1,000 hours. For the year ended December 31, 2025, the Company made discretionary matching contributions equal to 50% of the first 6% of compensation deferred by each participant. The Company may also make additional discretionary contributions to the Plan. There were no additional discretionary contributions for the plan year ended December 31, 2025.
3. **Participant Accounts.** Each participant's account is credited with the participant's contributions and Company matching and discretionary contributions and allocations of the Plan's earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.
4. **Notes Receivable From Participants.** Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50%, of their vested account balance. Loan terms range from one to five years. Interest rates are based on the prime rate plus 1%. The loans are secured by the balance in the participant's account. The interest rates applicable to outstanding notes as of December 31, 2025, ranged from 3.25% to 9.50% with a maturity date ranging from 2026 to 2030. Participants may have one loan outstanding at any one time. Principal and interest are paid through payroll deductions.
5. **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company match and discretionary contribution portions of their accounts is based on years of continuous service. Participants vest 20% for each year of employment beginning with the second year of employment. A participant is fully vested after six years of credited service or upon death, disability or attaining normal retirement age of 65.

Note 1 - Description of Plan (Continued)

6. **Payment of Benefits.** Distributions may be made after a participant's retirement, termination of service, death, disability, reaching age 59½, or approved hardship. Distributions are made in the form of lump-sum payments or installments over a period of time, as defined in the Plan, equal to the value of their vested account. If the participant's vested account balance does not exceed \$5,000, then the participant will receive their benefit as a mandatory cash out lump-sum payment.
7. **Forfeitures.** As of December 31, 2025 and 2024, forfeited accounts totaled \$213,321 and \$148,475, respectively. These accounts are used to reduce employer matching and discretionary contributions or pay Plan expenses. Forfeitures of \$362,457 were used to reduce employer contributions during the year ended December 31, 2025.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions - Contributions from plan participants are recorded in the year in which the employee contributions are withheld from compensation.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties -The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses - Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employees receive compensation from the Plan. Administrative expenses may be paid by the Company, at the Company's discretion. The Plan paid administrative expenses of \$410,234 for the year ended December 31, 2025.

Note 2 - Summary of Accounting Policies (Continued)

Income Taxes - Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments held, purchased, and sold during the year.

Payment of Benefits - Benefits are recorded when paid.

Corrective Distributions Payable - Corrective distributions resulting from failed compliance testing are recognized as a liability when the Plan determines amounts are due to affected participants. The liability is measured based on the amounts expected to be distributed and is relieved when paid.

Date of Management Review - Management has evaluated subsequent events through August 24, 2026, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurement

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

SOLUTION, INC. PROFIT SHARING 401(k) PLAN**
Notes to Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurement (Continued)

Mutual Funds - These investments are reported at fair value based on closing prices reported on the active market on which the mutual funds are traded.

Pooled Separate Accounts - These investments are valued at the net asset value (NAV) of shares held by the Plan in the account at year-end as determined by the trustee based on the market value of its underlying investments. This NAV is being used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Collective Trust Funds - These investments are valued at the NAV of shares held by the Plan in the collective trusts at year-end as determined by the trustee based on the market value of its underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2025, the Plan introduced new collective trust fund investment options and encouraged participants to transfer assets into the new funds. As a result, participant-directed investments shifted significantly from mutual funds to collective trust funds during the year. There were no changes in the valuation methodologies used for these investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,520,695	-	-	37,520,695
Total investments in the fair value hierarchy	\$ 37,520,695	-	-	37,520,695
Investments measured at NAV (a)				56,617,628
Total investments at fair value			\$	<u>94,138,323</u>

Investments at Fair Value as of December 31, 2024

Mutual funds	\$ 73,084,730	-	-	73,084,730

Investments measured at NAV (a)				15,384,488
Total investments at fair value			\$	<u>88,469,218</u>

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 3 - Fair Value Measurement (Continued)

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Level 3.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at Net Asset Value per share (or its equivalent) as a practical expedient as December 31, 2025, and 2024:

		Fair Value	Fair Value	Unfunded	Redemption	Redemption
		2025	2024	Commitments	Frequency	Notice
						Period
Pooled separate accounts:						
Mid cap funds (a)	\$	2,696,482	3,249,263	-	Daily	None
Bond funds (b)		2,065,019	2,003,018	-	Daily	None
Money market funds (c)		147,504	111,865	-	Daily	None
Collective trust funds		51,708,623	10,020,342	-	Daily	None
Total	\$	<u>56,617,628</u>	<u>15,384,488</u>			

(a) This fund seeks to track the performance of CRSP US Mid Cap Index that measures the investment return of mid-capitalization stocks. The fund employs an indexing investment approach designed to track the performance of the CRSP US Mid Cap Index, a broadly diversified index of stocks of midsize U.S. companies.

(b) This fund seeks to track the performance of the Bloomberg U.S. Aggregate Float Adjusted Index. This index measures the performance of a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States including government, corporate, and international dollar denominated bonds, as well as mortgage-backed and asset-backed securities, all with maturities of more than one year.

(c) This fund normally invests at least 99.5% of its total assets in cash, U.S. government securities, and/or repurchase agreements fully collateralized by cash or U.S. government securities.

Note 4 - Guaranteed Interest Account with Insurance Company

During the years ended December 31, 2025 and 2024, the Plan held a benefit responsive guaranteed interest account (fixed income account) with Great-West Life & Annuity Insurance Company. The fixed income account is part of the trustees' general account and is subject to the claims of the trustees' general creditors. Interest is credited on contributions made to the fixed income account at a rate declared by the trustee for a period of time. The trustees have guaranteed minimum rates of interest.

The Plan offers an investment in a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is presented at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Notes to Financial Statements
December 31, 2025 and 2024**

Note 4 - Guaranteed Interest Account with Insurance Company (Continued)

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuer, which was 3.34% as of December 31, 2025 and 2024. The traditional investment contract held by the Plan is a guaranteed interest contract backed by the contract issuer's separate account. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed annually for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401 (a) of the IRC or the failure of the trust to be tax-exempt under Section 501 (a) of the IRC.
- Premature termination of the contracts.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.
- A material amendment to the agreements without the consent of the issuer.
