Independent Auditor's Report

Employee Benefit Plan Committee
Greystone 401(k) Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Greystone 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year then ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

General

The following description of Greystone 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution 401(k) plan sponsored by Greystone Select Incorporated (Plan Sponsor) covering all eligible employees of the following companies: Greystone & Co., Inc.; Greystone Funding Company LLC; Greystone Servicing Company LLC; Greystone Affordable Housing Initiatives LLC; Greystone Capital Advisors LLC f/k/a Greystone Bassuk, LLC; Greystone IT, Inc.; Greystone Real Estate Advisors LLC (f/k/a Greystone Real Estate Advisors, Inc.); Greystone Healthcare Management Corp.; Greystone Property Development II Corp.; Greystone Property Management Corporation; Greystone EB-5 Holdings Corp.; GCO Education Loan Funding Corp.; Greyco Construction Inc. d/b/a Greystone Construction; Greystone Property Development III Corp.; Greystone & Co. Investments Management II, LLC.; Greystone & Co. II, LLC; Greystone AF Manager LLC; Capital Mezz Fund II Inc.; Greystone Commercial Mortgage Capital LLC; Greystone Monticello LLC; Greystone Administrative Services LLC d/b/a Greystone & Co. III LLC; Greystone Construction Capital LLC; Greystone DST Holdings LLC; Greystone Real Estate Capital LLC; Greystone Bridge Loan Holdings LLC; and Healthcare Financial Services LLC (collectively, the “Company”/“Employer”). Eligible employees are defined as full-time employees who have at least three (3) months of service and are not covered by a collective bargaining agreement, unless the agreement provides for Plan participation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to qualify as a participant-directed plan under Section 404(c) of ERISA. Plan assets were held in the custody of Fidelity Management Trust Company (“Fidelity” or the “Plan Trustee”) at December 31, 2025 and 2024 (see Note 4).

Contributions

Each participant may elect to contribute, on a taxable Roth or a tax-deferred basis, a percentage of their eligible salary, as defined, each payroll period, and the Company will make safe-harbor matching contributions equal to 100% of the first 3% of the participant’s compensation and 50% of the next 2% of the participant’s compensation that is deferred to the Plan. All contributions are subject to Internal Revenue Code (“IRC”) rules and limitations.

The Company may also make discretionary contributions to the Plan at the discretion of the Board of Directors. Such discretionary contributions will be allocated proportionately, based on each participant’s compensation and provided that the participant has completed 1,000 hours of service during the Plan year and that such participant is an employee on the last day of such Plan year. There were no employer discretionary contributions made for the year ended December 31, 2025.

Employer contribution receivables of approximately \$503,000 at December 31, 2025 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2025 salary deferrals by eligible participants that were received by the Plan in 2026. Employer contribution receivables of approximately \$614,000 at December 31, 2024 consisted of the portion of the Company’s safe-harbor matching contributions associated with 2024 salary deferrals by eligible participants that were received by the Plan in 2025.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s safe-harbor contribution, (b) the Company’s discretionary contribution, (c) Plan earnings (losses), and (d) forfeited balances of terminated participants’ non-vested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Greystone 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Vesting

Participants are immediately vested in their voluntary employee contributions, safe-harbor contributions, and earnings thereon. Upon the death or permanent disability of a participant while an employee, their entire account balance becomes fully vested.

Vesting in the Employer's discretionary contributions, plus earnings thereon, is based upon years of continuous service, as follows:

0 years	0%
1 year	100%

Investment Options

Upon enrollment in the Plan, a participant may direct their account balances among any of the Plan's investment options offered by the Plan. The Plan also offers a self-directed brokerage investment option ("BrokerageLink"). This option allows participants to choose from a wide variety of investments that were not pre-selected by the Company (see Note 5).

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan or to reduce Employer contributions made to the Plan. Forfeiture balances that will be used to reduce future administrative expenses and Employer contributions were approximately \$2,100 and \$2,600 at December 31, 2025 and 2024, respectively. Forfeitures used during the year ended December 31, 2025 to reduce Employer contributions and to pay Plan expenses were approximately \$500.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund(s) and the participant loan funds. Loan terms range from one to five years and are granted for hardship reasons or specified financial needs. The loan term can be up to 15 years if it is for the purchase of a principal residence. A participant may have no more than two loans outstanding during the Plan year. Principal and interest are repaid through payroll deduction.

Payment of Benefits

Upon termination of employment, disability, retirement at age 65, retirement at age 55 and 5 years of service, attainment of age 59 ½, or loan for reason of hardship, a participant may elect a lump-sum distribution of his/her vested account. Upon death, the participant's beneficiary may also make a withdrawal in lump-sum or installment method. At age 70 ½ or when employment is terminated, whichever is later, the participant will receive an automatic distribution to his/her account. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan but were not paid as of December 31, 2025 and 2024.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2025 and 2024, the Plan's funds were invested in money market funds, corporate bonds, registered investment companies, U.S. government securities, corporate stocks, certificate of deposit and a collective investment trust fund. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan offers a self-directed brokerage option (BrokerageLink) that allows participants to invest in various securities, including U.S. government securities, corporate stocks, corporate bonds, certificates of deposit, and other participant-directed investments. Investments held through BrokerageLink are generally valued based on quoted market prices, while pending trades are maintained in non-interest-bearing cash balances until settlement.

Collective investment trust funds are valued at the reported net asset value ("NAV") of shares held by the Plan at year end. The NAV is based on the fair value of the underlying assets owned less any fund liabilities. The Plan uses NAV per unit to value the collective investment trust fund (see Note 3). The NAV, as provided by the Plan Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with the Plan's policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the Plan's statement of changes in net assets available for benefits as a net change in fair value of investments.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Greystone 401(k) Savings Plan
Notes to Financial Statements
December 31, 2025 and 2024

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3. Fair Value Measurement

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2025. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis

Money market funds registered investment companies, U.S. government securities, corporate stocks, corporate bonds, and certificates of deposit are valued using quoted market prices obtained from active markets in which the individual security is traded.

Note 4. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5. Self-Directed Investments

The Plan allows participants to invest their account balances in any investment desired within certain Plan and ERISA limitations. Participants are allowed to place investments into the self-directed program in addition to or in place of the various formal investment programs offered by the Plan.

The following table reflects self-directed investments in the Plan, included in the statements of net assets available for benefits as of December 31:

	<u>2025</u>	<u>2024</u>
Money market funds	\$ 495,188	\$ 356,575

Corporate stocks	418,479	655,562
Corporate bonds	125,393	84,487
Certificates of Deposit	<u>59,811</u>	<u>9,005</u>

Notes to Financial Statements
December 31, 2025 and 2024

As described in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers, including the custodian. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan for administrative services were approximately \$177,000 for the year ended December 31, 2025. These transactions qualify as exempt party-in-interest transactions under ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a pre-approved Plan Document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved Plan Document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved Plan Document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
