Independent Auditor's Report

To the 401(k) Retirement Plan Committee of the
Amphastar Pharmaceuticals, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Amphastar Pharmaceuticals, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMPHASTAR PHARMACEUTICALS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Amphastar Pharmaceuticals, Inc. 401(k) Profit Sharing Plan (the “Plan”), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a savings and profit sharing plan organized by Amphastar Pharmaceuticals, Inc. (the “Company”), to encourage and assist eligible employees of the Company to adopt a regular program of savings to provide additional security for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

b. Administration

The Plan is overseen by the 401(k) Retirement Plan Committee appointed by the Company. The Plan’s contract administrator, third-party trustee and custodian is Fidelity Management Trust Company (“Fidelity”). The Company has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

Employees of the Company and its U.S. affiliated employers are eligible to participate in the Plan provided they have completed three months of service and are age eighteen or older, except for members of a collective bargaining agreement, self-employed individuals and nonresident aliens. Effective October 1, 2019, new and rehired employees who meet the Plan’s eligibility requirements are auto-enrolled in the Plan, and those who do not elect out of this auto-enrollment feature or do not change the pre-selected contribution election are automatically assigned a contribution election of 4% of compensation (as defined in the Plan).

d. Participant Contributions

Eligible employees may defer up to 90% of eligible compensation through pre-tax basis and Roth contributions not to exceed the maximum amount allowed under the Internal Revenue Code (“IRC”) of \$23,500 and \$23,000 for the years ended December 31, 2025 and 2024, respectively. Upon reaching the age of 50, eligible employees may make additional catch-up contributions limited to \$7,500 for the years ended December 31, 2025 and 2024, as allowed by the IRC.

Effective January 1, 2025, the SECURE 2.0 Act introduced an enhanced catch-up contribution for certain participants who attain ages 60 through 63 during the Plan year, as permitted under the IRC and subject to Plan elections. For the year ended December 31, 2025, eligible participants may make catch-up contributions of up to \$11,250 in lieu of the standard age 50 catch-up limit, resulting in a maximum total elective deferral of \$34,750.

Participant's may change the percentage they defer or may stop contributing as of the beginning of each pay period.

Rollover contributions meeting certain guidelines detailed in the Plan document may be made to the Plan and are invested in the participants' accounts according to their specific allocations of investment fund options as of the date of the contribution.

e. Employer Contributions

Participants credited with one year and 1,000 hours of service are eligible to participate in employer matching contributions in the amount equal to 50% of the first 6% of the participant's compensation contributed to the Plan subject to the IRC compensation limits. Matching contributions are computed based on the eligible compensation contributed to the Plan each Plan year thus potentially resulting in a true-up of contributions at year end.

Additionally, the Plan allows for discretionary contributions by the Company. Discretionary Company contributions are allocated to participants based on a formula using total participants' compensation for the Plan year. In order to receive a matching or discretionary contribution, a participant must have been credited with 1,000 hours of service during the Plan year and must be employed on the last day of the Plan year. The Company made no discretionary contributions during the years ended December 31, 2025 and 2024.

Matching and discretionary contributions by the Company are invested in the participants' accounts according to their specified allocations to investment fund options as of the date of the contribution.

f. Participant Accounts

Separate accounts are maintained for each participant. Participants direct the investment of their account balances. Earnings or losses from investments are allocated to the participant account balances on a daily basis using a weighted average of participant account balances. Plan administration fees are deducted from participant accounts on a quarterly basis. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and qualified non-elective contributions to the Plan and the earnings thereon. Participants vest in employer matching contributions and discretionary contributions and the earnings thereon based on years of service.

Participants vest in employer matching and discretionary contributions and the earnings thereon as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Additionally, participants become 100% vested in Company contributions and the earnings thereon upon Plan termination, death, disability, or upon reaching normal retirement age.

h. Payment of Benefits

Upon retirement, total or permanent disability, termination, or death, participants or their beneficiaries are entitled to receive their vested balances in a lump sum distribution or in accordance with other options. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older. If a participant's vested account balance is \$1,000 or less, such benefits will be automatically distributed in a lump sum cash payment to the participant, unless the participant has indicated how to distribute the vested account balance. For those balances between \$1,000 and \$7,000, if no method of distribution has been elected, the participant's vested account balance is distributed in the form of a direct rollover to an individual retirement account ("IRA") designated by the Plan administrator.

i. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single lump sum, the lesser of (a) the amount of an immediate financial need, or (b) the participant's vested account. These conditions include the payment of unreimbursed medical expenses, postsecondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's primary home, the purchase of the participant's primary home, or to prevent eviction or foreclosure from the participant's primary residence.

j. Notes Receivable from Participants

Loans to participants are not permitted by the Plan.

k. Forfeitures

Unvested employer matching and non-elective contributions forfeited by an employee that terminates from the Plan are retained in the Plan and used to reduce future employer contributions or may be used to pay administrative expenses. As of December 31, 2025 and 2024, forfeitures totaling \$42,013 and \$27,092, respectively were available to reduce future employer matching contributions or pay Plan expenses. For the years ended December 31, 2025 and 2024, \$46,534 and \$44,184, respectively, were utilized to offset employer matching contributions.

I. Revenue Credits and Administrative Expense

The Plan entered into an agreement with Fidelity (the trustee of the Plan) whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available to pay Plan expenses. For the years ended December 31, 2025 and 2024, revenue credits of \$46,293 and \$38,987, respectively, were deposited into the Plan.

Certain administrative costs are paid by the Plan. The Company has the option, at its sole discretion, to pay any other expenses on behalf of the Plan. Direct expenses totaling \$214,660 and \$161,550 were paid by the Plan during 2025 and 2024, respectively, representing recordkeeping and account maintenance fees. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

2. **Summary of Significant Accounting Policies**

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") and present the net assets available for benefits and the changes in those net assets.

b. Accounting Standards Codification

The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"), which establishes U.S. GAAP. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification, referred to as the Codification or ASC.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation or depreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Payment of Benefits

Benefits are recorded when paid.

e. Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

f. Subsequent Events

Management has evaluated subsequent events through August 25, 2026, the date the financial statements were available for issuance.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity (the trustee of the Plan).

The classification of the investments into the appropriate fair value hierarchy levels (1, 2 or 3) as disclosed in Note 5 is not certified by the trustee and is the responsibility of the Plan's management.

4. Investments

The Plan investment assets are held by Fidelity Management Trust Company. Participants can direct their accounts among various mutual funds and a common collective trust.

The Goldman Sachs Stable Value Collective Trust investment (the "Fund") is a common collective trust investing primarily in stable value investment contracts. The Fund's investment objective is to earn income, while seeking to preserve capital and stability of principal. The fair value of the Fund is based on the net asset value ("NAV") of the underlying investment.

For purposes of determining the daily NAV, contract value accounting principles are employed. For the years ended December 31, 2025 and 2024, the contract value of the Fund approximated fair value. Certain events could cause the Fund not to transact at contract value including: administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, and termination or partial termination of the Fund. It is not probable an event would occur that would limit the Fund's ability to transact at contract value. Earnings from the investment in the common collective trust are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

5. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at fair value based on quoted market prices at year-end.

Common collective trust: The Plan's interest in the common collective trust is based on the NAV of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. Participant transactions can occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

As of December 31, 2025, the Plan's investments measured at fair value on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$125,610,127	\$ -	\$ -	\$125,610,127
Common collective trust	-	5,375,172	-	5,375,172
Total investments at fair value	<u>\$125,610,127</u>	<u>\$5,375,172</u>	<u>\$ -</u>	<u>\$130,985,299</u>

As of December 31, 2024, the Plan's investments measured at fair value on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$107,205,959	\$ -	\$ -	\$107,205,959
Common collective trust	-	4,509,263	-	4,509,263
Total investments at fair value	<u>\$107,205,959</u>	<u>\$4,509,263</u>	<u>\$ -</u>	<u>\$111,715,222</u>

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31, 2025 and 2024:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2025	2024		
Common collective trust	\$5,375,172	\$4,509,263	Daily	1 – 2 days

6. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

As of December 31, 2025 and 2024, and for the years then ended, the Plan's investment options are sponsored by Fidelity, the trustee and contract administrator of the Plan. Therefore, any investment transaction executed with Fidelity or any other related Fidelity companies qualifies as a party-in-interest transaction.

In addition, the Plan sponsor, Amphastar Pharmaceuticals, Inc., is a party-in-interest. However, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses.

7. Tax Status

The Plan adopted a Fidelity Volume Submitter Profit Sharing Plan Document. Fidelity received an opinion letter from the Internal Revenue Services ("IRS") dated June 30, 2020 stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all of their account balances.

9. Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate risk and market and credit risk. In addition, certain investment options invest in foreign-denominated securities. As such, funds invested in those investment options are exposed to changes in value arising from fluctuations in currency exchange rates.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values may result in the near term due to the risks discussed above that would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
