INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
CrossVue, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CrossVue, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CROSSVUE, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of CrossVue, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is a defined contribution plan covering all eligible employees of CrossVue, LLC (the “Employer”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Employer controls and manages the operation and administration of the Plan and oversees governance of the Plan. The “Trustee” of the Plan is Fidelity Management Trust Company, which is a qualified institution under ERISA.

Eligibility. Employees are eligible to participate in the Plan immediately upon hiring. An employee is not eligible to participate in the Plan if they are classified as an hourly or temporary employee with less than 12 months of service, a non-resident alien, or are covered under a collective bargaining agreement.

Participant Contributions. An eligible employee may elect to contribute a flat amount or a percentage of their earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code (the “Code”). Participant contribution elections may be changed by participants at any time. Participants may designate all or a portion of their contributions as Roth contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans.

Employer Contributions. The Employer elected a discretionary matching contribution equal to 100% of participant elective deferral contributions for participants deferring at least 1% of eligible compensation for the year ended December 31, 2025. For each 1% increase to participant elective deferral contributions up to 6%, the Employer match increases 0.5%. The Plan also allows for the Employer to make a discretionary profit-sharing contribution to those participants still actively employed on the last day of the Plan year and who have earned at least 1,000 hours of service during the Plan year. The Employer did not elect any discretionary profit-sharing contribution for the year ended December 31, 2025.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, Employer matching contributions, and allocation of (a) the Employer’s discretionary non-elective contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their employee contributions and Employer discretionary matching contributions plus actual earnings or losses thereon. Vesting in discretionary nonelective contributions if any, and earnings thereon, is based on years of service and is determined as follows:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4 or more	100%

Investment Options. Participants can direct employee and Employer contributions into any of the several investment alternatives provided by the Trustee. Participants may change their investment options at any time.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Notes Receivable from Participants. Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate (6.75% and 7.50% as of December 31, 2025 and 2024, respectively) plus 1.00%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years, unless used for the purchase of a principal residence.

Payment of Benefits. Upon retirement, disability, or death, a participant or their beneficiary is eligible to receive a lump-sum equal to the value of the vested interest in their account, life annuity, or annual installments over a fixed period. Other withdrawals from participant's account balances may be made under certain circumstances, as defined in the Plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures. Forfeitures from non-vested accounts are used to reduce Plan administrative expenses or future Employer contributions. There were no forfeited accounts or forfeitures used as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Revenue Credit Program Account. The revenue credit program account holds revenue credits generated when the Trustee's fees are reduced below the agreed-upon contractual rate. The Employer can use these funds to pay eligible Plan operating expenses. Unused credits can be allocated to participants on a pro-rata basis. The revenue credit program account was \$4,637 and \$8,430 as of December 31, 2025 and 2024, respectively. The Plan earned revenue credits totaling \$15,867 for the year ended December 31, 2025. Revenue credits totaling \$15,025 were used to pay administrative expenses for the year ended December 31, 2025. Revenue credits totaling \$5,017 were allocated to participant accounts for the year ended December 31, 2025.

Recent Legislation. In December 2022, SECURE Act 2.0 ("SECURE 2.0") was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The Internal Revenue Service ("IRS") has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Concentration of Credit Risk. Substantially all the Plan's assets are held by the Trustee. The assets of the Plan are managed and administered under the terms of an agreement between the Employer and the Trustee. The Trustee is responsible for the investment of such assets and the accounting for all related receipts and disbursements.

(Continued)

CROSSVUE, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Expenses incurred in the administration of the Plan are paid by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan. Loans and distribution processing fees are paid by the participants.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by the Trustee, and furnished to the Employer. The Employer has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Note 4: All investment balances.
- The Schedule of Assets Held at End of Year - Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

CROSSVUE, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds and Money Market Accounts. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust ("CCT"). Valued at the net asset value ("NAV") of shares of the CCT. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Employer believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV. The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT	\$ 288,381	N/A	Daily	1 Year
December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT	\$ 232,075	N/A	Daily	1 Year

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Certain employees of the Employer provide administrative services to the Plan. These employees are compensated by the Employer for such services.

CROSSVUE, LLC 401(K) PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Employer believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedules.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2025 through August 22, 2026, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
CrossVue, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CrossVue, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CROSSVUE, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of CrossVue, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is a defined contribution plan covering all eligible employees of CrossVue, LLC (the “Employer”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Employer controls and manages the operation and administration of the Plan and oversees governance of the Plan. The “Trustee” of the Plan is Fidelity Management Trust Company, which is a qualified institution under ERISA.

Eligibility. Employees are eligible to participate in the Plan immediately upon hiring. An employee is not eligible to participate in the Plan if they are classified as an hourly or temporary employee with less than 12 months of service, a non-resident alien, or are covered under a collective bargaining agreement.

Participant Contributions. An eligible employee may elect to contribute a flat amount or a percentage of their earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code (the “Code”). Participant contribution elections may be changed by participants at any time. Participants may designate all or a portion of their contributions as Roth contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans.

Employer Contributions. The Employer elected a discretionary matching contribution equal to 100% of participant elective deferral contributions for participants deferring at least 1% of eligible compensation for the year ended December 31, 2025. For each 1% increase to participant elective deferral contributions up to 6%, the Employer match increases 0.5%. The Plan also allows for the Employer to make a discretionary profit-sharing contribution to those participants still actively employed on the last day of the Plan year and who have earned at least 1,000 hours of service during the Plan year. The Employer did not elect any discretionary profit-sharing contribution for the year ended December 31, 2025.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, Employer matching contributions, and allocation of (a) the Employer’s discretionary non-elective contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their employee contributions and Employer discretionary matching contributions plus actual earnings or losses thereon. Vesting in discretionary nonelective contributions if any, and earnings thereon, is based on years of service and is determined as follows:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4 or more	100%

Investment Options. Participants can direct employee and Employer contributions into any of the several investment alternatives provided by the Trustee. Participants may change their investment options at any time.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Notes Receivable from Participants. Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate (6.75% and 7.50% as of December 31, 2025 and 2024, respectively) plus 1.00%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years, unless used for the purchase of a principal residence.

Payment of Benefits. Upon retirement, disability, or death, a participant or their beneficiary is eligible to receive a lump-sum equal to the value of the vested interest in their account, life annuity, or annual installments over a fixed period. Other withdrawals from participant's account balances may be made under certain circumstances, as defined in the Plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures. Forfeitures from non-vested accounts are used to reduce Plan administrative expenses or future Employer contributions. There were no forfeited accounts or forfeitures used as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Revenue Credit Program Account. The revenue credit program account holds revenue credits generated when the Trustee's fees are reduced below the agreed-upon contractual rate. The Employer can use these funds to pay eligible Plan operating expenses. Unused credits can be allocated to participants on a pro-rata basis. The revenue credit program account was \$4,637 and \$8,430 as of December 31, 2025 and 2024, respectively. The Plan earned revenue credits totaling \$15,867 for the year ended December 31, 2025. Revenue credits totaling \$15,025 were used to pay administrative expenses for the year ended December 31, 2025. Revenue credits totaling \$5,017 were allocated to participant accounts for the year ended December 31, 2025.

Recent Legislation. In December 2022, SECURE Act 2.0 ("SECURE 2.0") was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The Internal Revenue Service ("IRS") has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Concentration of Credit Risk. Substantially all the Plan's assets are held by the Trustee. The assets of the Plan are managed and administered under the terms of an agreement between the Employer and the Trustee. The Trustee is responsible for the investment of such assets and the accounting for all related receipts and disbursements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Expenses incurred in the administration of the Plan are paid by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan. Loans and distribution processing fees are paid by the participants.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by the Trustee, and furnished to the Employer. The Employer has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Note 4: All investment balances.
- The Schedule of Assets Held at End of Year - Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

CROSSVUE, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds and Money Market Accounts. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust ("CCT"). Valued at the net asset value ("NAV") of shares of the CCT. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Employer believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV. The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT	\$ 288,381	N/A	Daily	1 Year
December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT	\$ 232,075	N/A	Daily	1 Year

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Certain employees of the Employer provide administrative services to the Plan. These employees are compensated by the Employer for such services.

CROSSVUE, LLC 401(K) PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Employer believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedules.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2025 through August 22, 2026, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
