INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
ACERTUS 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ACERTUS 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ACERTUS 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the ACERTUS 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ACERTUS 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ACERTUS 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ACERTUS 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

Note 1

Description of Plan

The following description of ACERTUS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was formerly known as Amerifleet 401(k) Plan.

General:

The Plan is a restatement of the defined contribution plan, originally established effective as of February 1, 2005, by AmeriFleet Transportation, Inc. (the "Company"). The Plan has been amended and restated over the years to comply with tax legislation. The Plan was restated effective April 4, 2022, to comply with the IRS Cycle 3 restatement remedial amendment period. The Plan covers all employees, except union employees, nonresident aliens and residents of Puerto Rico, who have attained age 21 and completed two months of service, prior to February 1, 2023. Employees are permitted to enter the Plan on the first day of each month. Effective June 1, 2023, the Plan was amended to add an automatic enrollment provision. The automatic enrollment provision states that for all participants hired or rehired after June 1, 2023, upon meeting the eligibility requirements defined by the Plan's governing document, employees will be automatically enrolled deferring 3% of pre-tax compensation. Each year on June 1, automatically enrolled participant deferrals will be automatically escalated by 1% with a max automatic contribution rate of 5%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for the oversight of the Plan, determining of the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Plan Amendments:

Effective January 1, 2025, the Plan was amended to modify the Company matching contribution formula to 100% of the first 4% of compensation deferred and 50% of the next 2%, resulting in a maximum potential match of 5% of compensation, evaluated on a Plan year basis.

Contributions:

Each year, participants may contribute a percentage of annual compensation, as defined by the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

The Company makes a safe harbor matching contribution equal to 100% of participants' elective deferrals up to 4% of compensation, plus 50% of participants' elective deferrals on the next 2% of compensation deferred, for a maximum matching contribution of 5% of compensation. Safe harbor matching contributions are determined on a Plan Year basis. Effective January 1, 2025, the Plan was amended to modify the safe harbor matching contribution formula and calculation methodology as described in Note 1, Plan Amendments.

Matching and non-matching contributions may also be made on a discretionary basis. No discretionary matching or non-matching contributions were made in the year ended December 31, 2025. Participants must be employed on the last day of the plan year to be entitled to receive the non-matching contributions.

Contributions are subject to certain Internal Revenue Service limitations.

Note 1

Description of Plan (Continued)

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions, Plan earnings (losses), and administrative expenses. Participant accounts are charged an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Effective January 1, 2011, AmeriFleet Transportation, Inc., the Plan sponsor, amended the Plan to a safe harbor plan with 100% vesting in safe harbor matching contributions and discretionary matching upon entry to the Plan. Vesting in discretionary non-matching contributions plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of one-half of the participant's vested account balance or \$50,000, reduced by any outstanding loan balance in the participant's account during the prior twelve month period. The loans are secured by the balance in the participant's account. Loan terms may not exceed five years, except that any loan used to purchase the participant's principal residence may be repaid over a period of 10 years from the date of the loan.

All loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. Principal and interest is paid ratably through payroll deductions.

Note 1

Description of Plan (Continued)

Payment of Benefits:

Upon termination of service due to death, disability, retirement or any other reasons of termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. In-service withdrawals are permitted at age 59 1/2 from all accounts. In addition, hardship withdrawals are permitted if certain criteria are met.

Note 2

Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**ACERTUS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

Note 2
Significant Accounting Policies (Continued)

Contributions:

Participant contributions and the related Company safe harbor matching contributions are recognized in the period the participant contribution is withheld from compensation.

Payment of Benefits:

Benefits are recorded when paid.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 3
Party-in-interest

Certain investments are managed by Fidelity Management Trust Company for the years ended December 31, 2025 and 2024. Fidelity Management Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as parties-in-interest transactions. During 2025, Fidelity Management Trust Company, the Plan's trustee, received direct compensation, which is included in administrative expenses on the statement of changes in net assets available for benefits totaling \$111,882.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Investment commissions, totaling \$17,911, were paid to CBIZ Financial Solutions, Inc., the Plan's investment advisors, during the year ended December 31, 2025.

The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 4
Information Prepared and Certified by the Trustee of the Plan

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

**ACERTUS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

Note 5

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Note 7

Income Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the non-standardized profit-sharing plan with CODA adopted by the Plan, as then designated, qualifies under Section 401(a) of the IRC. The Plan administrator timely adopted the approved Plan. The Plan administrator believes that the Plan is currently being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

Note 8

Fair Value Measurements

FASB ASC Topic 820, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the daily closing price as quoted by the fund. The common/collective trust fund is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. The net asset value is used as a practical expedient to estimate fair value.

Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025				
Description	Level 1	Level 2	Level 3	Total

December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$17,416,387	\$ -	\$ -	\$17,416,387
Common collective trust (a)	-	-	-	15,469
Total	<u>\$17,416,387</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$17,431,856</u>

(a) The Common collective trust is measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Description of Plan

The following description of ACERTUS 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was formerly known as Amerifleet 401(k) Plan.

General:

The Plan is a restatement of the defined contribution plan, originally established effective as of February 1, 2005, by AmeriFleet Transportation, Inc. (the "Company"). The Plan has been amended and restated over the years to comply with tax legislation. The Plan was restated effective April 4, 2022, to comply with the IRS Cycle 3 restatement remedial amendment period. The Plan covers all employees, except union employees, nonresident aliens and residents of Puerto Rico, who have attained age 21 and completed two months of service, prior to February 1, 2023. Employees are permitted to enter the Plan on the first day of each month. Effective June 1, 2023, the Plan was amended to add an automatic enrollment provision. The automatic enrollment provision states that for all participants hired or rehired after June 1, 2023, upon meeting the eligibility requirements defined by the Plan's governing document, employees will be automatically enrolled deferring 3% of pre-tax compensation. Each year on June 1, automatically enrolled participant deferrals will be automatically escalated by 1% with a max automatic contribution rate of 5%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for the oversight of the Plan, determining of the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Plan Amendments:

Effective January 1, 2025, the Plan was amended to modify the Company matching contribution formula to 100% of the first 4% of compensation deferred and 50% of the next 2%, resulting in a maximum potential match of 5% of compensation, evaluated on a Plan year basis.

Contributions:

Each year, participants may contribute a percentage of annual compensation, as defined by the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

The Company makes a safe harbor matching contribution equal to 100% of participants' elective deferrals up to 4% of compensation, plus 50% of participants' elective deferrals on the next 2% of compensation deferred, for a maximum matching contribution of 5% of compensation. Safe harbor matching contributions are determined on a Plan Year basis. Effective January 1, 2025, the Plan was amended to modify the safe harbor matching contribution formula and calculation methodology as described in Note 1, Plan Amendments.

Matching and non-matching contributions may also be made on a discretionary basis. No discretionary matching or non-matching contributions were made in the year ended December 31, 2025. Participants must be employed on the last day of the plan year to be entitled to receive the non-matching contributions.

Contributions are subject to certain Internal Revenue Service limitations.

Certain investments are managed by Fidelity Management Trust Company for the years ended December 31, 2025 and 2024. Fidelity Management Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as parties-in-interest transactions. During 2025, Fidelity Management Trust Company, the Plan's trustee, received direct compensation, which is included in administrative expenses on the statement of changes in net assets available for benefits totaling \$111,882.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Investment commissions, totaling \$17,911, were paid to CBIZ Financial Solutions, Inc., the Plan's investment advisors, during the year ended December 31, 2025.

The Plan sponsor pays directly any other fees related to the Plan's operations.

Information Prepared and Certified by the Trustee of the Plan

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 5

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Note 7

Income Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the non-standardized profit-sharing plan with CODA adopted by the Plan, as then designated, qualifies under Section 401(a) of the IRC. The Plan administrator timely adopted the approved Plan. The Plan administrator believes that the Plan is currently being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Fair Value Measurements

FASB ASC Topic 820, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the daily closing price as quoted by the fund. The common/collective trust fund is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. The net asset value is used as a practical expedient to estimate fair value.

Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$21,480,578	\$ -	\$ -	\$21,480,578
Common collective trust (a)	-	-	-	11,675
Total	<u>\$21,480,578</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$21,492,253</u>

December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$17,416,387	\$ -	\$ -	\$17,416,387
Common collective trust (a)	-	-	-	15,469
Total	<u>\$17,416,387</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$17,431,856</u>

- (a) The Common collective trust is measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	\$ 11,675	N/A	Daily	Immediate

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	\$ 15,469	N/A	Daily	Immediate
