Independent Auditors' Report

To the Trustees of
Etison, LLC 401(k) Plan
Eagle, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Etison, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section that:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Etison, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets Held at End of Year (Schedule H) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Etison, LLC 401(k) Plan
Notes to the Financial Statements
Years Ended December 31, 2025 and 2024

1. DESCRIPTION OF PLAN

The following description of Etison, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2017, by Etison, LLC (the "Company"). The Plan is a single-employer plan and covers all employees of the Company, except collectively bargained employees, non-resident aliens, and interns who are age twenty-one (21) and older. Full-time employees are eligible after two months of service and part-time employees are eligible after a year of service with a minimum of 1,000 hours. The Plan is a qualified plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employees are permitted to make salary deferral contributions to the Plan under a 401(k) arrangement. The Plan provides for discretionary employer-matching contributions to each participant.

The Plan also provides for safe-harbor matching contributions equal to 100% of deferrals up to 3% of the participants' eligible compensation, plus 50% of salary deferrals between 3% and 5% of compensation.

The Company may also contribute a profit-sharing contribution determined annually at the discretion of the Company's management. The profit-sharing contribution, if any, is allocated to each participant based on their allocation group. Each participant is treated as a different allocation group. The Company has elected not to make profit-sharing contributions for the years ended December 31, 2025 and 2024.

After an employee completes the eligibility requirement, they are entitled to receive an allocation of the employer safe-harbor matching contribution. The Plan does not impose an hour service requirement, and employees are not required to be employed on the last day of the Plan year to receive an allocation of the employer safe-harbor matching contribution.

The Plan does not permit participants nondeductible contributions. The Plan accepts qualified rollover contributions and is currently funded.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of Company matching contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements
Years Ended December 31, 2025 and 2024

Vesting

Participant elective deferrals, including Roth deferrals, safe harbor contributions, and rollover contributions, are fully vested at all times. Other employer contributions and profit-sharing contributions vest under a six-year graded vesting schedule. Participants become fully vested in these contributions if they are employed on or after their normal retirement age, as defined by the Plan.

Forfeitures

Forfeited nonvested accounts totaled \$266 and \$0 at December 31, 2025 and 2024, respectively. Forfeitures are used to reduce employer contributions in accordance with the Plan document.

Notes Receivable from Participants

The Plan allows loans to participants that do not exceed 50% of a participant's vested benefit and a minimum vested account balance of \$2,000. The maximum dollar amount of loans outstanding to any participant may not exceed \$50,000. A participant may not request a loan for less than \$1,000. The number of loans a participant may have outstanding at one time is one as long as the loan repayments are submitted via Payroll Deduction.

A general-purpose loan has a term of twelve to sixty months. The interest rate is fixed for the life of the loan and 1.000% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated.

Loans are treated in default if any scheduled payment remains unpaid. If a loan has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution and will be reported the Internal Revenue Service ("IRS") as taxable income.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant with a vested Account Balance over \$5,000 may receive a distribution of the vested Account Balance in any form permitted. Account Balances with vested amounts under \$5,000 may receive a lump-sum distribution of the vested Account Balance. Participants who terminate employment with a vested Account Balance less than or equal to \$1,000 will receive an Involuntary Cash-Out Distribution. The Plan also provides for hardship distributions to participants who have not separated from service. Payment of benefits is recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to have its financial statements prepared using the accrual basis of accounting.

Etison, LLC 401(k) Plan
Notes to the Financial Statements
Years Ended December 31, 2025 and 2024

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Reclassification

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through August 24, 2026, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in active markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Etison, LLC 401(k) Plan
Notes to the Financial Statements
Years Ended December 31, 2025 and 2024

Common collective trusts: Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on observable market prices of the underlying investment within the fund, less liabilities. The NAV for the underlying assets of the fund is readily determinable measure of their fair value and is the basis used by the fund for current transactions. The common collective trust assets are made up of target date funds, also known as lifecycle funds. These funds shift their asset allocation to become increasingly conservative as the target retirement year approaches.

The following tables set forth by level, within the fair value hierarchy, the Plan's mutual funds at fair value as of December 31, 2025 and 2024:

Fair Value Measurements at December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,848,288	\$ -	\$ -	\$ 7,848,288
Total assets in the fair value hierarchy	7,848,288	-	-	7,848,288
Investments measured at NAV practical expedient				27,021
Investments, at fair value				<u>\$ 7,875,309</u>

Fair Value Measurements at December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,895,558	\$ -	\$ -	\$ 7,895,558
Total assets in the fair value hierarchy	7,895,558	-	-	7,895,558
Investments measured at NAV practical expedient				26,932
Investments, at fair value				<u>\$ 7,922,490</u>

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. TAX STATUS

The Plan has not obtained a determination letter from the IRS stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by letter dated October 6, 2020, that the volume submitter plan document and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax Counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related Trust is tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for the years prior to 2022.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a third-party administrator. Advising, record-keeping, and broker fees were paid by the Plan in accordance with the Plan document. The Plan's investments were held by ADP, which is the custodian as defined by the Plan; therefore, these transactions, as well as forfeiture balances, qualify as exempt party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
